WEATHER SYNOPSIS

The barometer remains high on the Northern Coast and fair weather is general. Rain has fallen in Okanagan and Kootenay and hot weather prevails in the Prairies.

NO. 140—SEVENTIETH YEAR | VICTORIA, BRITISH COLUMBIA, WEDNESDAY, MAY 23, 1928 | TWENTY-FOUR PAGES

BUS PROJECT OUTLINED TO COUNCILLORS

Transportation Problem of Saanich Is Carefully Stated by Mr. J. S. H. Matson to Saanich Council

LAKE HILL SERVICE TO BE TRANSFERRED

Long-Term Franchise Would Secure Definite Incentive to Investment in Modern Equipment

FULL details of Mr. J. S. H. Matson's proposal in connection with the investment of $500,000 in a universal bus service for the Saanich Peninsula were given by Mr. Matson to the Saanich Council at an informal meeting held at Royal Oak last night. A feature of the session was the acceptance on the part of Reeve Crouch of a cheque for $12,500, which represents the amount offered by Mr. Matson for the Lake Hill bus service. This cheque was simply accepted as an earnest of good faith.

Mr. Matson said that the transportation scheme he had in connection with Saanich was an important one, and one that meant the development of the entire peninsula. It would take a lot of money to put through the scheme. In his investigation he had found that in the past the most important factor in connection with transportation, that of depreciation of equipment, had not been considered by operators of short services. This of necessity meant that there could not be first-class equipment maintained if replacements were not provided for in the operation of the services.

The present bus franchises were only of six months' existence and then renewable. It stood to reason that operators did not feel free to purchase expensive equipment without better protection.

LONG-TERM FRANCHISE

His proposal was that a long-term franchise be given, so that through a monopoly of service the company could feel safe in putting on the road first-class buses.

There were a number of pioneer transportation men still operating, and it was not his desire to antagonize them. He wanted to deal with them fair and square and pay them what they and he mutually agreed was a fair price for the various routes.

At the present time he had purchased the Gordon Head run, together with the Cordova Bay run. He proposed to improve the Cordova Bay service almost immediately and was securing a twenty-two-passenger coach from the manufacturers for this purpose.

Arrangements had also been made with the Douglas Street bus service, Brentwood Bay, Deep Cove, James Island ferry connection and several other routes.

PROPOSED BELT LINE

Mr. Matson pointed out that the idea of the universal bus service for the municipality was to operate a belt line around the East and West Saanich roads and into the city, with three thirty-two passenger coaches as a start. These coaches would cost $45,000 to purchase.

From the Colonist Tower

Wednesday, May 23

144th Day, 1928

THE WEATHER

Victoria and Vicinity: Light to moderate southerly winds, generally fair; not much change in temperature.

Sun Rises: 4:24 o'clock.
Sun Sets: 7:55 o'clock.

High Tide: 2:65 a.m., 9.1 feet.
Low Tide: 12:11 p.m., 0.3 feet.

Sports

Two former champions are defeated in British amateur golf.
Associated Press sports editor says McLarnin may make champion in year.
Johnny Mostil equals record for fielding position in baseball.
Ruth hits another homer.
Salo continues to chop off Payne's lead in marathon.
"Bill" Peden leaves for Canadian bicycle racing championships.
Programme for J.B.A.A. sports at Gorge tomorrow released.

The News

Local and Provincial—
Popular schoolgirl to be crowned this evening at Armories as May Queen.
New survey of West Coast is suggested by assistant manager of British Columbia Coast Steamship Service.
Sharp reply is made by Mr. R. H. Pooley, M.P.P., to remarks of Mrs. Mary Ellen Smith during campaign.
Extension of transportation by buses in Saanich described to council by Mr. J. S. H. Matson.
Mr. J. Hinchliffe, M.P.P., speaks on social legislation of British Columbia during last twenty-three years.
United Church conference allots pastorates in Island.
Dominion, Imperial and Foreign—
House of Lords passes Equal Franchise Bill.
Fatal explosions occur in mines in West Virginia and Kentucky.
Royal Society of Canada meets in Winnipeg.

Mr. R. P. Butchart To Be a Freeman

APPROVING the suggestion of the committee from the City, Oak Bay, Saanich and Esquimalt Councils which waited on him yesterday morning, Mr. R. P. Butchart accepted an invitation to receive the freedom of the city, to be conferred at a ceremony on June 15 at the Victoria City Hall.

There will be a joint address presented to Mr. and Mrs. Butchart recognizing their public services to the community.

FIRE AT FORT WILLIAM

FORT WILLIAM, Ont., May 22.—Fire of unknown origin today caused damage amounting to about $185,000 to the warehouse of Johnston & Boon, local wholesale druggists and sporting goods importers. The contents of the building were a total loss.

CHANGES IN PASTORATES ANNOUNCED

Rev. Hugh Nixon Goes to Fairfield United Church —Rev. F. W. Alexander to Nanaimo

CONFERENCE ENDS LABORS FOR YEAR

VANCOUVER, May 22. — The fourth conference of the United Church of British Columbia meeting in St. Andrew's Church finished its agenda late this afternoon with the reading of the report of the settlement committee. Changes were made in pastoral relations in fifty-eight charges, the result of the work of the committee being the result of labors extending over sittings held almost daily for the past twelve days.

New appointments in the Victoria Presbytery were: Ahousat, Rev. T. H. Wright; Victoria (Chinese), Rev. D. L. Lowe; Fairfield, Rev. Hugh Nixon; Ganges and Pender Harbor, Rev. W. T. Beattie; Nanaimo, F. W. Alexander; St. Aldan's, S. T. Galbraith; Port Alberni, Rev. F. C. Carpenter; South Wellington, student supply; Koksilah, J. H. Young; Esquimalt, left under the supervision of the home missions committee of Victoria Presbytery; Rev. W. M. Scott and Rev. S. S. Peat were left without stations at their own request.

DELEGATES CHOSEN

At the morning session the election of ministerial representatives to the general council was completed, after several ballots by the appointment of Rev. G. H. Hamilton, Rev. Hugh Dobson, D.D., Rev. A. E. Whitehouse and Rev. W. J. Sipprell, D.D.

These, with those nominated yesterday, will constitute the delegation of sixteen ministers from British Columbia at the general council meeting in Winnipeg next September.

It was decided to hold the next session of the annual conference in Wesley Church, the date to be arranged by the executive committee.

Discussion of the resolutions regarding the method of calling a minister, presented by Rev. Peter Henderson, was continued from Monday afternoon and the resolutions, with slight amendment, were approved.

MINERS KILLED IN TWO STATES

SEVENTEEN KILLED BY GAS EXPLOSION IN WEST VIRGINIA COAL MINE

Two Die in Kentucky and Little Hope Is Felt for Sixteen Others

BLUEFIELD, W. Va., May 23.—An explosion in the No. 1 mine of the Yukon-Pocahontas Coal Company at Yukon, near Iaeger, last night, killed at least seventeen miners, it was reported here early today. Thirteen bodies were recovered, it was said.

The explosion was caused by gas, according to reports relayed from Yukon over several different telegraph lines. Rescue crews were quickly assembled, some coming from nearby mines and the workings penetrated in search of the trapped workers.

IN KENTUCKY

HARLAN, Ky., May 23.—Two miners were killed and sixteen others entombed when an explosion rocked Mine No. 30 of the Black Mountain Coal Corporation, near here, tonight.

Rescuers, pushing their way into the workings, held little hope that the remaining men would be found alive.

The explosion, occurring just as shifts were being changed, caught fifteen of the seventy-five men who were then in the mine.

CAR FERRY FOR P.E.I.

OTTAWA, May 22.—Hon. C. A. Dunning, Minister of Railways, announced in the House that he had recommended to his colleagues that an amount of a million dollars be placed in the supplementary estimates to provide an additional car ferry between Prince Edward Island and the mainland.

SHARP REPLY IS MADE BY MR. POOLEY

Member for Esquimalt Tells Metchosin Audience Where He Thinks Blame Lies for Neglect of Riding

COL. C. W. PECK IS SPEAKER

Mr. Pooley Says Road Workers in Some Liberal Ridings Are Paid Better Than Elsewhere

"MRS. Mary Ellen Smith says she is going to look after this neglected corner of the province. If it is neglected, what government neglected it?" Mr. R. H. Pooley, Conservative member and re-nominated candidate for Esquimalt, so met the criticism that the Liberal member for Vancouver, who is now his opponent, has to offer with respect to affairs in the adjoining riding when speaking last evening at Metchosin.

"About two weeks ago," added Mr. Pooley, "I received information that showed me that the present Government had not dealt properly with the workers in Esquimalt."

ROAD WORKMEN'S WAGES

He went on to say that the Government had recently increased the wages paid on the roads by 25 cents a day, with the elections coming on. But this was not the whole of the matter, he continued. Mr. Pooley explained that the workers on the roads in the riding had been getting $3.50 a day, or the same sum as was paid to the road workers on the Islands, and other districts where Conservatives were representing the ridings.

But in the districts represented by the Minister of Public Works, the Minister of Lands, the Speaker, the Deputy Speaker, and the Assistant Liberal Whip, there had been a higher rate paid. They were paying in those districts from $4 to $5 a day, as compared with $3.50 in the Esquimalt district.

"Since when were the men of Esquimalt not as good as those elsewhere?" asked Mr. Pooley.

The member, referring to the statement of Mrs. Smith that she would look after "this neglected corner of the province," said that if

GYROS FOSTER WORLD AMITY

Glenn Stephens, International President, Says Gyro Movement Promotes Friendship Among Nations

DECLARES GYROS MORALE BUILDER

"International friendship is the thing which Gyro is striving towards, that amity which knows not bounds of municipalities, cities, states, provinces or nations, that international friendship which makes you understand me, and I understand you," declared Gyro International President Glenn W. Stephens, of Madison, Wisconsin, in addressing members of the Victoria Gyro Club at a dinner meeting last night in the Empress Hotel ballroom, with Gyro Arnold V. Trevett, president of the local Gyro organization, presiding.

International President Stephens was given a flattering ovation when introduced to the clubmen, the Gyros singing "For He's a Jolly Good Fellow," followed by three lusty cheers and a tiger for the Gyro leader. Other honored guests at the function, who were accorded warm greetings, were Past International President Clarence H. Lougheed, of Calgary, and District Lieutenant-Governor A. B. McAdam, of New Westminster.

Gyro Glenn Stephens forecast that history would record that one of the prime factors in the development and promotion of international

REPARATION AWARD MADE TO CANADIANS

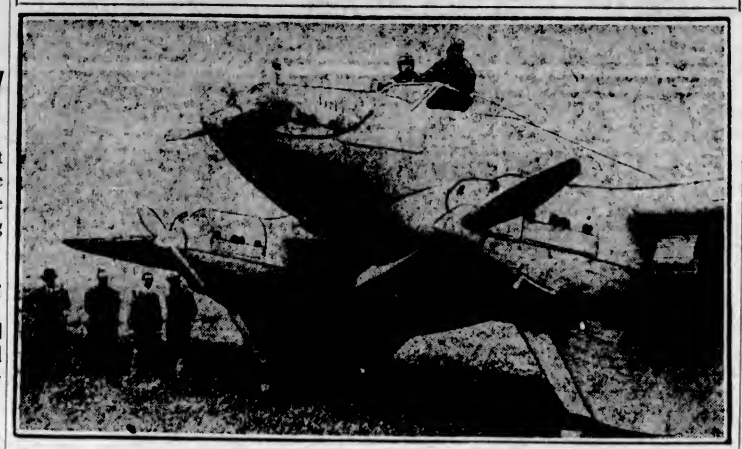

OTTAWA, May 22.—Canadians have been awarded $6,289,398.34 as war reparations against Germany in a report by Commissioner James Friel, K.C. The document was tabled in the House of Commons shortly before adjournment tonight.

POLISH COMMUNISTS CONVICTED OF TREASON

WARSAW, Poland, May 22.—The district court at Vilna today gave a verdict of guilty against four deputies and thirty-three others accused of treason. There were fifty-six defendants, the other nineteen being acquitted. All were charged with conspiracy to detach the northeastern districts from Poland and to unite them with Soviet Russia as an autonomous white Ruthenian Communist republic.

The four deputies were sentenced to twelve years penal servitude each. The others who were convicted were given terms varying from three to eight years.

New Model Plane to Cross Atlantic

THE new giant monoplane L'Arc-en-Ciel, which was built by the young French inventor, Rene Couzenet, and which, it is expected, Maurice Drouhin will attempt to fly across the Atlantic from west to east this Summer. It was given its first trial at Orly recently by the famous French pilot. The plane is of a unique streamline design and entirely different from any other three-motored airplane yet built.

Popular Schoolgirl Of Victoria Will Be Crowned Queen Today

THE memorial service at the Queen Victoria Monument in Parliament Square, and the coronation of Miss Marguerite Jeeves, elected Queen of the May, will usher in the May 24 celebrations today. The memorial ceremony will commence at 10 o'clock this morning, and the coronation ceremony at 7:30 o'clock tonight in the Armories. Accommodation for 2,000 people has been arranged for this event, which promises to be as successful as former events staged by city school children under the direction of Municipal School Inspector George H. Deane. Only a nominal fee will be charged to cover the exepnses. In the afternoon the school sports will be held at the Willows Park.

More than 1,200 school children, including 300 cadets, will assemble at Parliament Square at 9:30 o'clock this morning in preparation for the service under the auspices of the Municipal Chapter, I.O.D.E. The standard bearers of the sixteen different chapters, the standard bearer of the Provincial Chapter and all junior organizations will be represented. A detachment of the Victoria Sea Cadets, Victoria Boy Scouts and Girl Guides will form a guard of honor. Each detachment will carry its colors.

THE BRIEF SERVICE

Under the conductorship of Mr. F. Waddington the school children will sing "O Canada." This will be followed by the singing of "O God, Our Help in Ages Past" and "Land of Hope and Glory." Bishop Scholfield will then lead in prayer. "The Land of Our Birth" will follow.

Floral tributes will then be laid at the foot of the monument by Mr. J. M. Campbell, on behalf of the city schools and representatives of all I.O.D.E. chapters, Sea Cadets, Boy Scouts, Girl Guides and Cadets.

Mr. George H. E. Green will be the accompanist at the ceremony. Capt. T. R. Wheadon will be in charge of the cadets. Mr. T. W. Hall will officiate as marshal.

The service will be brought to a close with the singing of the National Anthem.

In the event of the weather being inclement the service will be held at the Metropolitan Church by courtesy of Rev. Dr. W. J. Sipprell.

SCHOOL SPORTS

Forty-two events are included on the programme of the school sports to be held at the Willows Park. Many heats will have to be staged in each class owing to the numerous entries.

Resignation of Greek Cabinet Creates Crisis

ATHENS, May 22.—Suspension of Parliament by the President followed quickly tonight the resignation of the Cabinet earlier today and resulted in the foisting of a political crisis upon Greece which may have the most far-reaching effects.

Political prognosticators saw in the happenings a series of events calculated to bring back into power Constantine Venizelos, former Premier, and strong man during the war, and an invitation to him to return to form a new Cabinet was forecast in some quarters.

ROYAL SOCIETY COUNCIL FILLED

Sixteen Members Elected to Vacancies—Carnegie Corporation Gives $25,000

WINNIPEG, May 22.—A sum of $25,000 has been placed at the disposal of the Royal Society of Canada, as a nucleus of an endowment fund, by the Carnegie Corporation of New York, it was announced here today by Sir Robert Falconer, president of Toronto University.

The money, he stated, would be retained exclusively for endowment purposes. Referring to the convention of the society, Sir Robert said that the endowment committee had given consideration to the possibility of raising an endowment that would enable the society to be somewhat independent. The Dominion Government, he said, so far had only contributed $6,000. Further assistance, however, was being sought.

Sixteen new fellows were declared elected to fill vacancies in the council. They are Sir Robert L. Borden, W. H. Boyd (Ottawa), R. H. Clark, Prof. J. S. Fluery, Prof. D. C. Harvey (University of Manitoba), L. L. Stines (Saskatoon), Geo. W. Scarth (Montreal), Stanley Smith, Albert Perland, Rev. Father Hugolin, Oskar Klotz, B. R. Mackay, Rt. Rev. F. X. Ross, James Malcolm, Swaine, W. Stewart Wallace and W. T. Waugh. Only the first seven were in attendance at today's meeting.

Fire Destroys Shrine

REGINA, May 22.—Statuary constructed during the time of the French revolution was destroyed at an early hour this morning in a fire at the Sacred Heart Shrine, near Lebret, east of Regina. The shrine was levelled. Origin of the fire has not been ascertained.

INSULIN OPENS STRANGE DOORS

Discovery Leads to Many Dark and Unsolved Mysteries, Says Colleague of Dr. Banting

CLUE AFFORDED TO NUTRITION PROBLEM

WINNIPEG, May 22.—Insulin, the established cure for diabetes is still a mystery to medical science, Dr. J. J. R. MacLeod, professor of physiology at the University of Toronto and co-worker with Dr. F. G. Banting, revealed on his arrival here today for the meeting of the Royal Society of Canada.

"The years of work which followed Dr. Banting's world-stirring discovery of insulin, led science on far paths, but has not disclosed how insulin works on the human system," Dr. MacLeod said. "So far, we know it can be used to fatten underweight children and that it affords the means of investigating the whole problem of nutrition."

BAFFLING PROBLEMS

Asked if insulin had been found efficient in the treatment of any other disease than diabetes, Dr. MacLeod observed with a smile that "diabetes" covered a multitude of ills. "We had thought that the discovery of insulin would simplify many problems," he said, "whereas we are finding that it has opened up a door of medical exploration which leads to many dark and yet unprobed passages."

"There is no doubt that insulin has excelled our brightest hopes as a cure for diabetes, but it is baffling to us in many ways and has given us a thousand new problems to solve," Dr. MacLeod said.

TRUCK KILLS CHILD, DRIVER MAKES OFF

VANCOUVER, May 22.—Two children lost their lives under the wheels of heavy motor trucks within a few minutes of each other in two different sections of the city this afternoon. Amelia Gulia, eight, was crushed to death under a truck at Heatley Avenue and Keefer Street at 3 o'clock, and James Leslie, seven, was killed fifteen minutes later at Slocan and Twenty-Second Avenue.

The driver of the truck which killed Amelia Gulia, heedless of the victim's screams, speeded up his vehicle and escaped. Al Buzza, driver of the truck which killed the Leslie boy, was arrested and charged with manslaughter.

SOCIAL CARE IS NOT MERIT OF ONE PARTY

Mr. J. Hinchliffe, M.P.P., Examines Claim of Liberal Government to Monopoly of Action

TRACES CASE BACK TO 1903

"If Labor thinks it has never received anything from the Conservative party, it is because it has been misinformed or because it has never inquired into the facts," declared Mr. Joshua Hinchliffe, Conservative member of the Legislature for Victoria, at the conclusion of an illuminating address on "The Record of the Conservative Party in Social and Labor Legislation in British Columbia."

Mr. Hinchliffe gave a lucid account of legislation initiated by the Conservatives when in power from 1905 to 1916. He did not deal with amendments to legislation existing before the beginning of the Conservative regime, but confined his remarks on the new statutes brought into force during that period.

"I have heard working men say that Labor never got anything from a Conservative Government," declared Mr. Hinchliffe. "That idea is absolutely unsound. If it were true, you would not find me a member of the Conservative party today, and if I thought Labor had nothing to expect from the Conservative party, you would not find me a member of the Conservative party tomorrow."

The record of the Conservative measures in the interest of the working man began in 1905, he said, with the Deceased Workmen's Wages Act. If a workingman died just before the end of the month, this measure provided, all the wages due him for a period up to three months should go to his widow. The

Sir H. Thornton Takes Post in League Service

MONTREAL, May 22.—Sir Henry W. Thornton, chairman and president of the Canadian National Railways, has accepted an invitation to become a member of the railway sub-committee of the advisory and technical committee on communications and transit of the League of Nations, it was announced here today.

The sanction of the Federal administration to the acceptance of the invitation was given to Sir Henry by the Prime Minister and by the Minister of Railways and Canals.

As Sir Henry may not be able to attend some of the meetings, permission has been given to P. A. Clews, European traffic manager of the Canadian National Railways, located in London, to represent him when occasion requires.

PREMIER RETURNS FROM VANCOUVER

VANCOUVER, May 22.—Premier J. D. and Mrs. MacLean returned to Victoria tonight after spending the day in Vancouver. The Premier was in consultation with party leaders during the day.

There will be a cabinet meeting later in the week at which important appointments will probably be made. Premier MacLean said W. J. Manson, of Hatzic, had been strongly recommended for the chairmanship of the committee to handle the marketing of Fraser Valley berries.

SETTLER PERISHES IN BURNING HOME

WHITEWOOD, Sask., May 22.—S. Howard, an old settler of this district, was burned to death when his home was destroyed by fire here today. He was ill in bed when the fire broke out.

Peking Dictator Bids Defiance to Enemy and Prepares for Conflict

Chang Tso-Lin Stakes All On His Ability to Hold Nationalists Out of Capital of Chinese Emperors—Troops Concentrated Along Railway—Pause Before Decisive Battle

Japanese Conciliatory at Tsinan; Cantonese Government Reciprocates

LONDON, May 22.—A stretch of territory still separates the Nationalist forces, under Chiang Kai-Shek, from their ultimate goal, which is Peking. Late dispatches from the Northern capital indicate that Marshal Chang Tso-Lin is prepared to carry out his announced determination of defending Peking, and frustrating the advance of the Nationalists.

In confirmation of this comes the report that Marshal Chang's chief of staff, Yang Yu-Ting, has concentrated his troops along the railway below Paotingfu to give battle to the approaching enemy. The Northerners are said to be in the neighborhood of Wangtu, thirty miles below Paotingfu and about 110 miles from Peking.

Previous reports last week indicated that the Nationalists had reached Paotingfu, and the Northern commanders later declared that their foe had been driven back after an engagement. The situation in that particular section of Chihli province has not been made clear in any of the brief messages reaching London today.

ON TIENTSIN-PUKOW FRONT

Tientsin dispatches say that Chang Tsung-Chang, who commanded the Northern armies in Shantung when they were defeated by the Southerners, has been restored to favor, and will make a stand against the Southerners on the Tientsin-Pukow front.

There appears to be a disposition among certain troops, north and south, to reach an agreement by negotiations and end the civil war, as well as intervention by Japan, which is looked upon with disfavor by both sides.

On the other hand, the Japanese have shown a conciliatory spirit, if advices from Tsinan are to be relied upon. They have turned over to the Nationalist authorities at that place all prisoners and munitions taken during the recent troubles there.

From Shanghai comes word that the Canton Government has forbidden any anti-Japanese demonstrations, and has promised protection to all the Japanese and other foreign residents.

Airship Italia Sets Out Upon Third Voyage

KINGS BAY, Spitzbergen, May 23.—The dirigible Italia started on its third trip into North Polar regions at 4:40 this morning.

Kootenay Rivers Rising Rapidly To Flood Levels

NELSON, B.C., May 22.—Water on the West Arm of Kootenay Lake, the Columbia River and the Arrow Lakes is rising speedily, under the warm sun's rays of the past few weeks. Water readings at Nelson today show the water to be fourteen and one-half feet above low water mark with a rise of seven inches in the twenty-four hours.

A rise of fifteen inches in twenty-four hours is reported tonight from Trail, on the Columbia River. This water stands at twenty-nine feet nine inches above low water mark.

Mail information from Burton, on the Arrow Lakes, reports a rise of from nine to ten inches daily with the water over five feet ahead of its record this time last year. Heavy warm rains today will likely increase the daily rise.

THIRTY-FOUR CHILDREN DIE

STEAM LAUNCH CAPSIZES ON KUBAN RIVER IN RUSSIA —EIGHTY ABOARD

Fire on Steamer on Dneiper River Takes Nineteen More Lives—Occurs at Wharf

MOSCOW, May 22.—Thirty-four children were drowned today when a steam launch on the river Kuban capsized at Temryuk. The launch carried eighty children.

News was received here also of the death of nineteen others in a fire on the steamer Leo Tolstoi on the river Dneiper, near Petrovisk.

The steamer burned while tied to a wharf. All third-class passengers saved themselves, the victims being first and second-class ticket holders. Professor Stupin, of the Kieff Polytechnic Institute, was among the dead.

Four Men Fall 350 Feet Down Shaft of Mine

ELKO, Nev., May 22.—Four miners were killed in the old Alpha shaft of Consolidated Copper Mines at Kimberly, near here, today by a cave-in of material which had been blocking the shaft for years. The men were engaged in clearing the shaft and were working about 650 feet underground.

As a precaution against falling to the bottom of the shaft, which was flooded, they were working with safety ropes. These had been removed, as they were about to be hoisted to the surface for lunch. The cave-in carried them to the bottom of the shaft, 350 feet below where they were working.

TRUCK LEAVES TRESTLE

REVELSTOKE, B.C., May 22. — Bert Glover, thirty-four, was drowned late this afternoon when a truck he was driving went over a trestle on the Big Bend Road, in the Columbia River canyon, about four miles north of here.

NEW SURVEY OF W. COAST URGED

Navigation Conditions on West Coast Present Fresh Perils, B.C. Coast Steamship Official Shows

INDUSTRIES HAVE CHANGED SITUATION

With four vessels operating this Summer on the West Coast, when the pilchard reduction business is at its height, the navigation hazards in entering unfrequented harbors and traversing little known waterways are emphasized by Captain C. D. Neroutsos, assistant manager of the B.C. Coast Steamship Service.

He points out that the company plans to operate the Princesses Maquinna and Mary in the passenger and freight traffic, and the Princess Ena and Nootka in the oil-carrying trade during the Summer. Owing to the numerous additional calls brought about by the needs of the reduction plants, which have been pibaced at strategic points on the coast, formerly seldom visited, the navigation has been forced into channels which were for generations left to canoes and to the launches of isolated settlers.

The Maquinna, the captain points out, is now making thirty-eight calls on the West Coast, and four additional ones will be required this Summer to accommodate the needs of new undertakings, industrial in character. This takes the vessel into risks which require a new survey. He instances the accidents to the Maquinna in Barkley Sound, and the Ena at Esperanza Inlet, as illustrations of the difficulties the company encountered last year, and from which experience has shown the Government's own vessels have not been immune when engaged in fishery patrol.

The problem of survey has apparently been created by the excess of work by the hydrographic survey department, which has a long coast line to examine with limited equipment.

Captain Neroutsos thinks a practical turn could be given to helping navigation around this Island by public attention being focussed to press the Federal authorities for a new survey, preliminary to the installation of additional aids of navigation, in keeping with the industrial expansion of the West Coast in reduction plants, canneries, lumber, and auxiliary interests.

FIRE SWEEPS JEWISH SECTION OF KATAIS

MOSCOW, May 22.—Twenty-two Caucasian Jews were killed and 300 seriously injured in a fire which swept the Jewish quarter of Katais, Georgia. Three hundred and fifty-nine houses in the Jewish quarter were totally destroyed, leaving the community of 6,000 roofless.

The damage was so great that local relief was found insufficient. The entire Jewish community of Katais is suffering from lack of food. The Ozet dispatched 300 rubles to provide immediate relief.

Revelstoke Board Asks Selkirk Road Survey

REVELSTOKE, May 22.—The Board of Trade, at its regular meeting tonight, reiterated its original request to the Federal Government for a survey of the road route between Golden and Revelstoke, via Rogers Pass. It was claimed that only by a survey can the relative merits of the transcanada road routes be determined.

BUS PROJECT OUTLINED TO COUNCILLORS

Continued from Page 1

Feeder services would be put in commission with a smaller type of coach. These smaller coaches would pick up passengers in all districts of Saanich, and bring them to the belt line, which would take them to the city. While no suggestion was offered with regard to the Marigold service and Gorge route, it was presumed that these routes would be operated independently from the belt line, as they both covered thickly settled districts. Special services would be arranged for these routes. These feeders would be operated through the territory opened up by Beach Drive, in North Saanich, Deep Cove, School Crossroad, Keating and many other districts. Cadboro Bay would also be taken care of with a special service.

"You will see by what I have told you that this can not be done all at once. It will take some working out and a great deal of money," Mr. Matson stated. "It means that if the proposal is accepted that we say good-bye to all the old equipment, and standardize all the new gear. It will take some $250,000 to provide this equipment. But of necessity, it will not be possible to provide it all at once; the services would be improved, particularly the feeder services, as far as equipment is concerned, over a period of years."

Mr. Matson said that the whole transportation service would be done to the satisfaction of the people, and that the reeve and council would be consulted and would be invested with power to see that a satisfactory service was given at a reasonable fare and on a reasonable schedule.

Mr. Matson further stated that he wanted the support of the Saanich people in this matter. He much preferred that the whole question be decided by a plebiscite, as only by so doing could the people express their endorsement of the project or disapproval. He had very little doubt, however, as to what the people of Saanich would think of the proposal, for it was in their own interest.

PROPOSED SURVEY

Before finally going ahead with the transportation system, Mr. Matson said that he would have a transportation survey made of the municipality through the maps and plans at the Municipal Hall if the council would kindly loan the maps for that purpose. He had engaged a transportation manager of twelve years' experience to handle the system, and he would deal largely with the survey and make his recommendations, which would only be put through after being endorsed by the council.

Mr. Matson spoke of the wonderful possibilities for development of the peninsula both from a residential, intensive cultivation and Summer resort viewpoint. The municipality possessed all three potentialities.

In referring to the standardization of the equipment, Mr. Matson said that careful study had to be given to this question, first to ascertain which equipment was best suited for the system. This equipment would be depreciated at from twenty to twenty-five per cent, so that the council could see that it meant the company would have to buy two lots of equipment in a matter of some four years, namely, the old equipment now in use and the new equipment to replace it.

He said the company was prepared to provide up to $500,000 for the transportation system. This would, of course, include transportation service to Metchosin Valley, Happy Valley, Jordan River and Sooke and Nanaimo.

"I can find the capital and will go ahead with the plans provided they are endorsed by you," Mr. Matson said.

PLAN OF INSPECTION

With regard to fees and schedules, Mr. Matson said that the council would have full jurisdiction over them. The books of the company would be open for inspection and the council could set what it felt a reasonable fare to allow for what they thought was a reasonable profit. Services would be provided for where the council recommended, providing such services did not show a loss in operation. The schedules would be subject to the approval of the corporation.

Mr. Matson told of his negotiations with Mr. Hamilton for the Gorge Bus Line and with Mr. George MacWilliams for the Marigold service. It was following this that he offered the reeve a cheque made out to the Saanich Municipality for $12,500 as an indication of good faith in connection with the offer he had made for the Lake Hill Bus Line, and the transportation scheme that he proposed to put into effect if endorsed by the municipality.

THE BUS DEPOT

With regard to bus terminal facilities, Mr. Matson invited the councillors to inspect his establishment on Broughton Street. Every provision was made for the comfort of passengers. A cafeteria would be operated in connection with it, while bus patrons would be able to do their shopping around the city without being encumbered with parcels. He had arranged with the merchants of Victoria to send parcels to the parcel check room at the depot where the shoppers could secure them on going there to board the bus.

Mr. Matson was favorably received by the council. Each member was an attentive listener and by the questions asked showed that they keenly appreciated the importance of such a transportation scheme in the development of the municipality. Yet at the same time their questioning showed that they were protecting the interests of Saanich. Mr. Matson gave the council assurance that they should have every protection that could possibly be given without hampering the business in any way.

After the council had heard Mr. Matson, representation was made by Mr. Olsen in connection with the Sidney-Victoria service. Mr. C. K. Courtenay appeared on behalf of Mr. Olsen. He pointed out that Mr. Olsen had purchased the Flying Line stage only after he had secured a licence from Saanich to operate the bus through the municipality along the East Saanich Road. Mr. George Pay, of Pontiac, Michigan, spoke of transportation equipment for the enlightenment of the council.

Change of time on E. & N. Ry.—May 23, trains depart 9:15 a.m. and 5 p.m.

WILL PAY TRIBUTE TO FALLEN HEROES

As a tribute to those who paid the supreme sacrifice in the Great War, President J. D. Blair, of the Britannia Branch of the Canadian Legion, will place a wreath on the War Memorial, at the grounds of the Parliament Buildings tomorrow at 7:30 o'clock. A corporal's guard from the 16th Canadian Scottish Regiment will be stationed at the cenotaph during the ceremony, while a bugler will sound the "Last Post" and "Reveille."

SOCIAL CARE IS NOT MERIT OF ONE PARTY

Continued from Page 1

wages could not be garnisheed. No lien could be put on them. The executor of the estate could not claim the money. It went to the person who needed it most, the widow. He sometimes though, Mr. Hinchliffe said, that the act should be extended to apply also to the sister of a workingman in whose charge the latter left infant children.

In 1907 the Anti-Tuberculosis Society was incorporated, showing the interest of the Conservative party in promoting the health of the community.

In the following year legislation was passed prohibiting the employment of workers in or around smelters for more than eight hours a day. That was "our old friend the eight-hour day," not made general in its application, of course, but restricted to the one industry.

FACTORY INSPECTION

In 1908 the Factories Act—the charter of the industrial workmen of British Columbia—was passed. This provided for Government inspection of factories, a great forward step. It prohibited the employment of children in factories, except in fish canning or fruit packing plants. A child was held to be a boy under fourteen years of age or a girl under fifteen. Moreover, the measure empowered the Lieutenant-Governor in Council to prohibit the employment of boys under sixteen or girls under eighteen in factories where their health might be considered to be endangered.

Section after section of the Factories Act was devoted to the welfare of women. The measure said that women should not be employed more than eight hours a day; should not be given less than an hour for lunch; should not be forced to eat meals in the room in which they worked unless this were approved by the Government inspector; and should be provided by the employer with a dining-room, if the inspector should so direct.

By permission of the inspector a woman might work more than eight hours a day in case of a breakdown of machinery, but not before 7 a.m. nor after 8 p.m.; nor for more than fifty-four hours in any one week; nor more than thirty-six days in any one year. In addition, the Act laid down that she must be given forty-five minutes for another meal.

The law provided that all employers must keep a record of all overtime work and make reports of this to the Government. It said, further, that no young girl should clean machinery in motion, nor mill-gearing while such gearing is in motion or be employed at work between fixed and traversing parts of a machine in motion.

Sanitary regulations were laid down in the Act to prevent overcrowding, to provide for proper ventilation and prevention of dust. If two or more employers used the same premises, they should be held equally responsible for infractions of the law. Dangerous places, as well as machinery, were to be properly guarded and proper fire escapes provided.

In 1908 chapter 39 of the Statutes was enacted for the maintenance of provincial parks. This showed that at that time the Conservative Government was interested in the welfare of the working people of the province, the parks providing the people of the province with the opportunity of healthful recreation.

FRUIT PREPARATION

The following year chapter 9 provided for depots for preparing British Columbia-grown fruit for shipment and marketing.

Much harshness and unfair treatment was eliminated in 1909 by legislation providing for Government inspection of all hospitals, orphanages, sanitariums maternity homes and similar places where patients received medical treatment.

Juvenile courts were established in 1910 so that humane treatment might be accorded the youthful offender and the danger of turning him into a hardened criminal lessened. In the same year an Act was passed providing for medical inspection of children in schools.

In 1911 health regulations for lumber, railway, mining and sawmill camps were enacted, requiring cleansing of camps, provision of qualified doctors by employers, establishment of temporary or permanent hospitals and provision for inspection of employees' houses, under certain conditions.

In 1911 the Deserted Wives Maintenance Act was passed to compel a husband to support his wife if he deserts her, or if she cannot live with him because it is dangerous to do so.

Legislation was enacted in 1912 to provide for the licensing of employment agencies and for the establishment of an industrial home for girls. In the same year a measure was passed to permit women to practice law.

In 1913 the production and sale of milk for human consumption was made subject to government inspection. The following year legislation was passed for the welfare and protection of women and children living under communal conditions in the province—in communities where property is held in common.

In 1915 the protection of workmen in industrial occupations was promoted in legislation requiring employers to have a qualified first aid man available in case of accident.

In 1916, the last year the Conservatives were in power, provision was made for the weekly half-holiday for store employees; women were given the franchise; and, as a fitting close to all this legislation, the Workmen's Compensation Act was passed.

THE PRESENT GOVERNMENT

Mr. Hinchliffe then turned his attention to social legislation introduced during the Liberal regime.

In 1921 the Liberals had introduced four bills and the Conservatives, though not satisfied that all their provisions were as sound as they might have been, had agreed to them. These were the acts relating to the night employment of young persons, the night employment of women, the employment of children, and hours of work, or the eight-hour day. The bills passed the Legislature, but there was a joker in each act. The last section of each act said that the measure should not come into force until the other provinces had brought similar legislation into effect.

The Labor members of the Legislature had then introduced bills providing that all four acts should be brought into force on May 1, 1922, regardless of what other provinces might do. If they were bad acts, they should never have been passed. If they were good, it did not matter what action other provinces took. These bills were defeated, with Mr. Hinchliffe and others of the Conservatives voting for their enforcement. In 1922 the Labor members brought back the same bills, differing only in that they sought enforcement of the four acts on May 1, 1923. Mr. Hinchliffe voted for two of these and was out of the House when the other two bills were put to a vote.

In 1923 controversy was centred on the eight-hour day issue. In December 1923 the Liberal Government brought down an eight-hour day law to come into effect on January 1, 1925. The Labor members maintained that a year's notice was too much and moved an amendment that the law come into effect on July 1, 1924. The proposal was defeated, six Conservatives and only one Liberal being among those who voted for it in opposition to the vote of the Government forces.

In February 1921, at a time when there was grave unemployment difficulties throughout the province, Mr. Guthrie, Labor member, had moved that the Legislature appoint a committee to study the problem of the unemployed. An amendment was offered endorsing the policy already taken by the Liberal Government in this regard. The amendment carried by 19 to 23. Mr. Hinchliffe and other Conservatives siding with Labor against the Liberals.

In the next year Mr. Guthrie had brought in a resolution calling for consideration of state health insurance by the province. Mr. Oliver had moved an amendment urging the Dominion Government to give consideration to this question—in common parlance, "passing the buck." Only six voted against the amendment, five Labor members and the Speaker. But in 1928 the Legislature had accepted the Colley resolution calling for a committee to study this problem. In other words, the Liberals had lost five years.

In 1922 nearly all the Conservatives had voted for Mr. Tom Uphill's bill to amend the Coal Mines Regulations Act. The bill was designed to empower miners to delegate outside people to inspect portion of a mine they considered to be dangerous. The miners themselves did not want to report dangerous conditions to their employers, as called for by the act, for fear of being dismissed. The bill was defeated.

In 1923, Conservatives had voted for amendments to the act governing the hours of labor of young persons.

MINIMUM WAGE ACT

In 1925 the Minimum Wage Act had been brought forward. Major Burde had offered a bill to make the minimum wage applicable to everybody in all industries. The Liberal Government had offered to substitute another bill for Major Burde's, if the latter would withdraw his. But the Government's bill had provided for a minimum wage only in the lumbering industry. There was a storm of protest, and the Government then amended the bill to make it applicable to everybody. But on the third reading of the bill, the Minister of Mines had moved an amendment, making it applicable only to lumbering and the coal mining industry. The amendment was defeated, only one Conservative voting for it and ten voting against it.

Mr. C. F. Davie, Conservative member for Cowichan-Newcastle, had introduced a bill in 1926-27 for the protection of workmen working with machinery.

The Conservatives had supported the old age pensions scheme, but had asked for modification of the Government proposals. The speaker's stand was that seventy was too old and $20 too small a pension. In 1928 Mr. Davie had asked by resolution that the age limit be reduced from seventy to sixty-five, and that the pension be $30 a month instead of $20. The resolution had been ruled out of order.

In answer to a question from a member of the audience, Mr. Hinchliffe said that Premier MacLean had not been in the House when the vote was taken on the bill to bring the eight-hour day law into force on May 1, 1922, but the next year had voted against the bill to have the law brought into effect on May 1, 1923.

Mr. Hinchliffe explained the stand he took in 1927 in advocating a committee to inquire into the operation of the Workmen's Compensation Act.

At the close of the address, members of the audience criticized the administration of the Workmen's Compensation Act and alleged lax inspection of factories and machinery.

Mr. S. Howard, president of the Trades and Labor Council, presided at the meeting. He stated that his presence as chairman had no political significance whatever, and expressed willingness to preside at subsequent meetings of a similar character held by speakers of different party affiliation.

In a recent month 8,000 tons of olive oil were shipped from Malaga, Spain.

SHARP REPLY IS MADE BY MR. POOLEY

Continued from Page 1

she looked after it in the same way as she did the riding she now represented of Vancouver, there would not be much coming to Esquimalt.

Mrs. Smith, he pointed out, had voted against the resolution for two sessions preventing the city of Vancouver, which she was elected to represent, being given cabinet representation.

The meeting was the opening one of the campaign that Mr. Pooley is conducting. He pointed out that, as in the past, he had made Metchosin the starting point in his series of meetings.

THE FRANCHISE

Mrs. Smith took a great deal of credit, he said, for the part which she had played, and which the Liberal party had shown in the social legislation of the province. She was taking credit for securing the franchise for women. This was incorrect and if the franchise were due to any party it was rather through the grace of the Conservative party, which had provided for a referendum whereby the men of the province were given the opportunity to decide whether the women should receive the franchise, and it had been decided in their favor.

At last the Liberals had come round to giving credit to the Conservatives for placing the Workmen's Compensation Act on the statute books. There had been changes made in it, of course, by the Liberals to meet the conditions that existed.

MOTHERS' PENSIONS

As far as the Mothers' Pension Act was concerned, it was not Mrs. Smith who introduced that act. This had to be brought in by a member of the Government. It was true that Mrs. Smith supported it, he said, but "so did I and so did a lot more Conservatives. It was a plank in the Conservative platform in 1919. The Liberals stole it in 1920 and introduced the bill."

The law was a good one, but the trouble with it was that the regulations which were being framed by the Government were not what they should be, and were being fought by the Conservatives to make them workable. He pointed to the work that had been done by the Conservatives through the efforts of Mr. J. Hinchliffe, who took charge of this branch of the legislative work, and which would make the situation of deserving women very much more bearable. Mr. Hinchliffe had worked to have a committee appointed to go into the matter and devise amendments. The committee had reported, but while Mrs. Smith was a member of the committee there had been no changes made in the regulations.

Then, with respect to the Old Age Pensions Act, Mr. Pooley said that the Conservatives made the first move along this line in 1911, in the Federal House, when a resolution was introduced by a Conservative member. Finally, through the efforts of Mr. William Esling, an investigation into the matter was made, and legislation introduced, with a number of Liberals voting against it.

He himself had not opposed the bill, although he was opposed to the principle of passing legislation offering to accept any act that was passed on the subject at Ottawa without some knowledge as to what that legislation was to be. There were amendments that were needed, he said, in the matter of lowering the age at which pensions might be paid, and also to the increasing of the pensions in certain cases.

Mr. Pooley turned to alleged broken promises of the Government in 1916. Patronage was to be wiped out and statements of the expenditure of the campaign funds were to be made. Had these been done? he asked. Imagine the Liberals giving the information promised with regard to the campaign funds.

Dealing with the financial situation he alluded to the statements made by Premier MacLean about the province being in such dire straits when the Liberals came into power. The net debt of the province in 1916 was only $19,000,000. This represented the indebtedness from the time of Confederation. The Conservatives had, in twelve years, increased the debt from $12,000,000 to $19,000,000.

If the country was in such straits then, what about it now, with the debt increased five times over what it was when when the Conservatives went out of power?

Mrs. Smith had shown that she knew little of the district of Esquimalt when she made the statement that she would be queen or Mr Pooley be king. There was never any bowing of the knee on the part of the residents of this district, he said.

COLONEL PECK SPEAKS

Colonel C. W. Peck, V.C., member for The Islands, spoke briefly. He praised the work of Mr. Pooley, and also alluded to the excellent choice of a leader in Dr. Tolmie. This spelt success for the Conservative party in the coming election.

There was a lot of talk by the Liberals about the absentee leader on the part of the Conservatives. This matter of absenteeism was not a very happy one on the part of the Liberals. It was not the absentee leader that the country was so much concerned about as the absentee vote. Only by manipulation of that vote did the Liberals hold power at the present time. It was not the Conservatives that complained alone in this point, but the head of the Liberal party in North Vancouver had broken with his representative there over this matter.

There were absentee candidates. Mrs. Smith had spoken about the triplets, including Mr. Whittaker in Saanich, Mr. Jackson in the Islands, and herself in Esquimalt. These were all absentees in their respective ridings. They would be lonesome triplets after the election.

Mr. W. O. Sweatman presided at the meeting, which was well attended. Following the addresses refreshments were served by the ladies.

Nearly 6,000,000 bicycle riders are in the British Isles this season.

Plane Crash at Everett

EVERETT, Wash., May 22.—Two men were killed when an airplane in which they were traveling went into a tail spin and crashed to the ground five miles north of Everett this afternoon.

The dead are Ralph Hunter, twenty-five, of Arlington, and Pilot Davis of the Commercial Air Transport Company, of Everett.

G. CHOW DENIES PROMISES MADE

Chinese Witness Cross-Examined in Vancouver Police Inquiry — To Get No Reward

VANCOUVER, May 22.—Motives of Georgie Chow, Chinese gambler, for appearing as a witness at the Vancouver police inquiry, were the subject of a gruelling cross-examination of that witness by W. W. B. McInnes, counsel for Shue Moy, alleged Vancouver gambling king, at today's sessions of the investigation before Commissioner R. S. Lennie.

The witness, who was on the stand all day, was subjected to a barrage of questions by Mr. McInnes, whether he had been promised any gambling privileges or any reward for testifying, if there should be a change in administration. He denied that he had been promised anything, or that anyone was paying him.

Georgie Chow declared that he had asked Wong Wah if he would like to give evidence, and that Wong Wah had said he did not think he would, adding that Shue Moy was very strong and that Police Inspector Jackson was a good friend of the Chinese.

Witness denied he told Wong Wah that control of Chinese gambling would be given to a group of Chinese if there were changes in the police. He also denied that Police Commissioner T. W. Fletcher had ever promised him anything if he would give "evidence of a certain kind" before the commissioner.

Georgie Chow declared that he had not told Wong Wah that Mr. Fletcher would be the next mayor.

SOME SHORTAGE OF LABOR IN YUKON

DAWSON, May 22.—There is a scarcity of labor in the Yukon, particularly in Dawson and White Horse. Fifty to seventy-five laborers are needed during the Summer season until the mining camps shut down about the first of October. The work offering is on dredges, hydraulics, and around mining camps.

Longshoremen are also needed for White Pass, White Horse and Dawson. Longshoremen's work is somewhat irregular later in the season, but fairly steady while ore shipments from Mayo are in progress.

Wages on the Dawson dock are ninety cents per hour to one dollar.

MR. McMURRAY GOES IN BOX

FORMER SOLICITOR DID NOT CHARGE FOR IMMIGRATION PERMITS

But His Law Firm Handled Applications and Charged Fees—Not Enough Permits

OTTAWA, May 22.—Hon. E. J. McMurray, former solicitor-general, denied absolutely before the parliamentary immigration inquiry today that he had dealt in permits for $100 apiece, as charged by Alderman Coldwell, of Regina, before the immigration committee.

"I was astounded and stunned to read in the papers the statements of Mr. Coldwell," Mr. McMurray said. "I denied it, and welcomed the opportunity of coming before this committee and clearing away the charge. I was glad to read the denial of the Minister of Immigration. What he said was true. I have had no dealings with Mr. Forke since he has been in office."

Mr. McMurray explained that he had been elected in 1921 from North Winnipeg, which was half foreign-born. Many of these people wished to bring relatives to Canada.

"I assisted them, but I never charged them a cent."

The numbers had become so great that later on he had charged them telegraph costs and such things. Then he had turned them away.

HANDLED BY LAW FIRM

The records of Mr. McMurray's law firm of 1922 showed that seven applications had been handled by his firm in a "strictly legal way."

The legal fees charged varied from $15 to $50. After his return to Winnipeg in 1926, four cases had been handled at fees of $25 each.

"A man would be a fool to charge his constituents $100 for permits. This was one cause of my defeat. There were not enough permits being granted. I never got along with my friend, Mr. Egan, the deputy minister, in this matter," Mr. McMurray continued.

Venizelos May Again Become Greek Premier

ATHENS, Greece, May 22.—Eleutherios Constantine Venizelos, strong man of Greece in the war crisis, probably will be entrusted with the formation of a new Government. It was reliably stated that the present cabinet's resignation will be announced in Parliament today.

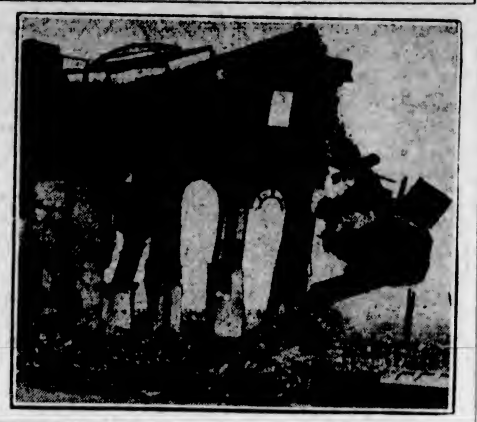

Venizelos at once will dissolve Parliament and call elections for about the middle of July.

The present crisis arises from a dispute between Cafandaris, present leader of the Liberal party, and Venizelos.

X-RAY VICTIM

RIO DE JANEIRO, May 22.—The X-ray claimed a noted victim here yesterday when Dr. Alvaro Alvin, first Brazilian scientist to use radiology, died. He began his investigations in 1895 and had been operated upon four times, losing both hands. Despite this handicap, he continued his researches until a few days ago.

Landmark Is Demolished

WITH an absence of pomp and ceremony, the last portion of one of Canada's early railway landmarks, the old Toronto union station, was demolished recently. After a cable attached to the huge girders had broken, a workman climbed to the peak and attached two new steel cables to the eighty-two-foot beams. These were connected to the couplers of a locomotive, which started to go steadily ahead. The cables became taut. The engine tugged hard, her wheels skidding, then the west wall crumbled, bringing the girders and remaining wall with it. When the dust cleared away only two bleak corners remained.

CASE FOR SALARY ADJUSTMENT SET

Civil Servants Protest Salary Alterations Which Have Resulted in Net Decline

The Amalgamated Civil Servants of Canada, through the office of the General Secretary, Regina, have sent the following to Hon. S. F. Tolmie, M.P.:

"We are taking this method of protesting against the very dilatory and unsatisfactory operation of the Civil Service Act in respect to salary adjustments. While we are very desirous of retaining the merit system, we desire legislation necessary to bring into being a minimum wage law in respect to full time adult occupations within the Civil Service and less complicated and more satisfactory machinery for the adjustment of salaries from the staff viewpoint, than now exists.

"Our experience during a number of years follows, and is both the reason for our attitude and for your information:

"In June, 1923, a Parliamentary Committee appointed to enquire into the operation of Chap. 12, 8-9, George V, an Act respecting the Civil Service of Canada, etc., reported as follows: 'Your Committee therefore recommends that immediately after reorganization has taken place, salary revision and adjustments be proceeded with without delay. Pending this revision the bonus to be continued.'

"At the commencement of the 1924 fiscal year no provision was made for the revision of salaries and the bonus, admittedly a necessity under the existing low salary ranges, instead of continuing as recommended, was reduced 33 per cent, creating considerable agitation amongst Civil Servants generally, and the lower grades particularly.

ADJUSTMENT PROTESTED

"The Government responded by requesting the Civil Service Commission to revise salaries commencing with the Post Office Department. On the completion of such revision it was found that instead of removing the cause of the agitation (loss of remuneration), it aggravated the loss, and in a number of instances allowed less remuneration than after the bonus reduction was in operation. Protests from all over the Dominion, leading to the dislocation of the Postal Service in some parts, was one result, and the following declaration of the Government policy was another:

'The Government's policy is, that when the Civil Service Commission has submitted its report upon the salaries for the entire Civil Service, that opportunity will be given to the representatives of the employees of the Post Office Department, or in other departments of the Government who have objections to file against the salary revision proposed by the Commission, fully to present their views to a sub-committee of the Government and to discuss such matters of difference as fully as may be necessary to assure a thorough understanding, and, it is hoped, a final and satisfactory agreement on the points in dispute.'

"Accordingly, representatives of the employees met a sub-committee of the Government on June 5, 1925, giving their evidence in writing. The sub-committee of the Government did not attempt to come to any agreement, contenting themselves with listening to the evidence submitted and asking questions, subsequently notifying the delegation that no decision could be arrived at till the balance of the Civil Service had been consulted.

"On September 14, 1925, an Order-in-Council, known as P.C. 1644, wherein the Minister recommends that such report be forwarded to the Civil Service Commission with a view to having that body make an upward revision of the salaries in question. Despite frequent appeals of the staff side the report of the revision was not brought before Parliament until 1927, allotting a widely advertised flat rate increase of $120 with certain exceptions, the exceptions being in the majority.

RESULTS IN LOSS

"Customs, Postal, and other employees found themselves in a position, through the manipulation between bonuses and salaries, of being told that having received an increase in salary in 1924 of $240 per annum, that they would now only receive $60. No cognisance was apparently taken of the loss of remuneration by bonus abolition, a loss that bore heavily on those who received the most bonus, the lower paid positions.

"What is the result of the salary adjustments under the Civil Service Commission since 1919? One illustration will suffice, and be it understood, that though this illustration is taken from the Postal Service, we could quote others from other departments who are in exactly the same predicament. Minimum salary on entrance to Postal Service as letter carrier, now postal helper, in 1919, $780, plus bonus of $420, making a total of $1,260 per annum. At present, salary of $1,020, no bonus, making a loss of $180 per annum, despite so-called salary increases of $240, in 1924 and $60 in 1927. Maximum in 1919, salary, $1,260, plus $396 bonus, a total of $1656. Now receives $1,500 maximum salary, a reduction of $156, and takes a longer time to reach the maximum. As before stated, postal clerks and other grades in other departments in similar positions, especially in the lower grades, are similarly affected.

"The position was brough before Parliament last session and created some debate, during which the Postmaster-General, on behalf of the employees of his department, promised to recommend to the Civil Service Commission a higher classification as a means of overcoming the difficulty. We are now informed that he made such recommendation and that the Civil Service Commission refuses to acquiesce, for reasons that up to date we have not been able to ascertain.

CLAIMS CAUSE FOR TROUBLE?

"In view of the above facts, are not the employees of the Government thus affected justified in their dissatisfaction with the present machinery, or lack of it, for adjusting salaries?

"Where to put the blame for these conditions we do not know, as we are continually buffeted from Department to Commission, from Commission to Government, and vice-versa, with no recourse, not even that of an arbitration board.

"Our requests, in view of present day living costs, are reasonable. They are, $300 increase on the salaries of 1924, and a minimum salary of $100 per month for all full time adult occupations in the Service. There should be no debate on the latter subject after scanning the cots of living figures in the official Labor Gazette.

"From 1919 to 1926 is a long time to carry on one-sided negotiations, and would not be tolerated by organized employees outside of the Government Service.

"We look to you as an elected representative of the people, to use every legitimate means at your command, with a view to remedying the conditions outlined."

Change of time on E. & N Ry.—May 23, trains depart 9:15 a.m. and 5 p.m.

The Brussels, Belgium, fair this year was much more successful than that of last year.

STORE OPEN ALL DAY TODAY

$4.95 Extraordinary Offering of Special

Spun Silk Sports Frocks

Just Unpacked Pre-Holiday Price **$4.95**

Truly this is an extraordinary pre-holiday offering of smartly tailored Spun Silk Sports Frocks for women and misses. You cannot duplicate these values, and the bargain opportunity comes just in time for the "24th." Not for one moment can you judge these dresses by their price, for they are worth considerably more than $4.95. White, poudre blue, rose, peach, Nile and maize. All sizes, 16 to 44. Every style chic and becoming, and the best under-five-dollar-bargain we have ever offered. Do not miss this. Come and make your choice before the "24th" One price **$4.95**

Rayon Silk Cami-Bockers
One-Piece Garment for Sports Wear

Just arrived, a shipment of these excellent one-piece Rayon Silk garments so much sought after by women who indulge in sports. They give absolute freedom of movement. Elastic at knee and daintily trimmed with lace. Shades of orchid, peach, flesh, sunni and white. All sizes. Special at **$3.25**

You Will Need a Bathing Suit for Your First Dip on the 24th

Now is the time to choose that bathing suit for the coming season. "Campbell's" are showing a splendid assortment in all the wanted styles and colors, and the famous makes of "Jantzen" and "Flash." Also plain colors with stripes. All sizes for women and children.

New Bathing Caps, Priced From 25c to $1.25

Also just arrived, a shipment of plain and novelty Gum Rubber Bathing Caps in all the wanted gay and bright colors. Specially priced at ..... **25¢** to **$1.25**

New Neckwear Fixings for the 24th

In the Neckwear Section you will find so many attractive and beautiful neckpieces, including dainty laces that will prove a delightful complement to your holiday frock.

"Kayser" Silk Gloves for Holiday Wear, Per Pair, $1.50
VERY SPECIAL VALUE

Of course you will want a pair of new silk gloves for the "24th," and if you are looking for the utmost in style and in value you will choose "Kayser." In this special display are the season's smartest and correct styles, embracing all the new hues to match your costume. Very special value at, per pair **$1.50**

Pure Silk Stockings for Holiday Wear at, Per Pair, $1.50, $1.75 and $1.95

You cannot make a mistake by selecting your holiday stockings at "Campbell's," where you will find all the newest colors for present and Summer wear in the famous "Holeproof" and "Kayser" makes, featuring service, chiffon and semi-service weights, at the popular prices of, per pair, **$1.50, $1.75** and **$1.95**

Our hosiery values are as well known today as they have been for many years past.

Wonderful Selection of Beautiful Silk Scarves for Holiday Wear

Sports women will surely want one of our smart Silk Scarves to further improve their holiday appearance. Here are many different designs and colors to choose from, including the new tri-corner and square silk scarves. Further, we have a lovely lot of scarves in the oblong effect that can be worn in many different ways.

VICTORIA AS AIR PORT

The rapid developments in aerial traffic all over this continent are a reminder to Victorians that they will have to bestir themselves. It is only public co-operation and a public demand that will lead to the creation here of a municipal air port. By this time there should be a daily service of passenger planes in operation between here and Vancouver and Seattle. To keep pace with what is happening on the rest of the continent, and to take advantage of the geographical position which Victoria enjoys, there is every reason why we should have recorded more progress in civil aviation than we have done. The actual contribution of our citizenship to aerial development has been disapointing, probably because our citizens have failed to grasp the potentialities of this method of traffic.

It is a commentary on a certain apathy that exists here that those indulging in short sight-seeing flights, conducted by a local company, mainly consist of visitors to the city. Since these flights commenced a few months ago only some 30 per cent of the passengers carried have been Victorians. Difficulties have been encountered in awakening the interest of the people in the establishment of a triangular airplane service, to supplement the ferry service of steamships, though experience elsewhere shows that the accelerated transportation would prove a paying venture from its inception. Once such a service is established there is every reason to believe that it will secure mail contracts from the Dominion Government which would mean an appreciable quickening up in the arrival of mails here, and similar dispatch in their departure.

It is not only from the standpoint of mail and passenger traffic that the development of civil aviation offers advantages which are being seized upon by local enterprise in so many places Pleasure as well as commercial air routes are being established elsewhere. Where speedy delivery is essential freight shipments can be carried. Civil aviation has now been developed to a point where adequate dividends are insured on investments. The extent to which civil aviation, with its quickening up of the means of transportation, is promoted is in many cases a matter of local enterprise and co-operation. Victorians can advance the day when they will bring this city into line with other cities of the continent in the matter of flying transportation which can be developed as occasion warrants. If the foundations of civil aviation here are laid by the co-operation of our own people it is they who will reap the rewards of the future. Aviation has become a factor in commercial traffic, and one which Victoria, on account of its geographical location, should welcome enthusiastically. It will be wholly to the advantage of this locality if the commercial routes eventually to be established out of this port, are financed by Victorians.

INSURE AT HOME

In that highly laudable campaign for the keeping of money for circulation at home, represented by the "buy home products" movement and other activities, but little attention has been devoted so far to the desireability of "insuring ourselves." As matters now stand more than half a billion of insurance is placed by Canadians in the United States. Manufacturers and other industrialists who are the protagonists of the "buy at home" movement often enough buy their own insurance in a foreign country, thus setting a bad example to their customers, that is bad so far as it fails to encourage the latter to buy goods manufactured at home. Unquestionably millions of dollars worth of goods imported could be bought in Canada, and similarly hundreds of millions of dollars worth of insurance now purchased in the United States could be placed with Canadian companies.

At the present time some $550,000,000 worth of insurance is placed by Canadians outside Canada. There are companies in the Dominion quite capable of handling this business. Manufacturers, industrialists and individuals generally should combine precept with practice. They can improve business conditions by purchasing insurance from Canadian companies. If it is a question of competition in rates it is conceivable that the more business effected in Canada the lower it will be possible to make the insurance rates.

VICTORIA DAY CELEBRATIONS

The elaborate preparations made for the observance of Victoria Day afford an illustration that this anniversary continues to be the most popular holiday in this city. This year the arrangements for holiday events have been in the hands of the Junior Chamber of Commerce and its members have shown an enthusiasm in the task that we have no doubt will be reciprocated by the co-operation of the citizens in the celebrations. In commemoration of the anniversary the citizens are being asked to decorate the town with flags and bunting, and in this and other ways to show their appreciation in the anniversary celebrations. The occasion will be marked by the visit here of an American warship, the U.S.S. Pennsylvania, whose officers and ship's company will be assured of a hearty welcome. Entertainments have been planned in their behalf, and they, in turn, have promised to co-operate in the festivities.

The usual parade, this year planned on a lavish scale, will be held, with several hundred school children taking part, with decorated floats, with bands, with marching detachments from the local naval and military forces and from the visiting American warship. A feature of the past to be repeated, which has always attracted great public interest, will be the regatta at the Gorge, and, in addition, numerous sporting events of a varying character have been arranged. The Victoria Day celebrations, with their commemorative features, have been for a long time an outstanding factor in the city's life. This year they will lose no whit of interest; in fact we believe that the energies of the Junior Chamber of Commerce will make them more popular than ever and perhaps give the impetus to even more elaborate celebrations in the years to come.

AUSTRALIA AND FILMS

In pursuance of its policy of encouraging the use of British films the Australian Government announces a new increase in the duty on foreign films from 1½d to 2d a foot. The tariff preference in favor of Great Britain has already resulted in reducing American imports to Australia from 88.2 per cent in 1925 to 78.1 per cent in 1927, and has increased British film imports from 8.2 per cent in 1925 to 12.6 per cent in 1927. The increased duty, which is expected to net £44,700 in additional revenue, will go still further towards establishing the British film industry in Australia. In addition the Commonwealth Government is urging the establishment of British agencies in Australia. A Canberra dispatch says also that steps are being taken to enforce the registration of film distributors, the limitation of a contract to twelve months and the right of block book contract holders to refuse to exhibit films on racial or religious grounds and also to reject five per cent of the total contracted for to enable them to show Australian films which are not regarded as quota films. Another matter being considered is a proposal to tax the gross earnings remitted to the United States by Australian branches.

CIRCUS MAXIMUS

The recent anniversary of the founding of Rome has been marked by the commencement of excavations at the site of the Circus Maximus, a task which is expected to occupy ten years. The structure at its time was perhaps the largest in the ancient world. It measured 2,000 feet in length and 600 feet in breadth. It was at the Circus that the great games were held, witnessed by from 250,000 to 350,000 persons, and the stadium has never been duplicated even in these modern times. Tradition assigns no date to the origin of this Circus. It is believed to have been established by Romulus himself and gradually enlarged. The expectation is that archaeological remains of great importance will be found during the excavations and possibly treasure of considerable richness.

The growth of foreign immigration to the prairie provinces is illustrated by statistics of farm holdings. In Saskatchewan the ownership of 115,715 such holdings has been determined, showing that 55,158 of these are in the hands of foreigners. The British have 60,557 farms, amounting to 24,119,857 acres. The total number of holdings in Saskatchewan is 117,781 and of these 77,984 are operated by the owners, 20,688 by part owners and part tenants and only 19,798 by tenants alone.

The Good Old Days

A Method of Teaching Reading

According to Susannah, Mother of John Wesley, 1732.

"None of them were taught to read till five years old, except Kezzy, in whose case I was over-ruled. The way of teaching was this: The day before a child began to learn, the house was set in order, every one's work appointed them, and a charge given that none should come into the room from nine till twelve, or from two till five; which, you know, were our school hours. One day was allowed the child wherein to learn its letters, and each of them did in that time know all its letters, great and small, except Molly and Nancy, who were a day and a half before they knew them perfectly; for which I then thought them very dull. Samuel learned the alphabet in a few hours. He was five years old; as soon as he knew the letters, he began at the first chapter of Genesis. He was taught to spell the first verse, till he could read it offhand without any hesitation, so on to the second, etc. He had such a prodigious memory, that I cannot remember ever to have told him the same word twice."

DEATH DEFEATED

Death, be not proud though some have called thee
Mighty and dreadful, for thou art not so:
For those whom thou think'st thou dost overthrow
Die not, poor Death! nor yet can'st thou kill me.
From rest and sleep, which but thy picture be;
Much pleasure then from thee much more must flow.
And soonest our best men with thee do go,
Rest of their bones, and soul's delivery!
Thou'rt slave to fate, chance, kings, and desperate men,
And dost with poison, war, and sickness dwell:
And poppy or charms can make us sleep as well.
Or better, than thy stroke: why s'well'st thou then?
One short sleep past, we wake eternally,
And Death shall be no more: Death, thou shalt die!

—John Donne (1573-1631).

Note and Comment

By R. B. D.

This is presidential year in the United States, a year which is supposed to be too much given over to political excitement to be good for business. This presidential year promises to be more exciting than usual, because an unusual element, according to present indications, will be introduced into the political situation. There are two candidates who are strong favorites for nomination and who are said to be assured of endorsement by the great political conventions. The nomination of Herbert Hoover, who is a Republican, is almost certain, for a majority vote in the convention is all that is required to assure his candidature. The nomination of Al. Smith, a Democrat, is not so sure, for a two-thirds vote of the convention will be necessary to assure his candidature.

Furthermore, Mr. Smith is a Roman Catholic in religious faith, and no Roman Catholic has yet been elected to the presidency of the Republic. The politicians of the United States, like the politicians of Canada, are not so sternly devoted to political principles as to be oblivious of the paramount importance of winning elections. That paramount consideration may influence the decision of the Democratic convention and affect Al. Smith's chances of securing a nomination. That is a feature of the present political situation in the United States that is of superlative interest even to people who have no particular interest in the political fortunes of the American political parties.

The two political parties of the United States are historical institutions. They are said to have been founded by two Fathers of the American Republic. The Republican Party is founded upon principles said to have been enunciated by Alexander Hamilton, a friend of George Washington, who was killed in a duel with Aaron Burr, an exceedingly practical politician of the old school. The Democratic Party is founded upon principles said to have been promulgated by Thomas Jefferson, also a friend of George Washington, who is said to have been one of the principals in drawing up the celebrated and historical Declaration of Independence.

Jefferson had a supreme faith in the inherent virtues of the common people. It was he who declared: "We hold these truths to be self-evident—that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty and the pursuit of happiness." Hamilton who appears to have been a cynic, said: "The People, Sir, is a Great Beast." The people of the United States have been in possession of their inalienable rights for more than a hundred and fifty years, their material prosperity has steadily improved during that period, and today probably is both the envy and wonder of the world. But we wonder whether disinterested observers, surveying the present trend of political events in the United States, will agree with Jefferson's or with Hamilton's views of the principles of democracy.

The principles of democracy triumphantly passed one supreme test when after a destructive civil war the slaves were freed and endowed with the inalienable rights of freemen regardless of race, color and creed, the right to life, liberty and the pursuit of happiness. But the faith of Jefferson in the virtues of the common people has not yet been completely vindicated in some parts of the United States. In fact, there are some parts of the United States in which the cynicism of Hamilton appears to be justified, in which the people in control of the government might be described as "a beast, sir, a great beast."

The democracy which has secured power in Chicago is neither a credit to the nation at large nor a vindication of the rights of the common people to self-government. When it is charged that not only the police who are employed to enforce the law, but the judges who are elected or appointed to administer the law are in league with the forces of lawlessness and disorder and are monetary beneficiarles of the vice and crime they are paid by the state to suppress, there surely appears to be some justification for the cynicism of Alexander Hamilton.

And yet we are not sure that Canadians, who rather pride themselves on the virtues of the democratic institutions they have adopted, based to some extent on the political philosophy or principles of Jefferson, have any right to cast the first or any stone at their neighbors. At the same time, while the conditions in Vancouver are in some respects next-of-kin to the conditions in Chicago, the charge cannot be laid that the judiciary of British Columbia have been conspiring with the police of Vancouver for the purpose of profitably exploiting vice and crime.

Letters to the Editor

No letter to the Editor will be inserted except over the proper signature and address of the writer. This rule admits of no exceptions.

RELIGION AND MORALS

Sir,—May I venture to refer to that part of your article "The Infinity of Life," in which you write: "The moral effects of religion afford as conclusive an answer as could be expected to those who cast doubting aspersions on the existence of spiritual discernment."

Nobody being perfect, morality is relative. It would be instructive to learn of any family that could be put upon a higher ethical level than Darwin and his sons.

J. N. HATCH.

182 Patricia Avenue, Oak Bay, B.C., May 21, 1928.

STRANGE VOICES

Sir,—The writer is a newcomer to your beautiful city. I have met a number of thoughtful men who are much puzzled by the numerous sects here, all drawing their knowledge from the same Book, worshipping the same God and seeking the same heaven.

At the Woolworth corner a band of Pentecostal people were holding an outdoor meeting on Saturday evening last. There was nothing to object to, except a dark young man, apparently a visitor, accused the churches indiscriminately of preaching philosophy, modernism, putting Christ and the Bible outside, etc. It struck me this young man's address was unwise, likely to have a bad influence and to do religion harm. I have worshipped at quite a number of the older churches in this city and have heard nothing to justify these sweeping assertions. I believe the gospel is well and faithfully preached. Further, the speaker declared men went to church to show off their fine cars, the women their fine dresses. Another speaker, apparently the pastor or leader, dissociated himself from this speaker, and said they were not out to attack other churches.

The lectures of Professor Everson are unsettling to many persons. His views are different to those held by the Christian church generally. They are strange, the subjects are fantastic, speculative, problematical. He belongs to the Seventh Day Adventists. They and the Bible Students have a good deal in common. On slender ground they believe the world will get worse and worse, that the Christian Church will become more and more corrupt, that a devastating war of Armegeddon, worse than the last war, will break out among all nations, then the second coming and the thousand millenium years will follow.

I heard Dr. Clem Davies deal with this subject one evening. He said to hold these views took away all incentive to make the world better or to strive for peace among the nations. He showed how the early Christians of the first centuries believed Christ would return in their day; nay, the New Testament writers believed He would appear to those then living. He quoted I Thess. 4:15 and on, where Paul declared twice, "We that are alive will meet the Lord in the air." Note the pronoun "we." Said Dr. Davies, "What are we to make of this? Simply that Paul was mistaken."

Because the Bible Students so bitterly attack the churches, and because of complaints made is one reason the government has discontinued the air service to them. Also the Bible Students jeer and attack the League of Nations and the work it is doing. Should the League attain peace among the nations Armegeddon will not ensue, and the Bible Students will be in error. Then, too, in depreciating the League the Bible Students are opposing the Government and the people of Canada, who have already spent $1,600,000 in support of the League. This alone is a good reason for discontinuing the air service to the Bible Students.

Another strange voice (to me) was Dr. Barton, of the "New Thought" Temple. A number of his views were unorthodox. He said we should not send missionaries to the Zulus and Chinese. It was an insult to these people; their religion was good enough for them. But Christ said, "Preach the gospel in all the world to all peoples." No prayers or reading of a Bible lesson was given by Dr. Barton. The thought he expressed were not "new" by any means. It seemed to me a case of trying to lift oneself by one's own shoe straps.

W. HORDERN.

844 View Street, Victoria, B. C., May 22, 1928.

GOLIATH AND BIBLIOLATRY

Sir,—How many Goliaths were there, if any? How many men killed him, or them? How many pebbles did David use, if indeed, he was among those present? If five pebbles, then why not five giants? How many authors colloborated on the story? And finally, what does it all matter? All of these questions except the last have been very gravely discussed by your correspondents; but the last question is really an interesting one.

Colonel Eardley-Wilmot and Mr. A. B. Sanders are so concerned with facts, real or alleged, and with theories, sound or unsound, which must be established at any cost, that they appear to lose sight of certain values beyond and above the scope of their facts and theories

Textual criticism and questions of historicity and authorship are of course interesting and important—within limits. Failure to recognize as valid the methods and many of the findings of science places Colonel Eardley-Wilmot in an untenable position. Essential truth has nothing to fear from facts; as guides to the truth they are good servants. On the other hand, perhaps Mr. Sanders may be reminded that facts, if allowed to get out of hand, are bad masters; they sometimes prove too much.

One of Mr. Sanders' earlier letters provides a simple illustration of this. "Why," he asks in effect, "is the average man more interested in David and Goliath than in the Neanderthal man?" His answer is very confident—"Bibiolatry." So far as his opponent is concerned this answer may or may not be correct, for in this instance neither of your correspondents seem to see the forest for trees. They are at it hammer and tongs about versions and aliases and pebbles and Oriental inexactitudes. But the average man is interested in the story for its own sake; questions of authenticity lose their significance; here are values superior to fact. Clear-eyed youth in quest of high adventure is what interests us.

The value of Shakespeare's plays as a commentary on life is not seriously impaired by their frequent divergence from fact. It is not seriously impaired by obscurities and distortions of the text. It would not be impaired even if Shakespeare should prove to have been Bacon. No do we make a fuss about plagiarism because the dramatist used old stories as vehicles of lofty thought.

Rationalist critics find an easy mark in the primitive conception of God as a tribal deity interested in slaughter; but the conception has soared out of their range when it reaches this height: "What doth the Lord require of thee but to do justly, and to love mercy, and to walk humbly with thy God?"

GEO. H. MATHER.

Elk Lake, B.C., May 21, 1928.

VICTORIA DAY PARADE

Sir,—Several inquiries have been made since the announcement of the order of the Twenty-fourth of May parade as to the propriety of placing the sailors of the American Navy at the head of the parade.

Mr. Allison, the chairman of the parade committee, has, of course, acted upon information received from Commander Nelles, and since inquiries have been made today, I have been personally in touch with Commander Nelles, who states that the international courtesy of precedence in processions is always granted to visiting sailors. Commander Nelles states also that not only has this been his experience, but that he has made inquiries from many of his older service men at Esquimalt, and they agree that this is invariably the custom.

In view of the many inquiries in this connection I considered it advisable that the public be advised that the committee is acting upon the advice of naval authorities, and in placing of the sailors of the U.S.S. Pennsylvania at the head of our procession, is observing the usual courtesy which is extended by all nations to visiting forces.

Answering an inquiry which appeared in the press some days ago, I may state on behalf of the committee that provision is being made for refreshments for the school children at Beacon Hill Park at the conclusion of the parade.

W. T. STRAITH,
Chairman Victoria Day Celebration, Victoria, May 22, 1928.

The Rhyming Optimist

By Aline Michaelis

ILLUSION

We know the rose will blossom but a day,
We know how little while the lark will sing,
And yet, in dreams too dear to put away,
We tread the pathways of eternal Spring.

We know that childhood's golden hours are brief,
That youth's supernal bliss must fleetly pass;
But all unheeded drops the falling leaf
Upon the withered bosom of the grass.

For bravely on we go with eager eyes
That in each tempest find one glimpse of light,
And, woven through life's web of tears and sighs,
Still trace one golden fibre of delight.

LECTURE ON GREAT PYRAMID

An illustrated lecture on "The Great Pyramid and Its Symbolism and Divine Message," will be given by Mr. E. E. Richards in St. Luke's Hall, Cedar Hill Road, this evening at 8 o'clock. The rector, Rev. S. Ryall, B.A., will take the chair.

TO MARGUERITE, QUEEN OF THE MAY

(From Her Loyal Subjects, Empire Day, May 23, 1928.)

Fair as the flowers of Spring, and sweet:
Our Sovereign Lady, Marguerite!
Whose loving heart and gracious mien
Proclaim her every inch a Queen.
Hail, sweetest maid! Our fealty
We, one and all, accord to thee.

These honors now that thou dost wear,
What happy privilege to share:
Behold! This loyal court of thine,
In whom the graces all combine,
Beyond all titles doth concede
Thy right to that of "Queen," indeed.

May all thy days be fraught with bliss,
Thy life with heavenly harmonies:
Thy reign illustrious, and withal
No untoward event befall,
Nor gentler ruler crowned today
Than Marguerite, Queen of the May!

—Jeanne Valdez.

Victoria, B.C., Empire Day, 1928.

Change of time on E. & N Ry.—May 23, trains depart 9:15 a.m. and 5 p.m.

FIFTY YEARS AGO TODAY

(From the Daily British Colonist of May 23, 1878)

International Baseball—The Seattle Intelligencer says that the following will comprise the Seattle nine: Frank Treen, catcher; George Snow, pitcher; James Warren, first base; Sam Percival, second base; F. Dunham, third base; Mr. Jacobs, short stop; while Messrs S. Lowe, James Spencer and Sam Crawford will make up the outfield. The Amity nine will be selected from the following: P. Owens (captain); J. G. Cameron, R. Hall, J. W. Griffiths, J. Herriston, C. N. Gowen, P. Medina, W. Carter, J. Kuna, W. Clyde and J. Seeley. Mr. L. G. McQuade, secretary of the Amities, will act as scorer, and Mr. Joshua Davies has been asked to officiate as umpire.

From New Westminster—The steamer Wilson G. Hunt arrived at 9:15 a.m. yesterday from New Westminster with the following passengers: Mrs. Irving, Mrs. T. L. Briggs, Mrs. McLean and son, Mrs. French, Miss Nellie Irving, Miss Charlotte Holmes, Miss Chiseold, Miss Bailey, Mr. and Mrs. Tilla, Mr. and Mrs. Doyle, Mr. and Mrs. Ward, Mr. and Mrs. Tilbury, Messrs. Bowden, Dauphin, Herrin, Wallis, McNiff, Anderson, Taylor, Hayward, Ross, Kennedy, Culver, Oomall.

Personal—Mr. J. Herron, secretary of Wells, Parvo & Co., and Mr. J. K. Duncan, manager of the Vallejo Land and Improvement Co., are in town and will remain until Tuesday. They are staying at the Occidental Hotel.

Pyrotechnic Display Is Outstanding Feature on Celebration Programme

A firework display such as Victorians have not seen since pre-war days will be the main feature of the May 24 celebration programme for Thursday night. The signal for the starting of the display will be a salvo of some new Amonol flash detonators which will be fired at 9 o'clock. They will explode 300 feet in the air to inform the public that the display is about to open.

Following this the crowd will be entertained with a kaleidoscopic array of stars, lights, flares and cataracts.

The firework display programme is as follows:

Novelty shells—Display of one of Hitt's twelve-inch shell effects, disclosing crimson and green, amber and blue, magnesium sparkler, royal purple, Japanese willow, hanging streamer, gold rain and emerald electric. Many of these shells were specifically designed for this season and are not to be surpassed for beauty and brilliancy.

Prismatic Scenic Illumination—Special display of twelve wonderful changing red to green "Scenic Illumination Lights," illuminating the entire field with changing hues of red and green.

Chameleon Rockets — Salvo of three four-pound chameleon rockets, displaying all the changing colors of the chameleon.

Golden Chrysanthemums—Special display of three four-pound golden chrysanthemum display rockets.

Pear Tree Rockets—Salvo of three two-pound "pear tree" rockets, showing in color the green of the leaf and the color of the fruit.

Thunder and Lightning National Rockets—Special display of three eight-pound thunder and lightning national rockets. These rockets not only discharge large quantities of stars, but explode with a report which can be heard for miles. A Hitt's patent rocket.

Aerial Wheatsheaves—An aerial scene depicting sheaves of golden grain glowing as if under the light of the setting sun.

King Solomon's Mines—Portraying the jewels of Golconda. Covering an area of 12,000 square feet.

Mikado Shell—Salvo of one 14 1-2-inch "Mikado" bombshell. Colorings from the land of the cherry blossoms; very Oriental.

Star of Eve—One eight-pound transformation parachute rocket. This rocket changes color many times as it is carried away in the breeze. This splendid rocket upon reaching its maximum height (500 feet) releases a large parachute to which is attached a brilliant magnesium light similar to those used in France to illuminate "No Man's Land."

Three Electric Helicopters — Whistling propellors rise horizontally from a stationary position to a height of seventy-five feet. A triumph in mechanical air flight.

Aerial Niagara—One 14 1-2-inch waterfall parachute shell. Ascending to a great altitude, this shell releases a parachute from which is suspended a mass of liquid silver fire, dripping almost to the ground as it floats away in the breeze.

Holly and Mistletoe — Salvo of three "Holly and Mistletoe" rockets showing red, green and white in a beautiful aerial cluster. Hitt's triple-headed patent rockets.

Screen of Cashmere—Interwoven patterns of flying color lines as intricate and beautiful as the "shawls of Cashmere."

Fiery Octopus — One immense eight-pound rocket spreading its golden talons of fire hundreds of feet in all directions from a given axis. An exceedingly beautiful novelty.

The Union Jack—In a whirl of fire around a flagstaff suddenly appears the furled Union Jack, visible from opposite sides. Suddenly it floats to the breeze, speaking its message of national honor to the crowd.

Caterpillar Rockets—Display of mammoth eight-pound French Government "Caterpillar" or "Chenille" rockets as used by the Aviation Department of the French Government.

Aerial Wheatfields—Two 16 1-2-inch shells, one green and one gold. The simultaneous discharge of these two shells blends to produce the green foliage of the growing grains, gradually changing into the ripened sheaf.

Dragon's Frolic—First it turns, then it pauses to take breath, then it whistles and starts again, then finally expires and collapses in a blaze of glory.

Special Display of Rockets—Five two-pound display rockets; just the same as fired in our own displays.

Hawaiian Moonlight—One 14 1-2-inch gold magnesium star shell. Hundreds of golden stars of penetrating brilliancy are released at a great height, illuminating the entire surroundings with a moonlight effect.

Land of the Midnight Sun—Two 14 1-2-inch parachute and searchlight shells. A light of dazzling brilliancy appears suspended in midair. So dazzling is the magnesium light used in this effect that the surroundings may be readily photographed. This effect was used extensively on the battlefields of Europe during the World War.

National Emblem—Columns of lines of light burnished in our nation's colors rise and fall, speaking their message to the audience.

Golden Rain—Flight of three four-pound "Golden Rain" rockets. Brilliant golden fire falling as soft as snow.

National Colors—Salvo of two four-pound rockets. These Hitt's patent triple-headed discharge pennants of color—red, white and blue fire, glowing in a canopy of twinkling stars, with salutes to the colors.

Gardens of Nero—Gleaming fountains of colored petals flung adrift on the night.

Fields of Clover—Two ten-inch shells, ruby red and emerald green. These shells burst at a great height, the intermingling colors forming a field of clover in full bloom.

Gardens of Cashmere—Produced by the simutaneous discharge of one ten-inch red, green, blue and gold shell, intermingling stars forming Oriental bed of vari-colored patterns.

Field of the Cloth of Gold—One ten-inch shell. This effect is created by the discharge of this golden flitter shell, bursting into a field of golden, shimmering fire.

Mandarin Flashlight—Special display of one 14 1-2 inch Mandarin flashlight shell. At a height of 500 feet it explodes with a series of rapid machine-gun fire.

Thunder and Lightning—Special display three eight-pound thunder and lightning bug patent triple-headed rockets. These rockets discharge large quantities of fiery flashing shapes, and explode with a report that can be heard for miles.

Salute to the Colors—Display of two ten-inch one and three break red, white and blue national color bombshell, and two mammoth signal maroons. Properly saluting country's colors.

Dear Little Shamrock—One ten-inch emerald green shell, filling the heavens with Erin's national flower.

Electric Ruby Crystals — Two Hitt's patent triple-headed rockets, releasing hundreds of ruby spreaders, scintillating over a great area, broken by detonating flashes.

Vary Signals—Two ten-inch variegated shells, releasing a myriad of vari-colored stars, producing every color of the signal corps.

Arctic Aurora—Two 16 1-2-inch scintillating star shells, releasing hundreds of sparkling, misty, scintillating stars of great beauty.

Cleopatra's Necklace—Two eight-pound parachute and chain patent rockets. These rockets release floating festoons of brilliant, fiery jewels that sail through the air. One of the most beautiful conceits of the fireworks art.

Oriental Curtain — A massive, swaying aerial curtain covering a thousand square feet, in which hang jewels of wondrous beauty which rotate from color to color.

The Miser's Dream—Masses of liquid, aluminum fire are thrown to a height of thirty feet, giving off a misty, silvery spray that falls back to earth splashing and rebounding, representing flowing fountains of wealth.

Two Whistling Fiery Gnomes—These beautiful novelties begin their display by revolving rapidly on a rope which is stretched between two posts set 200 feet apart, finally making flights across the field to the starting point. Surprising, startling, entertaining.

National Salute Bombshells—One 14 1-2-inch four break red, white and blue shell. Bang! The colors of our flag and a final salute for good measure. This is a real bomb!

Violets and Primroses—An aerial flower garden, produced by the discharge of one 14 1-2-inch blue and gold shell. The stars intermingle high in the air, creating a veritable garden of primroses and violets.

Royal Chrysanthemums — Two 16 1-2-inch royal chrysanthemum shells. This is one of the most beautiful effects ever shown in pyrotechnic art.

Liberty Rockets—Three wonderful two-pound Liberty rockets. Specially designed for exhibition use. Hitt's patent triple-headed.

Three Golden Pyroplanes—Ascent of three "Golden Pyroplanes," each piece ascending to a height of fifty feet under its own power.

Comets of Pall. A steady rain of volcanic fire rotating from one effect to another and climaxing in the flight of a golden comet gleaming with irridescent flame.

King Tut Bombshells — Two 16 1-2-inch shells; has the regular Paisley shawl effect, supposed to have come originally from the land of King Tut.

Grand Girandole — Flight of twelve two-pound Hitt's patent triple-headed thunder and lightning fancy rockets, filling the sky with kaleidoscopic color, light and energy.

War in the Trenches—Grand Finale—This effect is produced by chains of lightning bombshells containing blinding flashes and deafening reports. A realistic reproduction of machine-gun and rifle fire. A rousing finish to a well-balanced pyrotechnic display.

Foul Perspiration Odors Have Deep-Seated Cause

Every Woman Can Protect Herself by a Simple and Inexpensive Treatment.

Foul body odors have a deep-seated cause, which lies in the bowels and intestines. Until these organs disgorge the corruption they are carrying, no relief can be expected. You can quickly make your body sweet and clean. You can easily get rid of nasty perspiration odors if you cleanse your system with **Dr. Hamilton's Pills.** These little pills bring down an astonishing amount of waste matter. They clean up your insides, rid you of headaches, overcome constipation, bring back rosy color to the cheeks, stir up the appetite and make you feel like you did in your youth. For regular, vigorous, happy health, use **Dr. Hamilton's Pills**—just right for women's ills, mild, efficient and never cause distress. Sold everywhere in 25c boxes. (Advt.)

Jones, W. McMichael, J. H. Harman; distribution of prizes, Reeve William Crouch, with Chairman H. P. Thorpe presiding; refreshments, J. M. Nesbitt and W. P. Jeune.

There are 781 entries for the races, which are being staged under the auspices of the Saanich Public Schools' Athletic Association.

Obituary

LUSCOMBE—The funeral of Thomas Luscombe, who passed away May 18, was held yesterday afternoon, from the S. J. Curry & Son Funeral Home. Many friends were present and beautiful floral tributes covered the casket. Rev. Dr. W. J. Sipprell officiated at the service during which the hymn, "Rock of Ages" was sung. Mrs. E. C. Wilderspin presided at the organ. The following acted as pallbearers: Messrs. F. H. Wills, C. W. Plumb, T. Lumsden, J. A. Scott, John Hoy, and W. Moore. Interment was made in the family plot at Ross Bay Cemetery.

HOLYOAKE—Services were held yesterday afternoon at the Sands Funeral Chapel for Miss Annie Holyoake, who died at the family residence, 536 Niagara Street, on May 16. Relatives and many friends were present, and the profusion of beautiful flowers testified to the high esteem in which Miss Holyoake was held by her many friends. Rev. F. A. P. Chadwick officiated, and the hymns sung were "Brief Life Is Here Our Portion," and "There Is a Blessed Home." Messrs. J. D. Crowthers, G. A. Noble, R. D. Noble and H. Bussey acted as pallbearers, and the remains were laid to rest in the Royal Oak Burial Park.

SHOTTON — Many attended the funeral service yesterday afternoon over the remains of Benjiman Shotton, who passed away at the Royal Jubilee Hospital on May 18. Relatives and many friends were in attendance, and members of the Victoria Riggers and Stevedores attended in a body. Rev. John Robson officiated, and the hymns sung were "Abide With Me" and "Lead Kindly Light." Messrs. W. S. Wilson, R. Wight, J. Collins, H. Murray, C. Nelson and C. Hansen acted as pallbearers, and interment was made in the Royal Oak Burial Park.

JONES—The funeral of Doris Jones, who passed away in this city on May 19, was held on Tuesday morning from the family residence, 2658 Avebury Avenue. Among the many friends attending the service were a number of Girl Guides with Mrs. David Swan, captain of the First East Victoria Company, and Miss Hilda Leighton, divisional commissioner. Mr. Olton conducted the service, after which interment was made at Ross Bay Cemetery with the following as pallbearers: A. McKerracher, A. Halkett, T. Halkett, H. Vaio, B. Brown and W. Slater.

Porter Appeals

VANCOUVER, May 22.—Following the example of Al Marks, twenty-nine, salesman, who has appealed a conviction for conspiracy to defraud the public, Charles P. Porter, forty-eight, manager, has also filed notice that he is appealing to the court of appeal at Victoria in June.

Both men were sentenced by Mr. Justice Morrison to seven years' imprisonment in New Westminster penitentiary.

The same grounds are recited in Porter's notice of appeal, which has been filed by W. J. Murdock as were set out by Marks.

VICTORIA LOSES VETERAN POET

MR. W. T. PYE DIES AT ADVANCED AGE—KNEW MANY CELEBRITIES

Was Possessed of Remarkable Memory for Theatrical Personalities

After an illness of two months, the death occurred last evening of Mr. William Thomas Pye, aged eighty-four, of 971 Cloverdale Avenue. The late Mr. Pye was born in London, England, and was a painter by trade. He came to Canada in 1888, settling at Hamilton, Ontario, where he was engaged for a number of years in his trade. Some eighteen years ago he moved to Victoria. For some years he was engaged as night watchman at the Court House until he retired four years ago as a pensioner.

Mr. Pye, during his residence here, had established himself as a character widely known because of his friendly proclivities. He had friends in all walks of life, and while health permitted he paid them regular visits for the purpose of social intercourse. His hobbies in later years were the writing of poems, of which he had many copies multigraphed and distributed to his friends, and the collection of autographs of people prominent in various countries. His collection of the latter was very extensive and included kings, queens and many other members of royal families, prime ministers, admirals, field marshals, leading lights in the theatrical profession, and, in fact, most of those personages who have been in the public eye during the last few decades.

Mr. Pye had an excellently retentive memory of men and events. His recollections carried him back to the arrival in England from Denmark of the late Queen Alexandra when, as a Danish princess, she arrived in London to wed King Edward. In his youth he was, like so many Londoners, an inveterate attendant at the theatres, and his theatrical memories carried him back upwards of six decades, and he recalled every performance he had ever been at and the names of the principal actors and actresses.

Mr. Pye leaves two sons, William and James, and a daughter, Mrs. J. Smith, of Thorold, Ontario.

MARQUIS OF ANGLESEY IS VISITING PROVINCE

VANCOUVER, May 22.—The Marquis of Anglesey, who is a heavy investor in Canadian properties, arrived here Monday night by private car over the Canadian Pacific Railway. It is understood that he will spend several days in Vancouver and Victoria looking over the possibilities for investment and visiting friends.

The Marquis came to Vancouver from Calgary, where he has been for some time looking over the progress of drilling on his own oil well near that city.

In British Columbia he is said to have considerable holdings near Kamloops. Whether this present trip will have any bearing on the early development of these holdings it has not been stated.

The "Geraline"

Most Popular Hat in America

Nor are we prepared to doubt the maker's claim for this delightfully smart little crush hat. It is here today in a wide range of new pastel shades and the soft crush straw enables the wearer to devise her own method of wearing it most becomingly. Price **$4.95**

Our display of Summer Millinery is notable in that no two hats are alike and styles are impressively smart. Prices from $5.95

Why not buy a used

PACKARD

most of the new car *mileage*
all of the new car *distinction*
part of the new car *cost*

PACKARD cars are built to provide many years of luxurious, care-free transportation. Yet some owners—graduating from the Six to the Eight, or desiring a different model—turn in their cars at ten to twenty thousand miles.

Our used Packards offer literally MOST of the new car mileage.

Packard cars, whether built this year, last year or the year before, are characteristically Packard in line. In appearance they change but little from year to year—retain always their fundamental design.

Our used Packards provide admittedly ALL of the new car distinction.

Packard cars when taken as part payment for new models are bought at their fair market value and offered for resale on a one-price and no-profit basis. Our profits are made on new cars—we accept and turn over the used car as cash.

Our used Packards, therefore, make Packard transportation available at but a PART of the new car cost.

Why not inspect our used car showings today? They offer Packard beauty, comfort and distinction, fine-car mileage and performance at costs no higher than for lesser cars.

A good Packard used car is a better buy at the same money than many a lower priced car when new—and costs no more to run.

Our used cars, like our new cars, may be bought on a monthly payment plan.

Y.M.C.A. SHOWS FINANCIAL GAIN

President Graham Tells Members of Progress at Annual Meeting — Directors Elected

LADIES' AUXILIARY DOES GOOD WORK

Marked financial progress in the last year was the keynote of President Mark W. Graham's report at the annual meeting of the Y.M.C.A., held last night, at which one hundred members were in attendance. In the twelve months ending April 30, the local institution's receipts were larger than the expenses, and this is due in no little way to the efforts of the Ladies' Auxiliary, continued the speaker. It will be seen by the balance sheet that a larger rental than ever before has been received from the dormitories. The work put in, time expended and monies raised by the ladies, has made this possible. Under the regime of Mrs. J. O. Cameron, as president, over $1,000 was raised, and this was spent in renovating the rooms, painting and kalsomining the lobby and installing new gas stoves.

Mr. Graham spoke of the recent drive and of the raising of some $14,000 to help to lift the weight of debt from the local institution. He thanked the directors for their support in the last year, and stressed the amount of time and work they had put forward in their attempts to help the Y.M.C.A. Speaking of the staff, the president was loud in his praise of its efficiency.

Fred M. McGregor, chairman of the finance committee, in his report stated that the financial standing of the Y.M.C.A. was never better than at the present, time. Needless to say, this report was greeted with applause by the members.

Mr. Ira Dilworth, principal of the Victoria High School, in a few well-chosen words, thanked the members of the Ladies' Auxiliary for the excellent work they had done in the past.

Mr. H. B. Witter, chairman of the nomination committee, presented its report, which was received without a dissenting voice. Messrs. Herb. Hammill and Fred Bartholemew were elected to fill the vacancies caused by the resignation from the board of directors by Messrs. J. D. Robinson and William C. Hudson.

Messrs. W. D. Todd and Aaron Parfitt, retiring directors, asked to be relieved from further nomination. Their positions were taken by Messrs. R. J. C. Smith and Victor.

Mr. Ira Dilworth, Fred M. McGregor, Dr. M. W. Thomas and H. B. Witter were re-elected for a further term of three years.

At the meeting of the directors immediately following the adjournment of the annual meeting, Tuesday, June 12, was the date set for the election of president and officers of the board of directors.

BALANCE SHEET

The condensed balance sheet shows the following expenditures: Office and administration, $6,080.38; property and maintenance, $13,765; membership and physical, $3,738.63; social and religious, $279.42; dormitories, $2,032.50; catering, camps and clubs, $3,379.88; contributions, $973.41, showing a surplus over expeditures of $2,157.23.

Mr. Justice M. A. Macdonald gave a stirring address on "Perils of Democracy."

SHIP OWNERS AGAINST PLAN

Manager of Shipping Federation Declares St. Lawrence Waterway Project Untimely

OTTAWA, May 22.—"It is our firm conviction that as far as Canada is concerned, the project is untimely and unnecessary," said Al. Macallum, manager of the Shipping Federation of Canada, to the Federal committee on waterways today, with regard to the St. Lawrence project. Mr McCallum assured the committee that the organization which he represented was concerned only with ocean shipping, and that it was not wedded to any particular port or ports in Canada. It felt, however, that the immense expenditure on such a scheme as the St. Lawrence waterways could only be justified if it were proved that benefits would be correspondingly large.

The federation had given special consideration to the matter, and it had come to the conclusion that the expenditure at present was not warranted.

Man Rescued From Sinking Gasboat Jean

Mr. James Mowat was taken to the police station last night for safe keeping, following his rescue from the waterlogged gasboat Jean, which was found in a sinking condition in the water off Holland Point, at the foot of Menzies Street, about 8 o'clock last night. Very little could be ascertained as to what had happened to the man, for he was not in a condition to give a coherent story. Under the circumstances, the police have not been able to obtain any account of the man's history.

Constables Ben Acreman and Fred Littlefield responded to a call turned in at 8:20 o'clock, and found the gasboat Jean half submerged in the water.

Securing the aid of Mr. Robert Armstrong, who came out in a launch, Mr. Mowat was taken from the boat and put up for the night at the jail. Mr. Armstrong meanwhile towed the waterlogged boat to the beach, so that it might be salvaged.

NELSON, May 22.—Over a quarter of an inch of rain fell in Nelson in less than an hour today, and considerable damage was done in the city. Lightning striking a high tension line put the city power out of commission for over two hours. Telephone and telegraph services were interrupted. Washouts have occurred on several highways leading to the city.

City & District

Oak Bay Rose Show—Owing to the earlier season for roses expected as a consequence of wearmer weather, and a desire to have the event coincide with the Queen Alexandra Rose Day, the Oak Bay Rose Show has been advanced one week, to June 16. Space will be in heavy demand at the Crystal Garden for the exhibition.

Victoria Day at Postoffice—The registration and general delivery wickets will be open from 8 a.m. till 10 a.m., stamps being sold during these hours, at the Victoria Postoffice. The money order wickets will be closed all day. There will be no letter carrier deliveries. Only the evening street letter box collections will be made. All mails due to be dispatched on ordinary week days will be dispatched as usual.

Objections Heard — Mr. George Mabon, registrar of voters for the Victoria and Esquimalt electoral districts, yesterday heard 350 objections against names included on the Esquimalt list, and adjourned the hearing of 150 more Esquimalt objections until Friday afternoon. The registrar will commence this morning the consideration of 500 objections which have been filed against names on the Victoria list.

Save the Children Fund—The following contributions were received by Mr. Landsberg, local treasurer, Save the Children Fund, for period of May 15 to May 21: H. W. Suttie, $100; W. Barclay, St. Paul's Sunday School, $2.75; A. E. C., $5; Alfred Wiggs, $3; W. D. Davis, $2; R. Henderson, $10; A. Booth, $6; W. Wilson, $25; Jean M. Story, $25; Mr. Lonsdale's School, $20; Miss Glidea's School, $10.75; Collegiate School, $6.05; Someone, $2; Brentwood College, $19.25; J. S. Conibean, $5; Mt. Douglas Apts., $2; F. T. C. Wicpain, $2.50; Miss Ruth Ede, $1; Mrs. Sullivan, $2; John Armstrong, $5; E. J. P. Barnes, $5; J. Strang, ...5; Stannard Furniture Co., ...; Mrs. A. E. Grant, $50; F. Winslow, $10; Mrs. L. A. Young, $1; J. and M. Sanson, $1. First Baptist Church, $67.96. Total, $439.26. Further donations will be gratefully acknowledged by Mr. Landsberg at 641 Fort Street.

Care of the Eyes

"An Optometrist's Talk to the Blind" is the subject of an interesting radio talk—one of a series on the care of the eyes, by Joseph Rose, optometrist—over radio station CFCT at 8:20 o'clock.

GYROS FOSTER WORLD AMITY

Continued from Page 1

friendship was Rotary, Kiwanis, Gyro and kindred service organizations.

"NOT MORALE DESTROYERS"

"We have heard writers and authors say that such institutions are morale destroyers. Gyro is a morale builder, and thank God it will always be such. And this applies also to the Rotary, Kiwanis and similar bodies which are rendering such wonderful community and world service," President Stephens asserted.

The international president recalled that the Gyro movement was launched in 1914, and had grown until today there were seventy-one clubs in Canada and the United States. On May 24 the City of Charlottetown, Prince Edward Island, would be included in the Gyro ranks, thereby combining every province in the Dominion in the Gyroscope.

"Gyro now consists of between 5,000 and 6,000 upstanding men in the provinces of Canada and the states of America," declared Gyro Stephens.

The speaker referred to his visit to Victoria several years ago, when delegates to the Gyro international convention were here, and stated that his return to this city now was just like a "homecoming." It afforded him a great deal of pleasure to be here on an official visit to the Victoria Gyro Club, and he was also glad to personally say "hello" from Madison, Wisconsin, to the local clubmen.

HAND OF FRIENDSHIP

"You'll always find the hand of friendship extended in Gyro," he stated.

President Stephens said that a 100 per cent Gyro was a man, an honest-to-goodness he-man, one whom a person could be proud to shake by the hand and in whom one could place trust and confidence, and know that such confidence would not be misplaced. In short, a friend. That typified the real true Gyro, he declared.

Luncheon meetings were very fine, but that was not all that Gyro consisted of. Gyros were conscious of their desire to do something for their communities. The necessary culmination of friendship, he said, was the desire to do something for someone else. Gyro was founded on friendship, and Gyros contributed greatly to community betterment.

"But Gyro must not stop with our attention to the particular needs of our particular communities. What is the impelling force that brings me from the Atlantic to the Pacific, and Past International President Lougheed to the Pacific Coast on this and other occasions. It is that spirit of international friendship, that desire to promote mutual understanding between the two great nations, and the desire and effort to make Gyro a notable aid in the fostering of such a worthy enterprise. This is the purpose for Gyro that transcends the mere local and goes into the international character of our organization," concluded International President Stephens, amid prolonged applause and cheers.

GYRO CLARENCE LOUGHEED

Past International President Clarence H. Lougheed, extended the greetings of the Calgary Gyro Club, expressed the pleasure it gave him at being present at the local Gyro Club meeting, and thanked the Gyros for their kind hospitality.

Lieutenant-Governor A. B. McAdam voiced the regrets of District Governor Al Bergeron, of Portland, at his inability to be present. He said that Pacific Northwest Gyro District was about to welcome a new club at Ketchikan, Alaska, and hoped Victoria Gyros would be liberally represented at the installation of the new body. He pointed out that the new club was being sponsored by the Prince Rupert Gyros. In closing, he extended the greetings of the New Westminster Gyro Club to the local clubmen.

The Gyros decided to furnish transportation for the inmates of the Children's Aid Home to and from their Summer camp at Sooke.

During the dinner, enjoyable selections wre rendered by the Imperial Male Quartette, comprised of Messrs. Frank Tupman, J. W. Buckler, Alfred W. Palmer and William Draper.

Merchants Asked By Mayor to Aid Decorate City

ALL merchants are requested by Mayor J. Cari Pendray, on behalf of the May 24 Celebration Committee, to display their sidewalk flags today and for the remainder of the week, while the celebration is in progress. A further request is also made that merchants decorate their shop fronts so as to make the business section as colorful as possible for the occasion.

Boy Scouts and Wolf Cubs

BOY SCOUT NOTES

The competition for the Slater Cup for Jungle dances was brought to a conclusion last week, St. Mary's North Pack winning with eighty-five points out a possible 100. They were pressed closely by Oaklands with 80.5, the points for the other packs competing being: St. Paul's, 72; North Quadra, 62.5, Fairfield, 59.75; St. Mary's South, 54.5; Third, 54, and Collegiate, 37.75. It is very gratifying to see the youngest pack, St. Paul's, occupying such a high position. There was much good work shown, but sufficient attention has not been given to executing either the spiral or figure of eight with sufficient winners. The displays given by the first two packs were of a very high order, their Akelas both creating the right atmosphere by giving thrilling explanations of the stories of the dances, and showing, by the questions they asked, a true understanding of the important place these dances rightly hold in Wolf Cub training. The first four packs will take part in a display of these dances at the garden fete at Government House on Saturday next.

May 24 will be a busy day for Scouts and Cubs. The latter will take part in the parade, and, after assembling at the corner of Yates Street and Fernwood Road, will march down to a red mark on the pavement opposite 1034 Yates Street, where they will take up their position in the parade. This year the Scouts, instead of joining the parade, will give service. St. Paul's Troop will supply division leaders, judges, attendants, etc. Fairfield will keep the corner of Yates and Government; Oaklands, the corner of Government and Superior; Tillicum, the corner of Superior and Douglas, while St. Mary's, under S.-M. Forrester, will keep clear a parking space at Beacon Hill School for the cars of the Mayor, etc. They will be helped in their work by contingents from Tillicum, North Quadra and St. Michael's.

Arrangements for the garden fete on Saturday are well in hand. Everyone is asked to have what they are responsible for ready at 2:30, as His Honor will formally open everything at 3 p.m. Only a really fine day is wanted to repay the members of the Ladies' Auxiliary for all their time and trouble. The beautiful gardens are looking their best and should prove a great attraction to the public.

Fairfield Troop has decided to hold its meetings in the open for the rest of the Summer.

Third Troop—The tenderfoots practiced signalling and also played the flag game. Recruits were busy with the Scout law and history of the flag. The troop will supply a guard of honor and flag party at the memorial service at Queen Victoria's statue on May 23.

St. Mary's Troop—Harold Attwell passed his second class compass and Geof. Rice-Jones, John Biller, Maurice Oddy and Bob May completed their second class tests. The following promotions have been made: T.-L. Joe Rose to be acting A.-S.-M., P.-L. Govnal to be T.-L., Will Marshall and Allan Taylor to be joint P.-L's of the Hawks, 2nd John Govnal to be P.-L. of the Cougars, John Forbes to be 2nd of the Hawks, and Jack Hawkins 2nd of the Cougars. The troop will meet at its headquarters at 1 p.m., May 24.

St. Michael's Troop—As the P.-L.'s did not turn up at the evening meeting, as arranged, they were set the job of running the meeting, which consisted mostly of games. Push and Pull, cord fighting, P.T. games, and a signalling game run by the S.-M. made up the programme.

North Quadra had a good meeting and the Commissioner looked in to tell them they had won the cup for junior scout craft sports. They have made up their minds to make a good show for the Wilkerson Shield next year.

WOLF CUB NEWS

Fairfield Pack—The pack was visited by "The Squire" and the D.-S.-M., who judged them for the Jungle dance competition. Cub Instructor Douglas Stoddart took signalling and compass work with cubs working for their second star. Cubs J. Waldren and Sidney Vivian were passed in knots by Akela Cub Morris Waldren successfully passed the test for second star for which he was examined by Mr. Munro. The games played were Hop It and Blow the Whistle.

N. Quadra Pack—The last meeting was held at the Gorge. Some time was spent in practicing the sports programme and playing games. Later the cubs had supper and finished the evening with songs and stories round the camp fire. Akela Duncan, Second Duncan and Cub Duncan were welcome visitors from Oaklands. Before leaving for home Akela Spurr presenter Sixer Hubert Parrott of the Browns with his second star. The pack were very glad to have Harold Parrott back with them as a visitor and hope he will often be with them.

Royal Oak Pack—The pack spent last meeting at the sports programme. They are much obliged to Mr. Wedd who has cut the grass outside Pack Headquarters, so that it is easier for them to play their games.

St. Mary's North Pack—The pack practiced Skin the Snake, Criss Cross, ball throwing, and Rabbit, Monkey, Crab relay. The games played were stalking, tunnels, and cap race. P. Gornall was enrolled and took his promise as a Cub. He is the fourth member of the Gornall family to join the pack, one brother being a senior sixer. He also has two brothers in the troop, one being a troop leader and one patrol leader. On Saturday the pack visited the Scout grounds at the Gorge and had lunch. During the time they were there they had an inter-six competition hunting for tent caterpillars and destroying them.

St. Paul's Pack—All the Cubs joined in a game of duster hockey followed by a brisk examination in first star work, as all Cubs are anxious to make camp. Sixer Beverly Labie has passed all his tests. Even the tiniest Cub, Douglas Acreman, is making a gallant and successful effort to keep in stride with the older Cubs. The Grey Wolves, lead by Sixer Alfred Ricketts, lead in points for inspection and have the coveted den for the coming month. All parents are requested to take note of the garden party at Government House and see that the boys are on time for service at the new cathedral before it, on May 26. Also to remember donations of sandwiches, cake and fudge as allotted to each cub. Notice is given of the first church parade for St. Paul's Cubs at Esquimalt Garrison and Naval Church on Sunday. Plans are on foot for a paper chase and Zulu boy hunt in the near future.

Notice to Akelas—Plans are going ahead for a district Cub camp to be held at the Gorge in July. All Cubs must have their first star before attending this camp.

The following marks were awarded out of possible 200—100 for each dance, in the Jungle dance competition for the Slater Cup:

	Bagheera Dance	Kaa Dance	Av.
St. Mary's N..	89.5	80.5	85.
Oaklands'	80.5	80.	80.25
St. Paul's	76.5	67.5	72.
N. Quadra	62.5	62.5	62.5
Fairfield	60.	59.5	59.75
St. Mary's S.	54.5	54.5	54.5
Third	56.	52.	54.
Collegiate	37.1	28.5	37.8

The Cup goes to St. Mary's North and the first four packs will put on a display at the garden party at Government House on Saturday.

FOREST GHOSTS LAID TO REST

ROYAL SOCIETY IN WINNIPEG TOLD WHY TREES BECOME LUMINOUS

Medals Bestowed Upon Bliss Carmen, Dr. A. P. Coleman and Dr. Thomas Chapais

WINNIPEG, Man., May 22.—Distinguished scientists and scholars honored three fellow members of the Royal Society of Canada, in annual meeting here today, when outstanding awards were conferred on Bliss Carmen, Canadian poet; Dr. A. P. Coleman, F.R.S., of the University of Toronto, scientist, and Dr. Thomas Chapais, of Quebec, historian.

To the distinguished Canadian poet was awarded the Lorne Pierce medal; Dr. Coleman was the recipient of the Flavelle medal and Dr. Chapais received the Tyrell medal—the highest awards which science and literature can bestow in Canada.

INTERESTING PAPERS

During the day's session many papers were on important scientific problems, and addresses of outstanding historians were delivered before various sections of the society.

The "ghosts" which stalk in the forests were laid by Prof. Buller, speaking on the occurrences of pycnia and aecia in the rust fungi, under natural conditions. Prof. Buller presented a paper prepared by John H. Craigie. He showed how trees, the bark removed by chemical action of fungi, became luminous at night and a terror to the superstitious.

An interesting paper was presented by W. P. Thompson, of the University of Saskatchewan, on the chromosome numbers of functioning germ cells of species-hybrids of wheat.

Cranbrook Assizes

CRANBROOK, May 22.—Considering evidence as to the early life of Patrick Nicholson may have an important bearing in the trial of James Sutherland, of Corbin, on a charge of murdering Nicholson on April 8. Sherwood Herchmer, defence counsel, today asked that time should be given him to line up this new evidence, which will come from Nova Scotia. Mr. Justice Murphy, presiding, adjourned the trial to Monday.

The case was the opening one of the Cranbrook assizes. The grand jury this afternoon brought in a true bill against Sutherland after hearing three witnesses.

CANADIAN NATIONAL RAILWAYS

"CONTINENTAL LIMITED"

Leaving Vancouver 9:50 p.m. daily for Edmonton, Saskatoon, Winnipeg, Ottawa and Montreal. This train handles through standard sleeper between Vancouver and Kelowna.

"CONFEDERATION"

Effective May 21 the "Confederation" will resume operation, leaving Vancouver 9:30 a.m. daily and offering through fast service to Jasper, Edmonton, Saskatoon, Regina, Winnipeg and Toronto, carrying latest type of all-steel equipment.

Tickets and reservations arranged, also baggage checked through from Victoria any destination. City Ticket Office, 911 Government St. Telephone 1242.

CANADIAN NATIONAL OVERSEAS TOUR

Personally conducted, leaves July 7 on Ss. Laurentic of 19,000 tons, 1465 Montreal, Great Britain, France, Belgium, Switzerland and return. Inquire City Ticket Office, 911 Government Street for particulars of enrolment.

FILM PROJECT TO BE PRESSED

Mr. Alfred Hustwick Returns to Continue Negotiations for Proposed Studio at Willows

FEATURE ARTISTS ARE AVAILABLE

With studio plans prepared incorporating all the latest improvements for the making of motion pictures, Mr. Alfred Hustwick, of Hollywood, California, is again a visitor in Victoria. During the next few days he will hold conferences with the industrial committee of the City Council with a view to arriving at an understanding whereby, through civic co-operation, a strong possibility exists that motion picture industry will be established on a site adjoining the Willows grounds.

Mr. Hustwick, who had a long experience as a film editor for the Famous Players Lasky Corporation at Hollywood, is a practical expert in the picture industry, and has secured as associates a group of Hollywood experts who are either British subjects and are those willing to become domiciled within the Empire. Mr. Hustwick himself was at one time engaged in newspaper work in this city.

In order to take advantage of the British quota law, now in operation, the proposal for a film industry here involves the incorporation of a company to be known as Pacific Pictures, Ltd. The technical data for this organization is now assembled, contracts with experts are ready to be signed, and options have been obtained on stories written by British subjects and therefore available for use under the quota law.

As a financing organization for production the Canadian Cinema Finance Corporation will be formed which, Mr. Hustwick says, will finance a part of the operations and share in the profits of all pictures financed. No difficulty is anticipated in securing the services of feature artists as already assurances have been received from well-known players at Hollywood that they would be glad to come to Victoria in connection with the production of pictures here.

The proposals have now advanced to a stage when the conferences of the next few days between Mr. Hustwick and the industrial committee of the City Council will decide what recommendations will be made to the City Council for consideration. During his recent visit to California Mayor Pendray interviewed Mr. Hustwick and now the latter has come to Victoria with concrete plans to lay before the civic authorities.

Mr. Hustwick, who is a guest at the Empress Hotel, is accompanied by Mr. A. Moresby White, a former Victoria lawyer, who is now resident in Los Angeles, and who is acting as legal adviser to the interests contemplating establishing a picture industry here.

MYSTERIES OF APOCALYPSE TO BE SUBJECT

"Absent from the Body and Present With the Lord, or Did the Apostle Paul Expect to Go to Heaven Immediately at Death?" will be the subject of the Bible lecture, to be given tonight by Professor Charles T. Everson at the Big Tabernacle on Pandora Avenue and Vancouver Street. "I consider Paul the greatest authority, outside of Jesus Christ on the question of the state of man in death and his abode in death. He knows more than all the Greek and Egyptian philosophers together knew about the subject, yet the philosophy of Greece and Egypt has tinged the beliefs of a great portion of the Christian world with ideas of life after death that are not true."

In the lecture last night Professor Everson spoke on the subject of "Souls Under the Altar," which was an explanation of the prophecy of the seven seals as recorded in Revelation VI. "In this great prophecy we find the record of the renowned 'Four Horsemen of the Apocalypse'. However, their Biblical meaning is much different than the story given by the literary world. The first horse was white and represented the pure Christian church just after Christ went to heaven. The red horse that followed represented the church as it was persecuted by the Pagan Roman Empire. The black horse represents the Christian church through the dark ages, and the pale horse the great persecutions of that time. The last three seals of the seven outline the history of the church to the end of time when Christ will come back again."

PRESENTATION TO SUPERINTENDENT OF SUNDAY SCHOOL

A pleasing incident marked the close of school lesson on Sunday last at St. Paul's Garrison Church House, Esquimalt.

Mr. W. E. A. Barclay, the superintendent, is about to leave for a visit to England and the teachers and parents used the occasion to ask his acceptance of a small gift.

Many parents attended, and the rector in a few words expressed the pleasure felt by everyone in this opportunity to show their esteem and regard. So keen was the feeling that the fund was considerably over-subscribed for the purpose required, and the balance, at Mr. Barclay's request, will be devoted to the "childrens' arch" in the new cathedral.

The gift took the form of an engraved wrist watch, together with a large framed photograph of the whole school.

The presentation was made by Miss Bessie Isbister, who has remained a member of the school for twenty years, and for eight of those years on the teaching staff.

Mr. Barclay, replying, said how happy a thing it is to receive such expressions of good fellowship and regard, but the best of appreciation following his work is to see boys and girls developing in highest and best things.

Women's Clubs and Scoieties

Catholic Women's League

A special meeting of the Catholic Women's League will be held in the library of the Bishop's house this evening at 8 o'clock, to meet Mrs. Kemball, of Calgary, Western organizer, who arrives in the city today.

* * *

First United W.M.S.

The meeting of the First United W.M.S. was held Monday afternoon in the schoolroom, Mrs. Dunsmore presiding. Mrs. Stewart Skellings' circle was in charge of the programme, and the Bible reading was given by Mrs. J. Clark, followed by a beautiful poem bearing on the text: "Inasmuch as ye have done it unto these, my brethren, ye have done it unto me." The treasurer reported $82.20 receipts for the past month. Mrs. McKillop, convener for Christian stewardship, gave a three-minute story, full of the real meaning of stewardship. A letter from Dr. Victoria Chung, a young medical missionary, formerly of Victoria, was read by Mrs. Calvert, the minute-woman, and she also told the interesting fact that rum rations had been abolished from the British Navy by Admiral Jellicoe. A talk on India was given by Miss Williamson, who portrayed a vivid word picture of daily life in that country.

Measure Giving Equal Suffrage to Women Passes Second Reading by Majority of 114 to 35

DIE-HARDS MAKE STRENUOUS FIGHT

LONDON, May 22.—After two days' bitter wrangling between a minority of "die-hard" peers and proponents of the new equal suffrage bill, a motion to reject the "flapper vote" measure failed of passage this afternoon, and the bill itself was passed on its second reading.

The motion to reject the measure came from Lord Banbury and received a vote of 35 for, to 114 against.

The main argument advocated by the opponents of the measure was that the country at large should have been consulted before such an important step was taken.

DUNCAN REPORT NOT FULFILLED

AMENDMENT IN OTTAWA HOUSE CALLS FOR ACTION AS RECOMMENDED

Steel Industry Said to Be Discriminated Against—Great Decline Alleged

OTTAWA, May 22.—A further Conservative amendment to supply was moved in the House this afternoon. The amendment regrets the refusal of the Government to implement in full the recommendation contained in the report of the Duncan Royal Commission, particularly the recommendation relating to the steel industry.

Mr. Macdonald, Cape Breton, said that there was no desire to withhold credit from the Government for what it had already done in the matter of additional subsidies, harbor commissions, reduced freight rates, and coking plants. These were not concessions, but rather belated justice.

Mr. Macdonald proceeded to quote from the report of the Duncan Commission as it related to the steel industry. There had been a great decline in the steel industry of Nova Scotia, said Mr. Macdonald. The tariff discriminated against this industry. The effect of the decline in the steel industry was not only to injure the coal mining industry of Nova Scotia, but to do harm to the general business of Eastern Canada.

Nova Scotia and the other Maritime Provinces had, for some years prior to the Maritime Rights movement, been going behind. Farms were abandoned, people were leaving the Maritimes, branches of banks which had conducted business in the various towns and villages were withdrawn, and conditions generally became very serious.

SAANICH NEEDS SEWER SYSTEM

Council Receives Complaint of Insanitary Condition on Quadra Street—No Remedy

Need of a sewerage system in Saanich was further emphasized at last night's Saanich council meeting, sitting in health committee. A complaint from Mr. Robert Dunn was received.

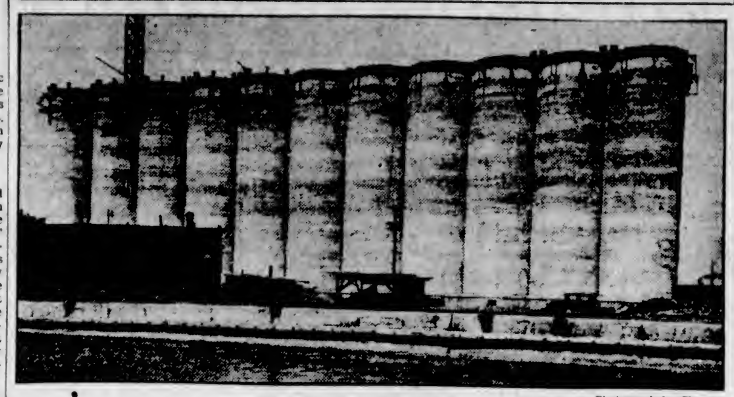

He complained that sanitary conditions on Quadra Street, near the city boundary, were bad. The outflow from septic tanks made the danger of an epidemic, as the warmer weather approached, very grave.

In a report from Dr. D. Berman, medical health officer, and Inspector of Health G. G. Girling, it was stated that there was no remedy for the condition at present. Nothing could be done in the matter until Saanich had a sewerage system.

AT FOREST INN

Mr. and Mrs. A. Clubb, Mr. and Mrs. A. H. Cox and Mr. and Mrs. C. M. Jackson, all of Victoria, are staying at the Forest Inn. Colonel and Mrs. Lightbody, Victoria, were recent visitors.

Elevator Inspected by Local Engineers

—Photograph by Chapman

THE grain elevator, building at Ogden Point for the Panama Pacific Grain Terminals, Limited, was visited yesterday by the Victoria Branch of the Engineering Institute of Canada. On behalf of the contractors and the architects, the party was received by Mr. A. L. Sullivan and Mr. C. H. Topp, and a thorough opportunity was given to see the progress made, the bins being viewed from the top, ninety-two feet above the pier, and their dimensions explained. The visitors were glad to have with them Mr. J. F. Frew, president, and Mr. A. E. Wheatley, secretary, of the Association of Professional Engineers of British Columbia, who were here from Vancouver.

Reeve Crouch to Attend Meetings On School Fees

It was decided at last night's meeting of the Saanich Council to request the School Board to allow Reeve William Crouch to sit in on the joint meetings of the Saanich and Victoria School Boards to discuss the question of re-adjustment of fees for the Victoria High School. This decision was made on a resolution introduced by Councillor Stubbs. The intention is that if it is found necessary by Saanich to build its own high school, the reeve will be in a position to help the passage of the necessary by-law when it is put to the people.

IS INJURED IN ROAD ACCIDENT

MRS. R. STEWART, OF ESQUIMALT, ADMITTED TO JUBILEE HOSPITAL

Sustains Fractured Collarbone When Presumably Knocked Down After Alighting From Stage

Mrs. R. Stewart, of Esquimalt, was admitted to the Jubilee Hospital late yesterday afternoon suffering from a fractured collarbone, as the result of an accident near Hatley Park, on the Sooke Road.

Just how the injury was sustained has not been definitely ascertained last night, as no actual eyewitness had been found by the provincial police, to whom the accident was reported. According to information obtained from them, Mrs. Stewart, who had been living in the vicinity of the occurrence for the last few days, had been a passenger from town by the Langford Stage, and after alighting from the stage, it appears, had come round from the back of the vehicle, when a car driven by Mr. H. B. Olson, with whom was his friend, Mr. Fay, was approaching going in the direction of Victoria. When Mr. Olson saw Mrs. Stewart in the road he immediately applied his brakes, with the result that his car skidded about sixty feet to the right and smashed a wooden fence as well as damaging the car's bumper.

The theory of the police is that the rear end of the car must have swung round and knocked Mrs. Stewart down, otherwise it is difficult to account for her injuries.

Mrs. Longworth, of the nearby store, came to her assistance, helped her into her house and put her to bed, and Miss Kelly, the district nurse, shortly afterwards arrived and gave first aid. Dr. Boak was telephoned for, but was unable to attend immediately, and at 6.30 the C. & C. ambulance took Mrs. Stewart to the Jubilee Hospital.

Meanwhile Mr. Olson had reported the accident to Provincial Police Constable Barwis, who was on duty at Parson's Bridge, and Mr. Olson brought him and Mr. Stewart, who is superintending road work at that spot, back to the scene of the accident, and given all possible assistance.

Constable Barwis examined the scene and got Mr. Olson to give a demonstration of what happened when his car skidded. Driving for this demonstration at twenty-five miles an hour and applying his brakes suddenly, Mr. Olson's car skidded this time, Mr. Barwis stater, some sixty-nine feet, which, in his opinion, is an indication that the car was not being driven at an excessive speed at the time Mrs. Stewart met with her injury.

On inquiry last night word was received from the hospital that Mrs. Stewart had received no other injuries than a fractured collarbone, and was resting easily. Dr. Boak attended her.

Popular Schoolgirl Of Victoria Will Be Crowned Queen Today

Continued from Page 1

The school sports make the biggest track meet staged in the city and this year over five hundred promising athletes will compete.

The officials in charge will be as follows:

Judges—George Jay (chairman), W. C. Moresby, A. Peden, W. Straith.

In charge of competitors—K. Wailes and N. Forbes.

Starter—H. L. Smith.

Assistant starters—W. H. Wilson, W. H. Muncy, Capt. W. Brown, J. McKenzie.

Recorders—Laurence P. Macrae, L. Clarke.

Track committee—W. H. Binns, A. A. Campbell, D. S. Cameron, A. H. Marion, W. Plenderleith, R. T. Goldfinch.

Prize committee—R. N. Grubb, Miss James, Miss Paterson.

Reception—J. M. Campbell, W. H. Gee.

Marshal—T. W. Hall.

Pro.—G. A. Brand.

Secretary—G. H. Green.

AT THE CORONATION

Doors will be opened to the concert and coronation ceremony to take place at the Armories at 7:30 o'clock tonight. The concert will start punctually at 8 o'clock. This feature of the programme is under the management of Mr. W. H. Muncy, assisted by Miss E. C. Haddow.

Festival choirs comprising children from the George Jay, Quadra, Sir James Douglas, South Park and Victoria West Schools will render "O Canada," "Land of Hope and Glory," "Merry Winds of Spring Time" and "Sanctus."

The Victoria Boys' Band will then render a selection followed by "The Flower Song" by students of Bank Street School. Next will be a drill by students of North Ward School and then a minuet by students of the Margaret Jenkins School. Quadra primary students will sing Mother Goose Rhymes. Then the Victoria Boys Band will render another selection followed by a Dutch dance by students of the Burnside School. Mimetic exercises by students of the Victoria High School will follow and next will be the Sailor's Hornpipe by students of Oaklands School.

The George Jay School comedy band will provide some amusement. This will be followed by Lancers from the South Park School, a dance by students from the High School and a "Venetian Night" also by students of the Victoria High School.

CEREMONY DESCRIBED

Prior to the commencement of the concert Miss Marguerite Jeeves, attired in the royal blue robes of Queen of the May, will be escorted by her princesses around the gallery, down to the main floor and up the centre aisle to the stage, where she will be crowned by Mrs. J. D. MacLean. After that she will take the seat specially provided for her and her attendants. The attending princesses are Grace Zala, of the Bank Street School; Margaret Jupp, of Beacon Hill School; Nellie Tickle, of the Kingston Street School; Dorothy Hick, of the Quadra Primary; Beryl Earl, of Spring Ridge School; Phyllis Addison, of the Burnside School; Patty Pearce, of the Quadra School; Helen Claque, of the Girls' Central School; Catherine Miles, of the George Jay School; Belle Schwartz, of Margaret Jenkins School; Jean Baldwin, of the North Ward School; Barbara Draper, of the Oaklands School; Verna Reak, of Sir James Douglas School; Ella Monk, of South Park School, and Vivienne Wood, of the Victoria West School.

THE PROGRAMME

10 a.m.—School children's patriotic ceremony on Parliament Square, under the direction of the Municipal Chapter, I.O.D.E.

2:30 p.m.—School sports at the Willows grounds, under the direction of the Victoria School Board and George H. Deane, municipal inspector.

6:30 p.m.—Lacrosse (Canada's national game) at the Royal Athletic Park. Maple Leaves (Vancouver) vs. Oaklands School (Victoria).

8 p.m.—At the Armories, Bay Street, Coronation of Queen Marquerite, attended by her princesses. Massed school choirs, garbed in beautiful costumes. Unique drill exhibitions, folk dances, etc., 200 children participating.

8:30 p.m.—Intercity amateur boxing tournament. Ten good bouts. Tillicum Athletic Club gymnasium.

9:30 p.m. to 1 a.m.—Celebration community dance at the Crystal Garden.

Cars Will Resume Former Routes for Holiday Traffic

It is intended tomorrow to restore the through traffic on the lines of the B.C. Electric Railway which are affected by the Douglas Street paving work. This will relieve the holiday pressure. Announcement to this effect was made by officials yesterday when it was learned that the work of tracklaying was sufficiently advanced to justify the course. Hillside cars will run through to Fyul Bay and Burnside cars to Mount Tolmie.

The change north of Yates Street will not become effective until June, it is stated, when a portion of the traffic will have to be re-routed to permit the closing of part of Douglas Street. Cars affected, it is expected, will be sent round by way of Government Street.

WILDCAT CARTER DECISIONS KING

SEATTLE, May 22.—After taking a beating from the lightning fists of Leslie (Wildcat) Carter, flashy Seattle negro featherweight, for three rounds, Ritchie King, of Los Angeles, staged a ferocious, but unsuccessful comeback in the sixth and final round of their fight here tonight.

The decision was Carter's second victory over the blonde Californian.

SCHOOLBOY HOWLERS

Some instruments used in an orchestra are: Viles, cellars, trumpets, hornets, baboons, old boys and bubble bases.

Mr. and Mrs. Philip Cameron, of Los Angeles, are registered at the Beach Hotel.

Princess Patricia Exhibits Pictures

LONDON, May 22.—Lady Patricia Ramsay (Princess Patricia) is holding the first public exhibition of her paintings at the Goupil Galleries, Regent Street. The exhibition opened on May 11 and will continue for three weeks. Most of the pictures were painted at Clarence House, where the room, which was used as a private chapel by Lady Patricia's mother during her lifetime, has been turned into a studio. It is a curious octagonal room, and in it Lady Patricia Ramsay spends much of her spare time in London. There is still some of the chapel furniture in it. Lady Patricia's own works, largely pictures of Bermuda and Ceylon, adorn the walls.

Greendale are Mr. and Mrs. F. W. Thomas, Mrs. Alan Morkill, Mr. W. H. Squire, Mr. B. S. Fenn and Mr. H. G. Lawson and sons, of Victoria; Mr. J. A. Burchett and Mr. L. Beavor-Potts, of Nanaimo.

• • •

Miss Doreen Ashburnham has returned to her home at Cowichan Lake after having spent the Winter months in California.

• • •

Those registered at the Riverside Inn this week-end were: Colonel Humble-Birkett, Major R. G. Monteith, Mr. and Mrs. C. E. Whitaker, Mr. G. A. Hutchinson, Captain W. E. Tapley, Mr. E. Heddle, Mr. Arthur Pitts, Mr. and Mrs. G. M. May, Mr. N. A. Yarrow, Miss D. W. Harper and Mr. and Mrs. F. Brown, all of Victoria; Mr. and Mrs. Leigh-Jones, Misses Joan and Olive Leigh-Jones, Miss D. Motte, of San Francisco; Mr. and Mrs. Olson, Vancouver; Mr. and Mrs. C. Longstreth, Coronado, Cal.

• • •

Mr. George Johnson was a Victoria visitor this week.

Somenos Social News

Mr. Murphy arrived on Monday from Vancouver, and will be the guest of Mr. Jas. Highsted.

• • •

Mr. and Mrs. T. W. Woods and their three children, Betty, Margaret and Dorothy, spent the day in Victoria recently.

• • •

A pleasant afternoon was spent at the home of Mrs. Percy Dobson, Drinkwater Road, when she entertained on Monday at a pretty bon voyage tea in compliment to Mrs. John Baker and Mrs. James Highsted, who will leave shortly to spend the Summer months' touring in Eastern Canada and visiting friends and relatives in London, Ont. Yellow broom and yellow and red tulips were used in making the reception room attractive. The hostess was assisted in serving her guests by her sister, Miss Mary I'Anson. The other guests were: Mrs. H. W. Notley, Mrs. J. H. Smith, Mrs. C. Buckmaster, Mrs. Harry I'Anson, Miss J. Humphrey (Victoria), Mrs. I'Anson, Sr., and Miss G. Buckmaster.

• • •

Mr. A. Kilpatrick, of Ladysmith, is the guest of Mr. and Mrs. P. Campbell for a few days.

• • •

Mr. and Mrs. Gadsden and their son Allan motored to Shawnigan to visit Mr. and Mrs. Watson.

• • •

Miss Katie Smith, R.N., left on Friday for Vernon, B.C., where she will join the hospital staff.

Shirley Personals

Mr. and Mrs. Cave, Victoria, have been spending a holiday at Malahat Farm.

• • •

Mr. and Mrs. H. F. Anderson and family have returned from a few days' visit at Duncan.

• • •

Mr. and Mrs. O. French are on a visit to Vancouver.

• • •

Mr. Hibberd, Victoria, has been visiting Shirley and district for a week.

• • •

Week-end visitors at Muir Creek were: Mrs. Olson, Mr. and Mrs. Bentley and family, Mr. and Mrs. Hodginson and family, Mr. S. Williamson and family, Mr. J. Williamson, Mr. N. Shearer, all of Victoria; Mr. and Mrs. R. Clark and Mr. S. Davies and family, Otter Point; Mr. and Mrs. G. Jones and family, Sooke; Mr. and Mrs. Selzer and family, Seattle.

Courtenay Personals

Mrs. H. Scott-Porteous left on Saturday for Victoria.

• • •

Mr. Theed Pearse is leaving for a two weeks' holiday. He will join Mrs. Pearse in Vancouver before starting for a motor trip to the Cariboo.

• • •

Mrs. Sackville and Miss Gladys Sackville are leaving for Victoria. Miss Sackville will take care of the Raper dairy ranch during Mrs. Raper's absence in England.

Brentwood Personals

Mr. Harold Ensor and Miss Ensor, of Victoria, were the guests of Mr. and Mrs. T. Haddon, Clark Avenue, on Sunday.

• • •

Mr. Claud Creed, Vancouver, is spending a week with his parents, Mr. and Mrs. H. Creed, Marchant Road.

Women's Institutes of Vancouver Island

SHIRLEY

The regular meeting of the Shirley Women's Institute was well attended last Saturday afternoon, the president, Mrs. H. F. Anderson, in the chair. The secretary, Mrs. N. Milligan, reported the successful organization of the Boys' and Girls' Poultry Club for this year and the purchase of eight settings of eggs from the poultry department. The prizes for the most proficient boy and girl and for those who have made the greatest improvement during the year at the Shirley School will be provided for presentation at the close of the term. The president's report as delegate to the Duncan Conference of District Institutes was also read. A letter from the department on the holding of a flower show was read. An invitation has been sent to Miss Kelly, Colwood district nurse, to address the members on the benefits of the nursing service in rural communities. A silver tea will be given about the end of the month.

WEST SAANICH

A silver tea for the West Saanich Women's Institute will be held at the home of Mrs. E. Rochon, Mount Newton, on Saturday.

LUXTON

On Saturday last a most successful tag day was held in Luxton, under the auspices of the Women's Institute, and convened by Mrs. H. Clarke. The amount collected was $22, which will be forwarded to the Vancouver Children's Hospital. The taggers worked all day, stopping all cars, and great thanks are due to Mrs. Clarke for her untiring efforts. The children who assisted were: Mary McKay, Verna Smith, Tina McCleod, Esther Hutchinson, Neil McKay, Wilbur Rhode and Teddy Butt.

SOOKE AND NORTH SOOKE

A grand frolic and dance will be held in Sooke Hall on June 9 under the auspices of the Sooke and North Sooke Women's Institute. Miss F. Muir's five-piece orchestra has been engaged, and a novelty prize winning contest will be held.

Dancing Is Popular at Lake Cowichan

LAKE COWICHAN, May 22.—On Saturday night Lake Cowichan was a very busy place, it being the scene of three dances. At the foot of the lake, Mr. Victor Rundquist, of the Camp boarding house, gave a very successful dance; the music, which was thoroughly enjoyed by the dancers, was supplied by Duncan Capitolians' four-piece orchestra. At Youbou a very enjoyable dance was held in the Community Hall, the dance music being supplied by local talent. At Camp Six the usual happy crowd assembled to enjoy to their utmost the splendid floor, music and hospitality of their camp hosts. A large boatload from the Foot went up to the dance and thoroughly enjoyed the music, which was supplied by a Ladysmith orchestra.

Students' Recital

On Saturday evening a most successful recital was given at 3249 Quadra Street, by a number of Mrs. Ruby Moore's pupils. Piano and violin solos, trios, and duets were played to an interested audience of parents and friends. The programme closed with an orchestral number of six violins and piano which was well rendered. While refreshments were being served, Georgie Little and Jack Mooree gave vocal numbers. The latter is a pupil of Mr. Alfred Gurney, and was one of the winners at the festival as boy soloist. Mrs. Moore was presented with a beautiful bouquet as a gift of appreciation from the pupils. The following took part: Violin, Mrs. Karadimis, Stella Simmonds, Margaret Hemlrow, Clifford Deaville, John MacAllister, Jack Moore, Georgie Little; piano, Elsie and Olive Kelby, Grace Attfield, Marjorie Murray, Winnie Jones, Rosamund Jones, Bernard Deaville, Johanna Fisher, May Moore.

Pupils Hold Recital

The advanced pupils of Mr. and Mrs. E. Semple were heard in a delightful piano and violin recital in Amphion Hall, Yates Street, on Saturday evening when a large audience of parents and friends enjoyed a long and varied programme, excellently rendered throughout. Mrs. E. Semple accompanied many of the violin numbers, and Miss Kathleen Irvine and Mrs. E. Holt also gave excellent support. Assurance, clearness of tone and careful technique distinguished the performance of the piano students, while the violin ensemble selections and the solo work left little to be desired from the point of harmony and facile execution. There was prolonged applause and repeated demands for encores, but owing to the unavoidable length of the programme no responses could be made.

Those taking part were Marjorie Taylor, Marjory Tinker, Marion Halls, Geraldine Percival, Mildred Wright, Jean Bonnell, Ailsa Braidwood, Mr. E. Holt, Mable Marshall, H. Gillis, M. Foster, Lillian Jones, J. Morris Foster, Lillian Jones, John Buck, Sam Wornock, William Irvine, Una Bevan, Dorothy Hargreaves, Lillian Jones, Allan Anderson, W. Burnett, H. Gillis, George Love, C. Miller, S. Wakeman, E. Semple, Kathleen Irvine, Frank Gibson, Mrs. Semple, Ailsa Braidwood, George Love, Patricia Holden, Wilfrid Burnett, C. Miller, Verna Holt, Jack Morrison, Alan Baker, Chris Miller, Kathleen Irvine, Ina Foubister, Gwenneth Prothero, Mrs. Sweeney, Edyth Westgate, M. Billingsley, C. Billingsley, K. Cameron, J. Foubister, Roddy MacLean, J. Morrison, L. Queale, A. Treloar, with Mrs. E. Holt as pianist, and Mr. E. Semple conductor.

The recital of the junior pupils will take place at an early date.

Social at Nanaimo

NANAIMO, May 22.—A very enjoyable evening was spent Monday by the parishioners of St. Paul's Anglican Church in the Institute. This was the last of the season's socials, and although not as well attended as previous functions of this kind, was a most enjoyable affair from a musical and social standpoint.

The proceedings opened with community singing, ably led by Mr. H. Thorneycroft. Then followed a musical programme of exceptional merit. Mesdames Barker and Trawford and Mr. Kirkbride rendered solos in their usual style, all three singers being in splendid voice. The choir boys sang two numbers, which were well received. Lawrence Matthews and Arthur Renny sang a duet very sweetly, which was followed by the singing of the "Keel Row" by the adult choir.

Dainty refreshments were then partaken of, served by the Ladies' Guild. The rector, Rev. Mr. Hitchens, addressed the gathering on affairs of the parish, financial and otherwise. The proceedings ended up with a dance.

St. Alban's S.S.

All the children of St. Alban's Sunday School are expected to attend the service on Saturday at the new cathedral, and will assemble at the church hall at 1:15 o'clock and proceed to Hillside car terminus. A special car will leave at 1:30. After the service the children will assemble on Vancouver Street before returning by way of Hillside car. Transportation will be provided.

From Stage to Church

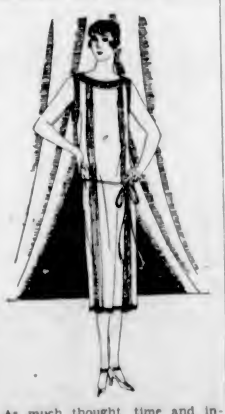

"The Last Great Battle" will be the subject of sermon to be preached by George Wallace Scott, Jr., pastor of Victory Temple, 1406 Douglas Street, tonight. A large audience listened to the story of the pastor's wonderful conversion, "From the Stage to the Church." Mr. Scott has been a professional singer on the American stage for years, but since his conversion seventeen years ago has been singing and preaching almost every day in the various denominations and the Salvation Army.

C.P.R. SOCIAL CLUB

Members and patrons of the C.P.R. Social Club will hold a dance at the Empress Hotel tomorrow evening.

Fashion Fancies

By Marie Belmont

As much thought, time and ingenuity are expended on designing and making nightgowns as the smartest of daytime dresses. And the results are almost always worthy.

Here is a particularly charming model of white crepe de Chine. Tiny bands of pale green are fagoted together at the neck, sleeves and hemline to add a colorful note.

The narrow groups of pleating are held in place by a group of smocking in the same green, while a narrow green satin ribbon belts the gown.

SURVEYORS MAKE RECOMMENDATIONS

Letter Received on Subdividing by Courtenay City Council—Reports Made by Committees

COURTENAY, May 22.—The city's business was carried on as usual at the regular meeting of the City Council on Monday night. The Mayor and all the aldermen were present.

A letter from the Corporation of B. C. Land Surveyors with certain recommendations regarding the laying out of subdivisions, in which was pointed out the necessity of making main highways eighty feet wide, was read. This letter also showed that residential streets need not be more than twenty-seven feet wide.

When making his report for the city lanes committee, Alderman Pearse was of the opinion that the recommendations of the B. C. Land Surveyors could be acted upon in certain cases. His report showed that numerous city lanes were at present enclosed by fences and recommended all transgressors be notified and also that steps be taken to avoid duplicating names of streets and avenues. The report was duly approved and accepted.

A communication from the City of Trail with a resolution protesting against the Dominion Government tax on crushed rock used for road construction was discussed and referred to the chairman of the board of works, Alderman Douglas, whose report for the period of April 16 to May 19 included items of slashing and burning at the High School, and a fill on Waller Street five feet deep into which twelve old cars had ben dumped.

It also included particulars of repairs to street crossings and culverts and the work done during clean-up week when, it was said, over a hundred loads of debris were removed for citizens. The city garage was now completed and had received two coats of paint.

Continuing his report for the parks board, Alderman Douglas described the new 700-foot fence of special wire as splendid. This fence which has replaced the former board construction between the agricultural grounds and the Island Highway, is certainly a decided improvement, and Alderman Douglas expressed the opinion that the fence would last as long as the ninety-nine-year lease on the grounds. The leveling of of the grounds and the seeding of them was now complete. Two stock buildings were under construction.

Referring to the work on the grounds of the Courtenay High School, which has been placarded "Harrison," Alderman Douglas gave particulars of the sun dial which has been installed; and in the cement base of which has been embedded a champagne bottle containing the names of the City Council and the school trustees. On the completion of the report, Alderman Pearse said that he had only one criticism to offer. He had heard a great deal about the Harrison High School, but he would like to hear something about the Courtenay High School.

Alderman Pearse, reporting for the finance committee, said that provision had been made under the electrical estimates for an increase in the salaries of the city clerk and of Mr. Dennis, the electrician, and under the administration estimates for an increase of salary for the assistant city clerk.

Alderman Macdonald submitted a short report for the electric light committee.

In response to a communication through Alderman Macintyre, the Cumberland fire department asking the Courtenay firemen to give a demonstration with the chemical truck in Cumberland on May 24, and to participate in a firemen's competition in the afternoon with the hose wagon, it was considered unwise to go on record as giving permission for the fire equipment to leave the city, although the alderman expressed his opinion of being in favor of the firemen participating in these events. The matter was left in the hands of Alderman Macintyre, chairman of the fire committee, who will report back to the council.

The provincial police report as affecting the city was read by the city clerk, covering the past month. No arrests or prosecutions had been made and there had been no serious complaints.

By-law No. 176, the city tax by-law for 1928, received its third and final reading and was finally adopted. Other by-laws were also dealt with. The fire by-law as affecting new buildings was discussed and certain exemption agreed to. Requests for an extension of the city water service to residents on the Cumberland Road was received and referred to the water committe to report upon.

Unusual Visitors

SHIRLEY, May 22.—Two unusual visitors from the ocean depths have been washed up on the beach here recently. A fur seal came ashore near Muir Creek and a forty-five-foot whale a few miles west of Jordan River.

Jim Bryant Cup Is Given to Winning Sooke School Team

SOOKE, May 22.—On Thursday evening the Sooke School basketball team met at the home of Mr. and Mrs. F. Gray to receive the honor of the presentation of the Jim Bryant Cup. Byron Charters, captain of the team, was the recipient. Those present were Mr. J. Wright, Mrs. G. A. Acreman, Miss McGibbon, Mr. J. D. Howard, Mr. and Mrs. F. Gray, Miss F. Gray and the school team competitors: Byron Charters, H. Welsh, H. Helgesen, E. Gray and R. Pontious.

MALAHAT BOARD HOLDS BANQUET

Toasts, Musical Programme and Conjuring Performances Make Delightful Entertainment

SHAWNIGAN LAKE, May 22.—Thirty members and their friends sat down to the annual banquet of the Malahat Board of Trade held in the hall last night. After the usual loyal toasts, Colonel I. Eardley-Wilmot responded to the toast of "Canada." Mr. S. J. Heath proposed, and Lieut.-Colonel F. T. Oldham responded to that of the "Boards of Trade," and Captain Arthur Lane and Mr. W. Hayward wittily handled the delicate toast, "The Ladies."

A musical programme by Messrs. Eric Walker, H. G. Grainger and Captain Palen was much appreciated, the last-named gentleman also showing some excellent card tricks. Mr. L. J. Hamilton brought down the house with some wonderful conjuring and sleight of hand.

The entertainment committee of the board, consisting of Mr. H. E. Hawking (chairman) and Messrs. G. Orr, W. Mudge, Jr., G. C. Cheeke and the secretary, Mr. J. C. Rathbone, are to be congratulated upon a thoroughly successful evening.

Shawnigan Show Is All-Round Success

SHAWNIGAN, May 22.—The entertainment which was given in the S.L.A.A. Hall on Saturday night proved very popular and a great success, financial and otherwise, and much credit is due Mr. E. Walker and friends for all the hard work they put into the evening's programme. The piece de resistance was a farce, "Punkin Ridge," which tells how the matrimonial plans of an elderly spinster and a young impostor go astray. The caste was as follows: Miss Elizabeth Brown, Mrs. Gannon, Squire Brown (her brother), E. Walker; Miss Annie Brown, Lily Cronk; Harry Clifton (her lover), W. Fell; Augustus Sumroy (who poses as an English nobleman and is after Miss Elizabeth's money), Mrs. Orr; Belinda Jane 'Opkins, Molly Hawking, and Jonathan Scruggins (Squire Brown's very amusing and shrewd hired boy), Captain Palin. Other items on the programme were two very charming pianoforte solos played by Lady Emily Walker, and several selections by the Bigaphone Symphony Orchestra, conducted by Mr. Eric Gibson. Mrs. Earle at the piano. An excellent supper, superintended by Mrs. Hayward, and a dance followed.

Died at Nanaimo

NANAIMO, May 22.—The death occurred at 3:45 p.m. yesterday in the Ladysmith Hospital of Mrs. John Crabbe, a resident of the Five Acres, Nanaimo, after a brief illness. The late Mrs. Crabbe, who was forty-five years of age, was a native of England, and had resided in Nanaimo for the past sixteen years. Beside her husband, she is survived by three sons, Alex and John, of Nanaimo, Thomas, of Victoria, and one daughter, Annie, of Chemainus.

Woven in gold or platinum, and set with precious stones, knee bracelets have become a fashionable "fad" among women of Paris.

MOTOR DEALERS REQUEST REBATE

Nanaimo Council Refuses Responsibility for Predecessors' Acts—Varied Business at Meeting

NANAIMO, May 22.—The City Council held its regular meeting last evening with His Worship, Mayor Busby, in the chair. The assistant deputy minister of marine wrote the council enclosing plans of a waterfront lot here being applied for by the Home Oil Distributing Co., Ltd., asking the council to consider the plans and application, and if they had any objections, to lodge them at once. The letter was referred to the council sitting in committee.

A letter was received from the motor dealers of the city, in reference to a rebate on licences charged in 1927. The letter explained that a licence by-law had been passed, and later amended, the motor dealers being given to understand that under the amendments, a rebate would be allowed them for the licence paid early in 1927. This, they claimed, had not been done, and they asked for action in the matter. In dealing with the request, it was pointed out that the by-law referred to had been passed by the 1926 council, and Alderman Rennie moved, his motion carrying, that a section of the Municipal Act, showing the council's powers to be for the year they were in office only, be mailed to the motor dealers. Following considerable discussion, the motion carried.

William G. Brown, South Wellington, offered the sum of $750 for lot 8 and half of lot 7, corner of Wallace and Bastion Street, which the city had offered for sale. Alderman Smith moved that providing it be understood that a portion of one of the lots, with thirty-one feet frontage on Wallace Street, tapering to ten feet at the rear, along Bastion Street, be reserved for the city's use, the offer be accepted. The motion carried.

Medical Health Officer Drysdale reported last evening on a complaint received in the previous week from residents near the ice plant on Comox Road, of noise made by the engine, and nuisance caused by smoke. The report stated that he had made certain recommendations regarding the conveying away of the smoke, but stated that there would be no injurious effects from it. Regarding the noise made by the engine, he believed steps were being taken to avoid this in the future. The report was adopted after some discussion, with the understanding that, if the recommendations of the official are not carried out, further steps may be taken.

Mrs. L. M. Davidson, corresponding secretary of the Public Health Nursing Council, wrote thanking the city council for their recent donation of $100.

Mr. H. L. Johnston, secretary of the Empire Day celebration committee, in a communication, invited the council to take part in the parade on May 24, which is to start at Grace Street at 11 a.m. The invitation was accepted.

A letter was received from the General Construction Co., giving a price on proposed work on the city streets. Alderman Barsby, of the streets committee, explained that there were other contractors to hear from shortly, and he moved that, as fast as their tenders came in, they would be considered in committee, in order to get the work on the streets under way as soon as possible. His motion carried.

Tennis at Metchosin

METCHOSIN, May 22.—By kind invitation of Dr. and Mrs. Brown the weekly meeting of the Metchosin Tennis Club was held at William Head on Monday. The official opening day will be on Monday next, May 28, when it is hoped that both courts at Metchosin will be ready for play.

Fire in Heart of Wholesale Area in Edmonton, Alta.

EDMONTON, May 22.—The Revillon Building, in the heart of the wholesale district, suffered severely to the extent of nearly $500,000 early this morning from a fire which broke out on the second floor of the two-story annex to the north of the main building.

Fireman John Koch, of 10,542 109th Street, fell heavily to the pavement when the thirty-five-foot ladder on which he and two others were standing broke about four feet from one end. Koch suffered no broken bones and only a shaking up and a few bruises.

Losses amounting to about $350,000 were sustained by three leading wholesale firms in the Revillon Building. These were the Northern Hardware Company, $150,000; J. H. Ashdown Hardware Company, $100,000, and T. H. Peacock Drug Company, $100,000. It was stated by head officials of the firms that the stocks appeared to be a total loss.

No estimate of the damage to the Revillon Building was made by W. R. Bottom, vice-president of the Revillon Wholesale Company.

RODE THE PRAIRIE FIFTY YEARS AGO

Mr. A. G. Needham Celebrates Half-Century Anniversary of Discharge From "Mounties"

Mr. Alfred G. Needham, of this city yesterday celebrated the fiftieth anniversary of his discharge, on completion of service, from the Northwest Mounted Police. He thinks, and probably correctly, that he is the oldest ex-member of that famous force in Victoria.

Mr. Needham joined up in May, 1875, and received honorable discharge on May 22, 1878. Before joining the police he was in A Battery of the Royal School of Gunnery and served under the late Colonel Holmes as sergeant in 1874. He came out with Inspector Griesbach, father of Major-General Griesbach, of Edmonton.

During the Great War Mr. Needham served with the 102nd Rocky Mountain Rangers. He was quartermaster sergeant at the internment camp at Field and was afterwards canteen sergeant with the same regiment at Kamloops.

Mr. Needham has naturally seen great changes, not only generally, but specifically in the celebratetd police force of which he was a member. In the days when he was a constable the force had to deal chiefly with whisky sellers and horse thieves, the prairie was roadless and fenceless, and the "mountie" had to ride in Winter and Summer. Though a modest man, Mr. Needham is justifiably proud of the fact that he was one of the fearless men who in early days made the country safe for those who followed.

Mostil Equals Record For Centre Fielding In Major League Ball

Speedy Chicago White Sox Fielder Has Eleven Putouts and One Assist Against Cleveland Indians—Ruth and Gehrig Hit Homers

AMERICAN LEAGUE

NEW YORK, May 22.—The Yankees enjoyed one of their old-fashioned slugging sprees today and defeated the Boston Red Sox 14-4. The Yanks crashed out twenty-two hits for thirty-eight bases. Babe Ruth's thirteenth homer, Gehrig's seventh and Meusel's fourth were included in the assortment of extra base drives. Stanley Coveleskie went the route for the Yanks. He had the Red Sox shut out until the eighth, when Todt hit a homer with two on.

Athletics Win

The Athletics took an eleven-inning game from the Washington Senators at Philadelphia by a score or 7-6, when Eddie Collins drove Hale home with the winning tally. Collins also saved the game in the ninth, with a double. Sam Jones hit a homer in the second inning.

Mostil Brilliant

Speedy Johnny Mostil, legging it all the way home from second on a wild pitch by Uhle scored the winning run that gave the White Sox a 4-3 victory over the Cleveland Indians in their series opener at Chicago. Langford led the Indians' attack with a homer and two doubles. Mostil's brilliant work in the field, however, was the bright light of the day, Johnny tying the world's record for centre fielding by handling eleven putouts and one assist without an error.

Jack Ogden Wild

The wildness of Jack Ogden, St. Louis pitcher, in the first inning, enabled Detroit to get off to a four-run lead and take the home series opener from the Browns, 6-3.

At Philadelphia—	R.	H.	E.
Washington	6	13	0
Philadelphia	7	13	0

Batteries — Harriss, MacFayden and Hoffman; Coveleskie and Bengough.

NATIONAL LEAGUE

NEW YORK, May 22.—Dazzy Vance lost his effectiveness in the sixth at Brooklyn today and the Giants won the first game of their series, 9-5. When Vance weakened, the infield went to pieces behind him.

Boston Trim Phillies

Brandt held Philadelphia to three hits and Boston won its home-coming game, 3-1. The Boston pitcher allowed the visitors but one hit until the ninth inning, when Southern got a homer.

Reds Come From Behind

The Reds batted opportunely in the game at Cincinnati with the Pirates to come from behind and scored a 5-4 win. Doubles by Allen and Picinich in the eighth inning took the game out of a tie.

Cards Take Lead

Hack Wilson's third home run at St. Louis in two days and the ninth of the season, failed to give the Chicago Cubs the necessary incentive and the St. Louis Cards won today, 3-2. In losing, the Cubs slipped into second place, with Cincinnati climbing to the lead.

At Brooklyn—	R.	H.	E.
New York	9	11	3
Brooklyn	5	8	5

Batteries—Barnes, Chaplin, Faulkner and O'Farrell; Vance, Doak and Deberry, Henline.

COAST LEAGUE

Indians' Rally Short

SEATTLE, May 22.—Portland took the opening game of the series from the Seattle Indians here today, 5-3. Starting with two runs in the first, Beavers added another in the third before the Indians put over their first two tallies in the last of the third. Two runs in the ninth gave Portland the game, an Indian rally in the last of the ninth netting only one run.

	R.	H.	E.
Portland	5	9	2
Seattle	3	7	3

Batteries—Cole, Ponder and Ainsmith; Wilson and Schmidt.

Use Four Pitchers

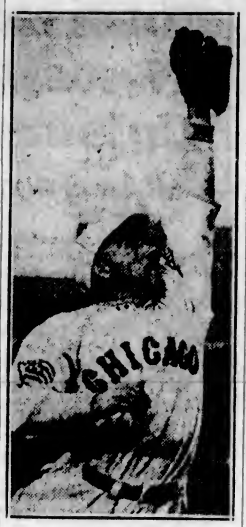

SAN FRANCISCO, May 22.—Using four pitchers, the San Francisco Seals today defeated the Missions, 7-6, in the opening game of the series. Mitchell opened for the Seals, and was knocked from the box in the fourth after eight hits and four runs were scored off him. Thurston and Moudy followed him to the mound. Holling pitched the entire game for the Missions.

	R.	H.	E.
Missions	6	13	0
San Francisco	7	10	1

Batteries—Holling and Baldwin; Mitchell, May, Moudy, Thurston and Sprinz, Vergels.

Breaks Help Angels

LOS ANGELES, May 22.—Los Angeles beat Hollywood, 2-1, in the local series opener today. The Angels were aided by several breaks that proved disastrous to the Stars. Twice Angel grounders, which looked like easy outs, bounded over Holly-

JOHNNY MOSTIL

Brilliant centrefielder of the Chicago White Sox, who equalled the world's record for fielding his position yesterday when he had eleven putouts and one assist against the Cleveland Indians. He also scored the winning run for his team.

wood infielders to allow two scores. Peters started for the Angels, but retired in the eighth with the bases full and one out. Barfoot stopped the Hollywood rally, aided by Carlyle hitting into a double play.

	R.	H.	E.
Hollywood	1	8	0
Los Angeles	2	12	2

Batteries—Shellenbach and Bassler; Peters, Barfoot and Hanna.

Oaks Beat Leaders

SACRAMENTO, May 22.—Oakland took an early lead in the series with the leading Sacramento Senators by getting away with the opener here today, 6-4. Cooper held the leaders in check all the way, while home runs by Arlett and Meusel aided the Acorns' cause.

	R.	H.	E.

OAKLANDS WILL BATTLE C.P.S.

Lacrosse Teams Will Cross Sticks in Exhibition Game at Royal Athletic Park Tonight at 6:30

Oaklands lacrosse team, holders of the provincial junior championship, will cross sticks with C.P.S. juniors at the Royal Athletic Park tonight at 6:30 o'clock in an exhibition game. The former club is one of the snappiest teams ever assembled in this part of the country, and those who attend the match can be assured of witnessing a good exhibition of Canada's national Summer game.

Oaklands will line up as follows: Drysdale, Cockin, Chapman, Borde, Merriman, Smith, Alexander, Duckworth, Godwin, Williams A. Chapman McKenzie and Partington. Reserves, Viggers and Newman.

Bud Taylor Wins

CHICAGO, May 22.—Bud Taylor, of Terre Haute, Ind., fighting in his first bout since the National Boxing Association decided to count him out as bantamweight champion, last night easily defeated Joe Lucas, of Detroit, in ten rounds. The bout was in the featherweight division, and his disputed crown was not at stake.

MISS SCHWENGERS AND MRS. RICHARDS WIN AT COLWOOD

Miss Dorothy Schwengers won the class "A" monthly bogey round at the Colwood Golf Club yesterday, when she finished five down. Mrs. B. C. Richards was the winner in class "B", being two down.

LADYSMITH WILL MEET CITY TEAM

Crack Up-Island Soccer Eleven, Province Cup Holders, Will Play Here Tomorrow

Ladysmith's crack soccer machine, holders of the Province Cup, will make their season's debut before local fans tomorrow when they stack up against Victoria City at the Royal Athletic Park at 3:30 o'clock. The locals are trotting out a strong team in the hopes of sending the up-Islanders back home defeated.

The teams will line-up as follows: Victoria City—Davies, Shanks, Campbell, Barnswell, Preston, Bowman, Taylor, Cameron, Bissell, Smith and Clancy. Reserves—White, Hawer and Gibson.

Ladysmith — Tait, F. Strang, Thompson, Wargo, Halliday, Heaps, Spruston, Kukal, A. Strong, Hallman and Minto.

HAGEN IS OFF TO GOOD START IN MEDAL CONTEST

Six Rounds During British Open Held Champion in Standings—Gene Sarazen Slips Back a Bit

MACDONALD SMITH STILL IN FRONT

A new figure enters golf medal competition for the season with Walter Hagen performing in the British open, his first tournament since the American match play championship in October, 1927. Hagen's six rounds at Sandwich were done with an average of 74 1-6 strokes, which leaves him well down in the list of medalists, but is extremely creditable considering the difficult conditions under which scoring was done. From now on Hagen can be counted on to reduce his medal average.

Walter Hagen

Gene Sarazen's six Sandwich rounds totaled only one stroke more than Hagen's, but they were sufficient to drag him from first place in the medal averages, which Macdonald Smith now holds as a result of inaction.

Jim Barnes gained at Sandwich, while Bill Mehlhorn, Tommy Armour and Larry Nabholtz slipped.

In this country, George Von Elm about held his pace in the qualifying round for the Southern California amateur championship, George Voight added a bit to his average in qualifying for the Lido invitation, and Mel Smith and Neil Christian fattened some on Oregon events.

THE AVERAGES

Player	18-Hole Rounds Played	Total Strokes	L.w Score	Average Per Round
Macdonald Smith, N.Y	28	2.741	64	72 5-28
G. Sarazen, N.Y.	30	2.172	66	72 3-5

(Records based on open tournament scores only for season starting December, 1927, ending November, 1928.)

*Amateurs.

TOURNAMENT WINNERS

British Open—Walter Hagen, 292.
Mid-South Open—Joe Turnesa, 138 (thirty-six holes).
Oregon Open—Tommy Armour, 280.
San Diego Open—Leo Diegel, 214 (fifty-four holes).
La Jolla, Cal., Open—A. Manero, Al Espinosa, Hutt Martin and E. Dudley tied at 142 (thirty-six holes). No play-off.
Palos Verdes Open—Macdonald Smith, 284.
Miami Beach Open—Gene Sarazen, 292.
Los Angeles Open—Macdonald Smith, 284.
Long Beach Open—Leo Diegel and Bill Mehlhorn tied at 282. No play-off.
Miami Open—Gene Sarazen, 289.
El Paso Open—Larry Nabholtz, 292.
San Antonio Open—Bill Mehlhorn, 297.
South Central Open—Macdonald Smith, 283.
Florida West Coast Open—Al Espinosa, 292.
Bahamas Open—Gene Sarazen, 122 (tied with J. Farrell, won three-hole play-off).
La Gorce Open—Johnny Farrell, 274.
Florida State Open—Henry Ciuci, 280.
North and South Open—Bill Burke, 291.
Riviera Open—Willie Hunter and Al Watrous tied at 144 (thirty-six holes). No play-off.
Richmond, Va., Open—Bill Mehlhorn, 283.

HORNSBY DROPS IN AVERAGES

"Big Six" Scale Downward in Hitting—Ruth Hits Homer, But Fails to Better Standing

The first five members of the "Big Six" scaled downward in the averages yesterday, while Harry Heilmann, in the cellar, added just one point to his mark. Rogers Hornsby, tied for the lead, with Paul Waner, for a day, dropped one point further than his Pittsburgh rival, who thus returned to the lead. The "Big Six" maulers accounted for six hits, distributed one to each member.

The Yankees smacked two Boston pitchers for twenty-two hits and thirty-eight bases, but Ruth connected only once for his thirteenth homer.

The standing to date:

	G.	AB.	R.	H.	Pts.
P. Waner, Pirates	33	130	27	48	.369
Hornsby, Braves	30	106	22	39	.368
Ruth, Yankees	32	107	38	38	.355
Frisch, Cardinals	36	144	31	47	.326
Cobb, Athletics	28	119	15	38	.319
Heilmann, Tigers	37	142	24	42	.296

Two Former Champs Go Down to Defeat in British Amateur Golf

Dr. Tweddell, Last Year's Titleholder, Eliminated—Cyril Tolley Falls Before Sterling Play of A. R. MacCallum

PRESTWICK, Scotland, May 22.—The second round of the British amateur golf championship played here today, proved the downfall of two former champions. The present titleholder, Dr. W. Tweddell, was defeated by Major Hazlett, London Irishman and British International player. Cyril Tolley, for years the outstanding British amateur, was another who found the going too

CYRIL TOLLEY

Former British amateur champion, who went down to defeat yesterday at the hands of A. R. MacCallum, 5 and 4. Tolley for years was one of the outstanding players, but found the going difficult against MacCallum

difficult. He was eliminated by A. R. MacCallum, of South Straffordshire, 5 up and 4 to play.

The Tweddell match provided the most brilliant golf of the championship to date. The victor went out in 33, while Tweddell was right at his heel with 35. Coming home Hazlett had a 30 and Tweddell 32. Tolley, in defeat, was truly a pathetic figure, and the crowd amused as his violent efforts to put length to his drives, which were futile and lacked direction.

In addition to completing play in the first round, only half the competitors entered having played through the first round yesterday, today's play also saw the completion of the second round. There were several walkovers in the second round due to a number of competitors scratching their entries. Martin, of Oxford University, and Tulloch, of Cathkinbraeh, were two of the players to enter the next round without competition. Second rounders follow:

Forsythe, of Edinburgh, defeated Major Clarke, of Crombie Hill, 4 and 3; Gardiner Hill, of the Royal and Ancient, defeated Guild, of Murray Fields, 6 and 5; Gunson, of New Zealand, beat Hon. Denys Scott, Royal North Devonshire, at the twentieth hole. Douglas Gaunt, of the Royal and Ancient, defeated Bird, of Letchworth, one up. Hardman, of Birkdale, defeated Withers, of Sandwell Park, 5 and 4; Gordon Simpson, of the Royal and Ancient, defeated Briggen A. C. Critchlay, of the Prince's Golf Club, two up; Douglas Grant, of St. George's, defeated Rex Hartley, of Sunningdale, at the nineteenth hole; McCallum beat Tolley, 5 and 4; Stout, of Bridlington, English amateur champion, defeated Soubley, of Belfast, one up; W. Torrance, of Edinburgh, defeated Lunt, of Moseley, 4 and 2; Pearson, of the Royal and Ancient, defeated Pank, of Cairo, Egypt, 5 and 3; Beddard, of South Staffs, defeated Hitchmouth, of Liverpool, 5 and 4; Bretherton, of Handsworth, defeated McIntyre, of Card Ross, 5 and 4; Mellor, of Shanklin, defeated Buckless, of Inverness, 3 and 2; Martin, of Portrush, defeated De Montmorency, of the Royal and Ancient, 5 and 4; Robert Scott, Jr., of Glasgow, defeated W. Murray, of Westhill, one up; Jenkins, of Troon, defeated Laird, of Troon, 2 and 1; and Simpson, of Lothianburn, defeated Ian Patsy, of Hayding, one up.

MARKSMEN WILL HAVE BUSY WEEK

Rifle Association Meet to Be Held Tomorrow — Team for U.S.S. Pennsylvania Match Picked

The Victoria and District Military Rifle Association will hold its mid-week shoot tomorrow morning. All those with cars are asked to meet at the corner of Yates and Douglas Streets at 8:15 a.m. Shooting will start at 9 o'clock at 200 yards.

The team to represent the city against the U.S.S. Pennsylvania in a match on the afternoon of May 25 has been selected as follows: Sergt. A. E. Ashe, Sergt. H. W. Burton, Master Gunner H. Collings, Lieut. D. Fyvie, Sergt. J. H. Regan, Sergt.-Maj. W. H. Raffell, Capt. W. E. Tapley, C.S.M.I. W. H. Woods, Major F. Richardson will act as coach.

Final arrangements for the match will be made by Major Richardson on arrival of the warship on Thursday.

The annual match for the Fiftieth Gordon Trophy will be shot on Saturday afternoon. Entries so far have been received from the Royal Canadian Navy, the Garrison, the Fifth Regiment, B.C.C.B.R.A. and the Canadian Scottish. Teams will consist of eight men and a coach, and Kolapore conditions will apply.

There will be no practice at the ranges on Saturday afternoon. The team to represent the Canadian Scottish will be selected on the range tomorrow morning.

Hillcrest Tennis

The three newly constructed clay courts of the Hillcrest Tennis Club will be open for play on May 24.

J. B. A. A. Regatta at Gorge to Be Feature Of May 24 Programme

Pioneer Local Club Will Send Oarsmen Against Crack Brentwood College Crews—Lengthy List of Events for Tomorrow

Everything points to a "bang-up" water carnival at the Gorge tomorrow afternoon, when promptly at 3:30 o'clock Captain Dan O'Sullican will set the regatta into action by firing the starting gun. Not only will the races be the first held by the J.B.A.A. this season, but the events will be the first held from the club's new quarters.

Although lacking the spectacular Indian events and the cutter and gig races as staged by the Army and Navy in past years, the J.B.A.A. hopes to present one of the finest regattas staged in these waters in recent years. The programme will be a varied one, included in which will be four-oared races, double and singles, canoeing, swimming and water stants.

SPEED-BOAT RACES

One of the features of the carnival will be the speed-boat race for outboard motors. Cliff Adams, who is handling these events, promises to give the spectators a thrill. Two events will be run off, the first being a "bang-and-go-back race," open for all classes of outboard motors. The feature event will be the speed race between the "Johnston Baby Stepper," capable of making thirty miles an hour, which will be driven by Cliff Adams; the "Mustard," driven by Sidney Pickles, and the "Applesauce," guided by Jeff Bromley. The latter two craft have done better than twenty-five miles during trials this week.

BAYS WILL BE HOSTS

The directors of the J.B.A.A., who have made possible this extra attraction to the Victoria Day celebration and who have been cooperating with the Junior Chamber of Commerce members, who this year are handling the holiday programme, wish the general public to know that the J.B.A.A. will be at home, and everyone is cordially invited to take vantage points on their spacious grounds to view the events. The clubhouse and gym will be open for inspection.

JUNIORS SHOW ACTIVITY

The junior section of the club has got away to a good start, and at a meeting held last evening, Alex Webster was elected captain, with Charles Newman as vice-captain. A strong management committee was also elected, and will be composed of the following: Marshall Augustine, William Stancil, Frankie Neill, Dennis Boyd, Sam Taylor, Derrick Sager and Jack Tyer. The "babies" are being watched carefully by Physical Director Walter Sheasby, who expects to develop some fine boxers from the classes which are being held every Tuesday and Thursday evenings.

To round the boys into shape a road race will be held over a 3 1-2 mile course, starting from the clubhouse at 7:30 p.m. next Monday, and already sixteen entries have been received. Frankie Neal, who recently won the flyweight and bantamweight boxing championships of British Columbia at New Westminster, is one of the entries.

Captain O'Sullivan and his assistant, Billy Kennedy, have been busy this week giving the boys some of the finer points in rowing. Many of the members of this section will take part in the rowing and canoe events on Thursday.

RECORD LIST OF ENTRIES

Due to the large number of entries received for the rowing events it was found necessary to row off a heat in the Junior doubles at the Gorge last evening. Ed. Woods, formerly of the Vancouver Rowing Club, and Campbell Forbes, promising young sculler, showed their heels to Art Speed and Don Macmurchie. Tonight Ray Ditchburn and Bill Locke will take on Speed and Macmurchie, and the winners will row Woods and Forbes for the finals Thursday afternoon.

TARS MAY TAKE PART

It is quite possible that a gig or cutter race will be pulled off between crews from the U.S. Pennsylvania and a crew from the J.B.A.A. at the Victoria Day regatta. The United States battle cruiser is reported to have some very fast crews aboard, and they have expressed the wish to meet a crew from the Bays at the regatta. Final arrangements will be made upon the arrival of the ship.

Victoria's "Big Four," which won the championship at Harrison Lake last year, have split up for the regatta. Billy Kennedy, veteran stroke of last year's crew, and Dan Moses, No. 3 in the same shell, will be each stroking crews in the regatta. Ron Mahood is busy training for the boxing bouts at the Armories on Saturday night, and will not compete. Campbell Forbes is taking part in several sculling events.

BRENTWOOD TO RACE

Coach Jones, of Brentwood College, reports that his oarsmen and scullers are in fine condition, having been in training for their races since January. Pratt and Marlatt, two junior scullers, were out for a spin at the Gorge Saturday, and showed excellent form. The college Junior and Senior fours will have their last workout at the Gorge this afternoon.

PROGRAMME OF EVENTS

Speed Boat Races.

Club Fours—Kennedy, Clarke, McMichael, Nash vs. Moses, Mercer, Bull, Derbyshire.

Junior Fours—Brentwood vs. J.B.A.A. Brentwood crew—D. V. Pugh, W. D. Perris, B. W. Pitfield, C. M. Fogg, Lawson. J.B.A.A.—Wood, Locke, Ditchburn, Donaldson, Moore.

Senior Fours—Brentwood, J. E. Nickson, T. J. Cameron, F. W. Mathews, A. G. Strang, D. G. Oppenheimer. J.B.A.A., Jack Crane, C. Forbes, A. Speed, G. Dodds, A. Moore.

Fifty Yards Swimming Race—J.B.A.A. only.

Junior Singles—J. Crane, J.B.A.A. vs. M. E. Marlatt, Brentwood.

Junior Singles—J.B.A.A., C. Forbes, G. Dodds, J. Crane.

Senior Singles—J.B.A.A., Clyde Donaldson, vs. Art Speed.

Fifty Yards Swimming Race, Senior—J.B.A.A. only.

Boys Canoe Race.

Junior Doubles, J.B.A.A.—Woods and Forbes vs. winner of Speed and McMurchie and Ditchburn and Locke.

Senior Doubles, J.B.A.A.—Clyde Donaldson and D. Moses vs. J. Crane and G. Dodds.

Senior Singles—C. E. Pratt, Brentwood, vs. R. Ditchburn, J.B.A.A.

Novice Singles, Junior, J.B.A.A.

Single Paddle Canoe.

Double Paddle Canoe.

Mixed Tandem Canoe.

Tandem Canoe, men.

Upset Canoe.

Canoe Tilting.

Four-Paddle Canoe.

Crab Race.

REGATTA OFFICIALS

Commodore, R. F. Taylor; vice-commodores, B. C. Nicholas and D. Spencer; starter, Dan O'Sullivan; assistant starter and announcer, Billy Kennedy; clerk of course, R. Askey.

Finish judges, rowing—H. P. Hope, C. Jones, Brentwood College; F. Crockford, C. Donaldson, E. H. Hiscock, C. Mallendine, J.B.A.A.

Canoeing judges—F. W. Waller, C. Walls, C. Sanson, C. Forbes, R. McInnis.

Swimming judges—T. D. Roberts, D. Moses, F. Price, W. Sheasby.

Timekeeper, J. Wenger.

CRACK RIDERS WILL COMPETE

Vancouver Sending Strong Contingent of Cyclists for May 24 Meet at Royal Athletic Park

RACES TO START AT 3:30 SHARP

With Jim Davies, D. Mecredy, D. Sutherland, C. Davies, Leo Marchiori and M. Irving, as Vancouver's contingent of bicycle riders, tomorrow's cycle meet, which is being held at the Royal Athletic Park in conjunction with the Victoria Day celebration, promises to produce many exciting and interesting events. In addition to the Mainland field the pick of local riders will be seen in action.

The programme of fifteen events will get under way at 3:30 o'clock sharp. The riders, with the numbers under which they will appear, follow:

No. 1, J. Bruce; No. 2, B. C. Peden; No. 3, P. Tyson; No. 4, L. Rush; No. 5, D. Mecredy, Vancouver; No. 6, Jim Davies, Vancouver; No. 7, Geo. Farmer; No. 8, D. Peden; No. 9, F. W. Rose; No. 10, P. Askey; No. 11, E. Peden; No. 12, C. Peden; No. 13, C. Davies, Vancouver; No. 14, R. Wensley; No. 15, Don. Sutherland, Vancouver; No. 16, G. Scott; No. 17, Leo. Marchiori, Vancouver; No. 18, Chas. Staples; No. 19, Stan. Jackson; No. 20, S. Frost; No. 21, W. S. Robbins; No. 22, M. Irving, Vancouver; No. 23, G. Parrott; No. 24, A. Morton; No. 25, Wm. Espley; No. 26, M. Patrick; No. 27, Glen Robbins; No. 28, R. Jackson; No. 29, W. Jones; No. 30, S. Dowling, Vancouver; No. 31, I. McGavin; No. 32, D. Tyson; No. 33, R. J. Duncan; No. 34, H. MacLachlan; No. 35, L. Harmon.

The complete programme follows:

One mile novice.
One mile open.
Half mile handicap, boys under fourteen years.
One quarter mile open.
One mile handicap, boys under sixteen years.
Final one mile novice.
Final one mile open.
Final one quarter mile open.
Two mile handicap. One heat only.
First and second in each heat will qualify for the finals. The prizes, which have been provided by the Victoria Day celebration committee, will be presented after the races.

Gunners Walls and Walker Lead 58th Battery Marksmen

Scoring forty-nine out of a possible fifty, Gunners Walls and Walker led the marksmen in the 58th Battery shoot held at the Armories Monday evening. The sweepstake honors were won by Captain Gadsden.

Scores follow:

"A" CLASS

Gr. Walls	49
Gr. Harrison	48
Gr. Bell	48
Capt. Gadsden	48
Bdr. Pretwell	45

"B" CLASS

Gr. Walker	49
Bdr. James	46
Gr. Norrington	45
Gr. Setterington	42
Gr. Raby	42
Gr. Morrell	42
Gr. Sweinam	39
Gr. Butler	39

SWEEPSTAKE

Capt. Gadsden, first; Bdr. Pretwell, second; Bdr. James, third.

Scribe Says McLarnin Needs Another Year to Come Up to Mandell

Associated Press Sports Editor Declares Rockford Sheik Will Do Nicely as Present Lightweight Champion—Challenger Has No Alibis

By ALAN J. GOULD
(Associated Press Sports Editor)

NEW YORK, N.Y., May 22.—Until another challenger comes along, or Jimmy McLarnin learns a little more about infighting, Sammy Mandell will do very nicely as the lightweight champion of the world. The lean, dapper Rockford sheik, who looks like the leading man in a high school play, has removed the skepticism about his right to sport the 135-pound ring crown.

SAMMY MANDELL

Sammy is not a deadly puncher. His left, baffling and annoying as it proved against McLarnin, cannot be compared with the old left hook of Charley White, for instance. But his ring generalship, boxing skill and footwork, furnish enough equipment to make him a first class champion.

YOUTHFUL CHAMPION

Mandell is only twenty-four, less than two years older than McLarnin, but he is at least six years older in ring experience and craft, but baby-faced Jimmy has the sock. There is no doubt of that, just as there is no question of his courage. But courage doesn't win many fights alone, and the sock isn't useful unless it connects. Mandell, warned beforehand, kept his chin so thoroughly protected and flitted about so quickly that McLarnin's famous right shift never produced results.

"Baby-faced" Jimmy needs at least another year before he can contend with Mandell's speed and defence. He may not do it even then, but experience is the only thing that can close the present gap between these two rivals.

REAPS HARVEST

Mandell may now reap some of the financial harvest that he has failed to do in the two years since he took the title from Rocky Kansas. In fact the title was all Sammy got out of that bout at Chicago in 1926. Last night's fight was the first "big shot" for the champion. He came through with such flying colors against a highly touted opponent that his stock now may be quoted at a considerably higher figure than before.

They don't come any gamer than little Jimmy McLarnin.

After he had been beaten and battered all over the ring last night he was called over to the ropes by a newspaper friend.

"How about it Jimmy?"

"Well, I just did my best, Ed, that's all," answered McLarnin, through puffed and twisted lips. His nose was out of shape from constant jabbing, his left eye tightly closed, and the right eye half shut.

"What do you want to say about it, Jimmy?"

DID HIS BEST

"Well, I just did my best."

It took a little hesitation before Jimmy got this out, but it was all he had to say. Not a word of alibi.

If there are two cleaner cut or better looking battlers in any class than McLarnin and Mandell they haven't shown their wares in any metropolitan ring in some time.

VOSHELL STEPS FASTEST MILE

Canadian-Bred Horse Makes Best Time for Distance This Year at Aurora Track

(Special to The Colonist)

AURORA EXPOSITION PARK, May 22.—Voshell (b.g.6), racing in the colors of his owner and trainer, R. Z. Jenkins, truly Canadian bred, formerly in the stalls of Joseph C. Seagram, probably the most prominent figure in the Maple Leaf turf world, romped ably to his objective in today's set stake event. Drawing the rail position, Voshell, steadily held there by Jockey Pendergrass, had only to be shaken up lightly on the last turn to offset the challenge of Flora M. The ground that Pendy saved by tight rail riding assisted Voshell in making the best stepped mile of the May session, 1:39 2-5.

First race—Five and one-half furlongs:

Go Poin (M. Meyers)	$ 2.80	$ 3.00	$ 2.60
Pichonne (McCrossen)		4.50	3.60
Pearlie's Girlie (Pinnerty)			4.60

Time, 1:07 3-5. Also ran: Special, Gold Banner, Antonio, Stranger, Kitten on the Key, Red Apple, Meddling Seth, Gilmore, Tippenir.

Second race—Six furlongs:

Quin Chin (Parmalee)	$17.10	$ 6.50	$ 4.80
Bob's Best (Ionelone)		8.00	4.50
Blue Granite (H. Philpot)			5.40

Time, 1:13. Also ran: Basha, Herd, Supporter, Col. Schooler, Holecard, Bocarate, Intense, Be Yourself, Secrecy.

Third race—Five furlongs:

Puss (M. Meyers)	$ 7.40	$ 4.10	$ 3.00
Blind Hills (Pendergrass)		12.70	5.00
Black, Darling (Doggett)			2.90

Time, 1:00 3-5. Also ran: Volset, Omardale, Mayers Mate, Bemper Pelts, Donna Marie, Trompe of Dawn, Red Rod, Graceland, Leading Lady.

Philadelphia to Get Pittsburgh's Place In National Hockey

MONTREAL, May 22.—A report reached here today from Philadelphia stating that the special committee of the National Hockey League had finally accepted the Quaker City into the major league circuits.

The report adds President Calder, Charlie Hughes, head of the Detroit Cougars, and Col. Hammond, Ranger president, the special committee appointed to investigate the situation in Philadelphia, has been in conference with interests bidding for the Pittsburgh franchise, and decided that prospects for big league hockey there were good.

PORTLAND, May 22.—In the first of a series of warm-up fights for his middleweight title battle with Mickey Walker, Ace Hudkins knocked out Billy Lane of Brooklyn in the second round of their scheduled ten-round bout here tonight.

SALO STILL CHOPPING AT PAYNE'S LEAD

Passaic Runner Cuts Close to an Hour From Margin of Leader in Pyle's Cross-Country Marathon

TWO CANADIANS HOLDING PLACES

LIBERTY, N.Y., May 22.—Finishing second on the 59.1-mile lap from Deposit to Liberty, N.Y., today, John Salo, Passaic, N.J., Finn, again reduced the lead Andy Payne, youthful Oklahoman, holds over the field in C. C. Pyle's transcontinental foot race.

Guisto Umek, of Trieste, Italy, set the pace for the fifty-five bunioners, covering the lap in 9:57:45. His elapsed time was 617:03:33 for the 3,289.4 miles from Los Angeles.

Near an hour behind Umek came Salo, doggedly cutting into Payne's lead. Salo's time for the lap, 10:57:35, gave him an elapsed time of 564.09:11. At the start of the day's lap Payne held a lead of more than sixteen hours over Salo.

Payne finished fourth on the day's lap in 11:31:45. His total time of 548:23:36 gives him a lead of 15 hours 45 minutes 36 seconds over Salo.

Middleton, thirty-seven miles east of here, will be the Derbyists' goal tomorrow. The race ends with a ten-mile jog in Madison Square Garden, New York, Saturday night.

THE TWELVE LEADERS

The twelve leaders and their elapsed time:

Andrew Payne, Claremore, Okla., 548:23:36.

John Salo, Passaic, N.J., 564.09:11.

Phillip Granville, Hamilton, Ont., 589:44:23.

Mike Joyce, Cleveland, 601:10:05.

Guisto Umek, Trieste, Italy, 617:03:33.

Louis Perrella, Albany, N.Y. (not reported).

William Kerr, Minneapolis, 623:22:53.

Ed. Gardner, Seattle (not reported).

Frank von Flue, Herman, Cal., 641:53:03.

John Cronick, Saskatoon, Sask., 642:00:02.

Harry Abramowitz, New York, 654:18:34.

Roy McMurtry, Indianapolis, 654:47:57.

LAWN TENNIS HAS OFFICIAL ORGAN

Badminton Also Is Featured in New Toronto Publication—Players of B.C. Are Given Prominence

As official organ of the Canadian Lawn Tennis Association and the Canadian Badminton Association, a new sporting magazine, "Canadian Lawn Tennis and Badminton," has just made its appearance, published in Toronto and edited by Mr. R. L. Condy, a well-known Canadian authority on both games. The magazine is a review of lawn tennis and badminton activities throughout the Dominion, admirably illustrated and written with authority. It contains articles on the progress of the games in the various provinces, and in a leading article quotes at some length an editorial which appeared in The Colonist on the subject of the growing popularity of badminton.

British Columbia is given due prominence in the new magazine with a page layout of pictorial illustrations, which includes Mr. E. J. Cardinoll, Western vice-president of the Canadian Lawn Tennis Association; Mr. E. V. Young, secretary of the British Columbia Lawn Tennis Association; Mr. J. G. Brown, president of the Victoria Lawn Tennis Club; Dr. E. W. Boak, of Victoria, councillor of the Canadian Lawn Tennis Association; Mr. Gordon Shields, first ranking British Columbia player; Miss Marjorie Leeming, the first ranking lady player of British Columbia, and Miss Doreen Swayne, junior girl champion of British Columbia.

In the letterpress further mention is made of Victoria players under a caption of "A Plea for the Ladies." This says: "But little has been seen of Western ladies in the East. A few years ago Miss Marjorie Leeming created an excellent impression and reached the finals, where she was defeated by the greatest lady player Canada has yet produced, Mrs. Harry Bickle. Last year the reputation of two young British Columbian girls, Miss Doreen Swayne and Miss Hope Leeming, was borne across the continent, and mention was made of prominent misses in Calgary, Edmonton and Winnipeg. The Western ladies' can be assured of a warm welcome if they come to Toronto for this year's Canadian championships."

ONE-SIDED WINS IN O.C. CRICKET

Kent, Nottinghamshire and Hampshire Take Matches on First Innings Play

LONDON, May 22.—Owing to persistent rains the cricket match between the Marylebone and the touring West Indians, at Lords, today, was abandoned. As only a few hours' play had been possible, matches between Yorkshire and Sussex, at Hull; Somerset and Derbyshire, at Chesterfield, and Surrey and Essex at the Kennington Oval, will not be counted in the championship.

Kent won their match from Northamptonshire, at Northants, by an innings and 69 runs. Scores were: Kent, 452 for seven (declared); Northants, 150 and 233.

Lancashire defeated Warwickshire at Nelson by 178 runs. Scores: Lancashire, 204 and 218 for two wickets (declared); Warwickshire, 107 and 136.

Nottinghamshire got credit for a first innings win from Leicestershire, the scores being: Notts, 203; Leicestershire, 144.

Hampshire, who have been playing Worcestershire, also got a first innings win. Scores in this match were: Worcester, 224 and 134 for six wickets; Hampshire, 239.

The match between Oxford University and Gloucestershire, at Oxford, was drawn, final scores being: Gloucester, 340 and 182 for two wickets (declared); Oxford, 315 and 41 for two wickets.

DR. WILLING LOW IN OREGON STATE

Portland Golfer Heads Large Field in Amateur Tournament—B.C. Champion Second

DR. WILLING

PORTLAND, Ore., May 22.—Dr. O. F. Willing, of the Waverley Country Club, of Portland, led the field of qualifiers in the Oregon State golf championship tournament today with a score of 146 for the thirty-six holes. Tom (Babe) McHugh, of Seattle, British Columbia champion, trailed Willing closely with a card of 148 and behind McHugh was Don Moe, Alderwood Country Club (Portland), with a score of 152.

Dr. Willing, former Oregon State champion, was low medalist in a field of 102 golfers. With so large a field of competitors, some had not completed their second round by sundown.

Willing completed the morning round in 74 and shot a 72 in the afternoon. McHugh had a 74 card for each round, while Moe shot 76 on both courses.

DATES SET FOR HUNTING SEASON

Fish and Game Association Tables Recommendations for Game Board

Game regulations for the present year will be much the same as last year, according to recommendations tabled last evening by the Victoria and District Fish and Game Association.

On the southern end of Vancouver Island it was recommended that deer be in season from September 15 to October 31; quail, October 15 to November 30; pheasants, October 15 to November 30; blue grouse, September 15 to October 31, willow grouse, closed season; partridge, November 15 to November 30. These dates will be submitted to the Provincial Game Board.

It was brought to the attention of the association that last season there was much game shooting from automobiles and poaching on the highways in the early morning. Major R. G. Monteith mentioned that the Attorney-General had offered to tender the association part of fines collected from infractions of the Game Act, upon notification.

FISHING SEASON DISCUSSED

A letter read from the Malahat Board of Trade recommended that trout fishing should be permitted from April 1 to October 30 at Shawnigan Lake and Millstream. Although not opposed to a shorter season, members of the association felt that trout fishing regulations should be uniform throughout the Island.

Major Monteith mentioned that trapped fish at the two Prospect Lake fishing ladders were being caught by anglers, contrary to the Game Act. Notices had been posted warning against fishing there, he said. Members unanimously decided that stringent regulations must be enforced to prevent fishing in that area.

Members of the association felt that the power and pulp mill dam to be built on Nimpkish River would result in the death of thousands of fish in the district. E. L. Tait, president of the Victoria and District Fish and Game Association, said that fishing had been ruined in several Island lakes by loggers using dynamite in the waters.

OLYMPIC HOCKEY SPOILED BY RAIN

AMSTERDAM, May 22.—Steady rain that turned the playing field into a swamp and prevented any show of speed, took all the thrill from the matches in the Olympic field hockey competition today.

Even the crack India team, overwhelming favorite to win the championship, attracted little attention, beating Switzerland 6-0.

Belgium shutout Australia 4 to 0 in a dull match, but there were brilliant moments for both teams when Germany beat France 2 to 0. The Teutons were forced to the limit in the rain and mud to batter down the stubborn French defence.

Macauley Point Golf

W. B. Christopher won the monthly medal competition at the Macauley Point Golf Club on Sunday. He scored rounds of 39 and 43 for a gross 82, which, with his handicap, gave him a net 63. Norman Wallace, the club champion, finished second with a gross 77 and a net 65. J. Burns was third with 81-15—66.

Gillespie Shield Cricket Is Won by University School

In a Gillespie Shield cricket match played yesterday afternoon on the University School ground, the home team scored a decisive victory over the T. and V.'s. Going in first, the visitors were all out for 27 against the bowling of Tisdall and Gordon, the latter in particular proving very deadly with five wickets to his credit for three runs. University had made 90 for the loss of four wickets when stumps were drawn. Tisdall scored 38 and Tye had 28 not out. The full score follows:

T. and V.'s

Halkett, b Tisdale	3
Munroe, b Tisdale	0
Smith, run out	5
Brian, ct White, b Tisdale	3
Cox, b Gordon	0
Laird, ct Tisdale, b Gordon	2
Warder, b Tisdale	10
Wallace, ct White, b Gordon	0
Watson, ct Gordon, b Gordon	4
Lefevre, b Gordon	0
Brian, J., not out	0

CALGARY RACING TO OPEN TODAY

About 350 Thoroughbreds at Prairie Track — President Handicap Inaugural Feature

CALGARY, May 22.—Occupying the seat of expectancy, their goal being victories that will well reward them in the distribution of $135,000, owners of more than 350 thoroughbreds are now awaiting the first call of the bugle that will peel the cover off the Spring racing in the provinces of Alberta and Manitoba.

Victoria Park, Calgary, offers the first meeting, the opening of seven days of the sport coming tomorrow. One of the most brilliant fields of runners ever going postward is expected for the President's Handicap, a gallop of one and one-sixteenth miles, which will be the feature of opening day at Victoria Park. Around this will be six other races, varying in distance from five furlongs to one and one-sixteenth miles.

28 DAYS OF RACING

In all, the Spring meetings in Alberta and Manitoba will offer twenty-eight days of the thrilling sport. The dates are as follows:

Calgary, Victoria Park, May 23 to May 30, inclusive.

Calgary, Chinook Park, June 2 to June 9, inclusive.

Winnipeg, Polo Park, June 16 to to June 23, inclusive.

Winnipeg, New Whittier Park, June 26 to July 3, inclusive.

From far and near have come some of the best stake and handicap horses and first flight riders to engage in the Spring meetings, and these will remain in Western Canada for a second series of meetings to be given at Calgary and Winnipeg in the late Summer and early Fall.

Jockeys who have ridden to fame and glory and heavy financial rewards in New York, Maryland, Kentucky, Eastern and Western Canada, Ohio, Tijuana, Mexico, and elsewhere have been granted licences by Judge George W. Schilling, the presiding steward.

BALL SCHEDULE NEARING CLOSE

Commercial League Teams have Three Games to Play—Westholme and Sidney in Running

With three games yet to be played in the first half of the schedule of the Commercial Baseball League, the race for honors seems to be between Westholme Hotel and Sidney. The hotel men have four straight wins to their credit, while the millmen, who have played three games, have suffered one setback. Tillicums, the third team in the loop, are in the cellar with four losses.

The next league fixture is scheduled for Friday, and brings together Tillicums and Westholme Hotel at the Royal Athletic Park at 6:15 o'clock.

HELEN WILLS AND HUNTER WINNERS

American Doubles Team Makes Short Work of Australasians in Hard-Court Play

AUTEUIL, May 22.—Helen Wills and Francis T. Hunter beat Helen Antony and Jack Peacock, the Australasian team, 6-0, 6-1 in the International hard court championships today.

The victory for the players from the United States furnished only a good practice match. The Australian pair could not cope with the terrific speed of Miss Wills and Hunter, who waltzed through the two sets in eighteen minutes. They gave their opponents only seventeen points in thirteen games.

The English team of Miss Joan Austen Lycett and O. G. N. Turnbull defeated the American-Australian combination, Mrs. Molla Mallory and Norman Brookes, 7-5, 6-2.

The French doubles team, Henri Cochet and Debeizelt, defeated the Philippines Davis Cup doubles team, Gulermo Aragon and Lopez Yngayo, 6-2, 6-2, 6-1 in the first match today of the International hard court tennis championships.

LOCAL CYCLIST GOES IN QUEST OF BIG HONORS

Bill Peden, Crack Local Rider, Leaves for Toronto to Compete in Canadian Championship

HOPES TO MAKE OLYMPIC SQUAD

Another young Lochinvar went out of the Golden West last night when Bill Peden, "rusty headed speed demon" of the cycle track, boarded the midnight boat for Vancouver, en route to Toronto, where he will flaunt the Capital City's colors against the best riders in the Dominion in the Canadian bicycle championships. Following these races the local flash will make a strong bid for a place on the Canadian Olympic team.

Bill's departure for other fields came sooner than expected, but at that the step taken will, in all probability, help him in his ambitions to make the Olympic team. When interviewed yesterday, Bill, just a big smiling boy, told a Colonist representative that he was leaving earlier in order to get acclimatized and used to the wooden tracks in the East.

HIS AMBITION

"It has been my one ambition to get an opportunity to match my ability against the best in Canada, and, now that it has arrived, you can rest assured that I am going to do my utmost to carry Victoria to the front."

The Capital City will receive plenty of advertising from the efforts of this crack rider, who in the last year has won every important meet in the province. In addition to matching his skill on the wheel, Bill will assume the role of publicity agent for Victoria, as he is carrying with him pamphlets issued by the Victoria Publicity Bureau.

SET MANY RECORDS

In the last year Peden has set new records for the Province Cup race, Moody Cup race, twenty-five-mile Coast Championship and the Penwill Cup race. Tha three former events were carried out on the Mainland, while the latter was held at Beacon Hill.

Standing over six feet and displaying a perfect physique, Bill resembles a regular strong man. He started his bicycle career, which, by the way, is now six years old, at the age of fourteen. For four years Bill labored on, awaiting the fruits of victory, and now that time is near for the big test, it is doubtful if there is a happier man in the world than "Big Bill," Victoria's crack cycle rider.

Jim Davies and Don Sutherland, two of the classiest riders on the Mainland, will provide opposition for the local rider in the races in the East. This pair, however, are going to try their skill in The Daily Colonist race on June 8, and will leave the following day for Toronto. While in Toronto, Peden will stay at the Central Y.M.C.A.

HILLCRESTS TAKE LEAD IN SOFTBALL

Defeat Cameron Lumber Company 9-3—Cordova Bay Down Foresters 12-3

Results of games played in the "A" Section of the Victoria and District Softball League are as follows:

Hillcrests 9, Cameron Lumber Company 3.

Cordova Bay 12, Foresters 3.

TONIGHT'S GAMES

"D" Section

Oak Bay vs. Plimley & Ritchie, at Central Park, Quadra and Queens; umpire, P. C. Payne.

Aztecs vs. Ladies' Sample, at Central Park, lower diamond; umpire, D. Holman.

Mets vs. Albion Stove Works, at Central Park, lower diamond; umpire, T. Forbes.

Ladies' Section

St. Saviour's vs. Langford, at Victoria West Park; umpire, E. Stock.

HILLCRESTS TAKE LEAD

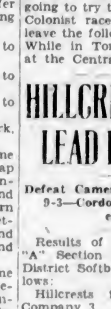

Hillcrests softballers stepped out in front in the league race last night by defeating Cameron Lumber Company 9-3 at Central Park. It was a case of experience being the telling factor.

Superb pitching by Dave Bain and heavy hitting by his teammates carried Cordova Bay Recreation Club nine to a 12-3 victory over the Foresters. Lodgemen, however, were minus three of their regular players.

WESTHOLME HOTEL LEAGUE

Two games will be played in the Westholme Hotel Softball League tonight, with the Colonist meeting Marigold at the Willows, and the Crescents journeying to Langford to meet Willert Lumber Co. representatives. Times and Langford will battle at the Willows on Friday.

A GRACIOUS CUSTOM

UNUSUAL SCENE AT PRESENTATION

Percy Payne Presents His 13-Year-Old Son With Cup Won by Five C's Soccer Team

Marked by the unusual scene of a father presenting a championship cup to his thirteen-year-old son, the presentation of trophies to the Juvenile Football League was carried out at the Y.M.C.A. last night, and Percy Payne, who has been connected with soccer in this city for the last fifteen years was the father in this case, and his son, George, was the recipient. "I have always tried in my work and play never to do anything that I would be ashamed of, and I hope that you, as you go through life, will never do anything that will make your mother or myself ashamed of you, my son," said the father in tones becoming the proud parent, while upwards of fifty players and their friends sat in silence. George, who is the skipper of the Five C's, Division Two, juveniles, received the cup on behalf of his teammates.

The Shelly Cup, emblematic of the juvenile championship for boys under fifteen, was presented to F. Griffin, manager of the Five C's, by Alderman Jimmie Adam.

The Daily Colonist Cup for Division One was presented to Les Willoughby by Mr. Mowat. Bill Lorimer received the Sam Lorimer Cup on behalf of James Bay, from Division One. Mr. Leonard Tait made the presentation.

Victoria City, under thirteen players were presented with silver medals by the Juvenile Football League. Barney Barnawell received the medals on behalf of the team, of which he is the manager.

Eddie Gibson, judged the most useful player in Division One, was presented with a miniature cup by Kenneth Ferguson, president of the Canadian Club. Jackie Payne also received a miniature cup as the most useful player in the under fifteen class.

The Lower Island Football Association Trophy for juniors was won by James Island. W. H. Hadley, secretary of the District Council, made the presentation to Mr. Mowat.

MANDELL TO GET $52,000 FOR MIX WITH McLARNIN

NEW YORK, May 22.—The gate for last night's Mandell-McLarnin lightweight bout, it was stated today, would not exceed $138,000. On this basis, Mandell's percentage end would figure to be $52,000 and McLarnin's, $17,000.

FOURTEEN ONLY ESCAPE DEATH

Rescue Crews at Mather Mine Bring Many Dead Bodies to Surface —Not All Recovered

MATHER, Pa., May 22.—Grave fears that death had claimed all but a handful of the 211 miners entombed in the Mather mine explosion seemed likely to be borne out late today as the known death toll mounted to 125.

Hope, that had risen with the escape of a lone miner today, ebbed and the hours passed and rescue crews brought only more dead to the surface. Late today there still remained seventy-two men unaccounted for on the basis of a Red Cross check of the men missing.

FOURTEEN OUT OF 211

Only fourteen men of those who were down in the mine at the time of the catastrophe, were outside the workings today, and it was believed they were the only survivors.

From the blast-wrecked mine this morning came Frank Krubik, deliriously jibbering his joy at the arrival of rescue workers in time to save him from the death that claimed so many of his fellows. After sixty hours with death from poisonous gases threatening, Krubik came out alive.

The rescue work continued as it had gone on shortly after the explosion occurred.

Women's White Golf Shoes

Regular $10.00
Economy Day..... **4.95**

The Luckiest Lady

By RUBY M. AYRES

THE STORY THUS FAR:

Biddy Saunders always called Marna Paget—her young adopted mother—the Luckiest Lady, for it seemed to Biddy, whom everyone knew as the Little Flapper, that Marna had everything — beauty, wealth, and the love of a devoted husband. But Marna was not happy. She could not return the love of George Paget, for three months after her marriage she had given her heart to Hugh Hubbard. And now, after five years' absence in China, Hugh is in England again. Paget brings him home to dinner, delighted to give Marna a surprise.

III—HUGH HOME AGAIN

There was a little silence when George had gone, then Marna said tremulously:

"Won't you sit down?"

She hardly knew what she was saying; she felt almost lightheaded with happiness, and when Hubbard stooped to pick up the book she had dropped, she said nervously: "Oh, never mind, don't trouble!" and at the same moment she stooped to recover it herself, and their hands met.

Marna caught her breath with a sharp little sound, drawing away as if he had hurt her, and the hot blood surged into Hubbard's face, and for a moment he stood looking at her, as if not knowing what to do; then suddenly he put out both hands and caught hold of her desperately.

"Marna!"

There was no other word spoken, but they kissed as lovers kiss who have for long been parted, and it was only when George Paget's step and the sound of his cheery whistling was heard in the big hall outside that they fell apart, shaken to the very depths of their beings.

And that was the beginning of a month which was so near to heaven, and yet not heaven, that often Marna told herself it must be hell, and sometimes she wished with all her soul that Hubbard had never come home, and sometimes she was terrifyingly near to hating her husband, and sometimes she believed that the only way out of it for all of them would be for her to die, only death was such an unknown thing, and she knew she dared not take the risk of being separated from Hugh through all eternity.

But, at any rate, the Little Flapper was quite happy. In her new life she blossomed and unfolded like a flower which for long has been planted in a wretched soil, and is suddenly transplanted by tender hands into warmth and sunshine. She was eternally contented, eternally grateful.

Her whole life and love and desire began and ended with Marna. How to please her, how to do little things for her, how constantly to show her adoring love and gratitude, was the Little Flapper's only thought.

"But there is so little I can do for her!" she one day confided to the dignified Harnigan, when, as it was pouring with rain, he had been sent to fetch her from school.

Oddly enough, Biddy Saunders was not in the least afraid of Harnigan. His wooden features and great dignity had ceased to inspire her with awe. Quite in the early days she had discovered that he kept a heart beneath his immaculately fitting coat, and there, on a mutual plane of love and understanding for Marna Paget, he and the Little Flapper met.

"Are you married, Harnigan?" the Little Flapper asked him one day, and was dismayed at his very emphatic retort.

"No, thank you, miss. No wimmen for me."

She stared at him with round eyes.

"Don't you like women, Harnigan?"

Harnigan looked straight before him as he answered.

"About as much as a cat likes water, miss."

"Oh!"

This had needed some consideration, and a moment or two elapsed before the Little Flapper said in a small voice:

"I never liked them, either, till I came here." And she shivered as she remembered the woman whom she had known as Mother, and all the other women who had dragged round with the third-rate touring company, with their painted faces and loud voices and coarse language.

"But then," she added aloud, taking it for granted that Harnigan knew of whom she was thinking, "she isn't a woman—not an ordinary woman. She's an angel."

"She is that," Harnigan agreed. "But then," he added, "it's not every day that you meet any one like the mistress."

The Little Flapper smiled up into Harnigan's wooden face with sudden rapture.

'And she's just the Luckiest Lady!" she said eagerly. "It's like a fairy story, isn't it? I should think she's got everything in the world she wants—at least, I hope she has," she added devoutly.

"One never knows, miss," he said at least. "Maybe there's something in the heart of us all, so to speak, that we want and never tell about."

Biddy looked profoundly interested.

"Is there somthing in your heart, Harnigan?" she inquired.

"There is not, miss."

"Oh!" Biddy was disappointed. "Why not?" she asked.

"'Twould be degrading," said Harnigan.

It was always his last word, always his way of definitely closing a discussion which was becoming embarrassing, and so getting beyond his powers of argument.

Biddy sighed and gave it up, but afterwards she thought about it a good deal. What could there be in all the world that her beloved Marna did not possess? If there was anything surely there must be some way of obtaining it for her?

She had a car and a lovely house, and lovely frocks, and lots of money, and many diamonds—she had shown them to the Little Flapper, all lying in little beds of white velvet and locked up in a safe—and she had so many friends that the Little Flapper got humbly confused with them all and could not remember their names—with all, that is, except Hugh Hubbard, and he was different, thought why he was different Biddy could not have explained. But the first time they met, the Little Flapper took him into her heart, and adopted him straight away.

He was not at all a handsome man, unless steady eyes and a firm mouth and a quick smile made a man handsome. He was rather quiet, too; especially when George Paget was in the room, hardly speaking at all unless he was spoken to, and keeping in the background as if he felt happier there. But then, George Paget was always so lively—always laughed so much. George Paget, who, so the Little Flapper told herself warmly, was just a dear, although she did not love him as she loved Hugh Hubbard.

Dolly Benson, who went to school with the Little Flapper, and who had been dubbed "The Big Flapper," by George Paget, also liked Hugh Hubbard, it appeared. She was three years older than Biddy Saunders, and much older and more modern in her ways and in her outlook on life.

"When I grw up I shall marry a man like Mr. Hubbard," she announced one day to the Little Flapper.

Biddy opened brown eyes of astonishment.

"Will you?" she murmured.

"Of course!" The Big Flapper was more emphatic still. 'Can't you see what a lovely pair they make?" she demanded impatiently.

The Little Flapper flushed; somehow such words made her feel hurt and unhappy.

"I never thought about it," she stammered. "I—I don't think I like to think about it."

Afterwards she tried her best to forget it, and yet from that moment the thought was always coming back to her, especially when she saw Marna and Hugh Hubbard together, especially when she heard that Hugh Hubbard was soon going away again—abroad somewhere.

"Why is he going?" she asked Marna wistfully; and Marna went on hurriedly turning the pages of a book as she answered:

"His work is abroad—he lives there. He's only been home on business."

Tomorrow—"I Can't Bear It!"

CROP PROSPECT BEST IN YEARS

C.P.R. Report for Prairies and for British Columbia Tells of Unusually Good Conditions

WINNIPEG, Man, May 22.—This has been one of the most favorable seeding seasons for many years, fine weather and splendid soil conditions making rapid seeding possible, according to the weekly crop report issued yesterday by the agricultural department of the C.P.R. Growing conditions are recorded as just as near ideal as possible.

A feature of the season is the material increase in new breaking that has been sown.

Weather has been much warmer in British Columbia which has brought conditions to about normal. Rain would be welcome as surface soil is dry although there is plenty of moisture underneath. Cherries, pears and early apples are in full bloom, or just past, blossoms on all fruit trees are very heavy, indicating a good crop. Strawberries at present are in good shape and promise to do well, but it will depend on the weather.

Vegetable crops are somewhat later than usual owing to cool weather. Spraying operations are well in hand and have been carried out more thoroughly than usual.

COURT DECLARES LEE FUN GUILTY

Magistrate Jay Imposes $300 Fine on Chinese Charged With Selling Liquor to an Indian

A fine of $300, or three months in jail with hard labor in default of payment, was imposed by Magistrate George Jay in the city police court yesterday upon Lee Fun, a Chinese, who was convicted of unlawfully selling liquor to an Indian, Epienne Pierrie, on April 29, at the B.C. Rooms.

Thomas Gillis was arraigned before His Honor to face a charge of vagrancy. He pleaded not guilty, and was remanded on his own recognizance until Friday morning. The accused was arrested by Detectives Marcus Phipps and William Stark.

Joe Get and five other Chinese were each fined $10 for being inmates of a common gaming house located in a set of rooms at the Dai You Club, on the west side of Fan Tan Alley, on May 21. All the accused pleaded guilty through counsel, Mr. William Moresby. The circumstances of the raid conducted by the police on the Dai You Club were related by Chief of Police Fry.

Henry Joe, a Chinese, charged with peddling vegetables without a licence, was further remanded until Wednesday, May 30, at the request of counsel, Mr. Stuart Henderson.

Health Lecture

Dr. A. F. Barton will deliver another of his popular health lectures this evening at 8 o'clock in the New Thought Temple. His subject will be "Spring Cleaning," and the lecture will be followed by demonstrations of "Iriology."

When this baby grows up he'll be one of those men that you often see using the pen in a post office. He has already learned how to produce that same effect.

At the Playhouses

AMUSEMENTS

THE SCREEN

Capitol—Gilda Gray in "The Devil Dancer."

Columbia — "The Leopard Lady" with Jacqueline Logan.

Coliseum—"Passion," starring Emil Jannings and Pola Negri.

Dominion—Harold Lloyd in "Speedy."

Playhouse—"Ladies' Night in a Turkish Bath," with Dorothy Mackail and Jack Mulhall.

Variety — Heeney - Delaney fight picture.

THE STAGE

Crystal Garden — Swimming and dancing.

COLISEUM THEATRE Whether lying or not is justifiable, in the storming heart of a woman, is properly answered in "Passion," starring Emil Jannings and Pola Negri, now showing at the Coliseum Theatre. The picture portrays the meteoric rise and fall of a little French milliner, who reaches the peak of her glory as the ruler of a king and then drops to the level of the masses who had come to regard her as a "vicious creature in skirts." On the stage is Kesson's Orchestra, playing popular and novelty selections that are a decided hit.

COLUMBIA THEATRE Packed with thrilling scenes, "The Leopard Lady," a De Mille Studio production showing at the Columbia Theatre for the last times today, is a mystery drama depicting circus life in Europe. Jacqueline Logan, Alan Hale and Robert Armstrong are featured.

PLAYHOUSE THEATRE Women who want to get thin (and that means all women), will get a chance to see the latest methods employed in Turkish baths in the art of reducing by paying a visit to the Playhouse Theatre, where "Ladies' Night in a Turkish Bath," co-featuring Dorothy Mackaill and Jack Mulhall, is on view. Humor that is laugh provoking features "The Midnight Kiss," which is also at the Playhouse Theatre today.

VARIETY THEATRE When a young man with a flair for daring gets into the office of the District-Attorney in a town that is overrun with the drug menace; and when a beautiful girl's brother is involved in a Chinatown raid which he makes against the orders of that District-Attorney, things are bound to happen! They happen at express-train speed in "Tearing Through," starring Richard Talmadge at the Variety Theatre today.

DOMINION THEATRE "Speedy," Harold Lloyd's latest comedy, now showing at the Dominion Theatre, is another of the high-class brand for which Lloyd is famed. It has back of it the big idea that will always be found in a Lloyd comedy—unobtrusively, to be sure, but none the less convincing. In his latest work, he demonstrates the power of confidence over all obstacles.

CAPITOL THEATRE The Nautch as performed by Gilda Gray, starring in "The Devil Dancer," now showing at the Capitol Theatre, is an art and not a wanton wiggle, as some who have seen it may be inclined to believe. The Nautch as exemplified by Gilda Gray is said to be a natural rhythmic movement of the body in answer to some special musical number; and is, therefore, no more like those vulgar exhibitions current on certain dance floors than is the Castle Waltz like a spiel in an underworld cabaret.

Gyro Club Presents Westminster Glee Singers at Royal

No other musical event of the season holds half the interest that attaches to the forthcoming visit of the Westminster Glee Singers, who will be heard here at the Royal Victoria Theatre on Friday and Saturday, June 1 and June 2. This body of singers comprises both adults and boys, and consists of vocalists from the greatest cathedral choirs in England, and noted for their outstanding voices. They include, for instance, such men as Charles Draper, a baritone of the highest standing in operatic circles today, and a former cathedral soloist; James Davis, previously solo tenor, St. Paul's Cathedral, who has also done fine work in opera; John Key, a famous basso, soloist of Magdalen College, Oxford, and of Worchester Cathedral; and Wilfrid Kearton, one of many celebrated tenors who have emanated from St. George's Chapel, Windsor. The boy singers are of correspondingly eminent rank, Douglas Bartrip and Edwin Barzier, to name only two, having enjoyed for a long time great popularity and a high reputation in London.

The singers have paid particular attention to the finest gems of English minstrelsy, many old songs and ballads of bygone days, and have had these specially arranged for them in a charming manner for a capella singing.

ITCHY ECZEMA ON BABY'S FACE

Broke Out in Watery Pimples. Cuticura Healed.

"Eczema broke out in watery pimples on my baby's face. It itched and burned so badly that she scratched, and her face was covered with sore eruptions. When she scratched the eruptions they used to bleed something dreadful. She used to fret and stay awake nights. It caused disfigurement for a while.

"I sent for a free sample of Cuticura Soap and Ointment and after using it I purchased two cakes of Cuticura Soap and two boxes of Cuticura Ointment, and in five weeks she was completely healed." (Signed) Mrs. Clifford Fancy, Westfield, N. S.

Give Cuticura Soap and Ointment the care of your skin.

Sample Each Free by Mail. Address: Canadian Depot, "Potterham, Ltd., Montreal." Price, Soap 25c. Ointment 25 and 50c. Talcum 25c. Cuticura Shaving Stick 25c.

REFUSE TO SING KIPLING'S HYMN

Union Church Choir in England Considers Verses Unfit to Be Sung by Christians

BRIGHTON, England, May 22.—Because Rudyard Kipling's "Hymn Before Action" has been chosen as the test piece at the coming competitive musical festival at Brighton, the choir of the Union Church of Brighton has withdrawn from the competition.

"In the mouths of troops of savages bent on slaughter and calling on the tribal deity, such words might be appropriate enough," the secretary of the church choir writes, "but they present a primitive, unworthy conception of the deity, and are unfit to be sung by a choir in a Christian church."

The Morning Post, commenting on the action of the Brighton choir, says Kipling might be asked to prepare an expurgated version of his poems, beginning with the "Recessional." The Post, however, adds that to carry the matter to its logical conclusion it might be necessary to rewrite English literature beginning with the Bible.

GENE TUNNEY A REAL CHAMPION

MR. LESTER PATRICK TELLS KIWANIS CLUB OF EXPERIENCES IN NEW YORK

Hockey Leader Says Jack Dempsey Is Most Popular Athlete in East —Reminiscences Given

"Gene Tunney is a real world's champion. He is a very likeable and congenial fellow, and one whom anyone could value as a friend. He impresses me as a lad doing his utmost to get across and just not making it," declared Mr. Lester Patrick, in addressing the Victoria Kiwanis Club yesterday at the regular luncheon session in the Empress Hotel.

Mr. Patrick, who was greeted with cheers when he rose to speak, gave a brief picture of the Dempsey-Tunney fight at Soldiers' Field Chicago, and pointed out that while he was not far distant from the ring, he didn't know that there had been a "long count" until he read it in the morning newspapers.

The speaker stated that Jack Dempsey, former world's heavyweight king, was the most popular athlete in the East today, and wherever Dempsey goes he is accorded an overwhelming ovation. "Jack is anything but the ferocious bear he is portrayed in the ring. He is very human, possesses a boyish laugh, and a surprisingly effeminate voice," he said.

The famous hockey leader gave reminiscences of New York and his experiences in the East, and graphically described Madison Square Garden, which occupies a whole city block without a pillar in the building, seating 18,000 people ordinarily, and 22,000 at boxing contests.

The Kiwanians received an invitation from Dr. Cyril Wace, medical superintendent of the Queen Alexandra Solarium at Mill Bay, and the directors of the institution, to visit the Solarium.

President Watkins drew the clubmen's attention to the performances which the Westminster Glee Singers will give at the Royal Victoria Theatre here on June 1 and 2, under the auspices of the Gyro Club.

District Governor Frederick Syverson, of Spokane, wrote the local club, extending his thanks for the hospitality tendered the visitors at the recent Kiwanis divisional conference held in the Empress Hotel here.

Messrs. Ernest Butterworth and Thomas Kelway rendered a vocal duet, gems from the "Student Prince," and their offering was received with prolonged applause.

PLANS MADE FOR JUNIOR FESTIVAL

Anglican Sunday Schools Will Gather at Cathedral on Saturday Next.

From eight hundred to a thousand boys and girls are expected to take part in the children's festival to be held on Saturday afternoon at Christ Church Cathedral, and to join in a procession to the new cathedral building.

At a meeting of the children's committee in the Memorial Hall, statements were read indicating that children and young people would attend from all Anglican Sunday Schools in the city and district, and that representatives would be present from Royal Oak, Strawberry Vale, Colwood, Langford, South Saanich, North Saanich, Sidney, Metchosin, Sooke, Quamichan, Duncan, Westholme with Crofton, and Nanaimo parishes. The Columbia Coast Mission will be represented by children from Quathiaski Cove. Other parishes will inform the committee this week of delegates who will be able to attend.

Sunday schools and parishes having banners were asked to bring them for the procession. The senior boys' Bible class of the cathedral was appointed in charge of seating arrangements for the opening service at 2:30 p.m. in the old cathedral, and will also assist in forming the procession, under the direction of the archdeacon.

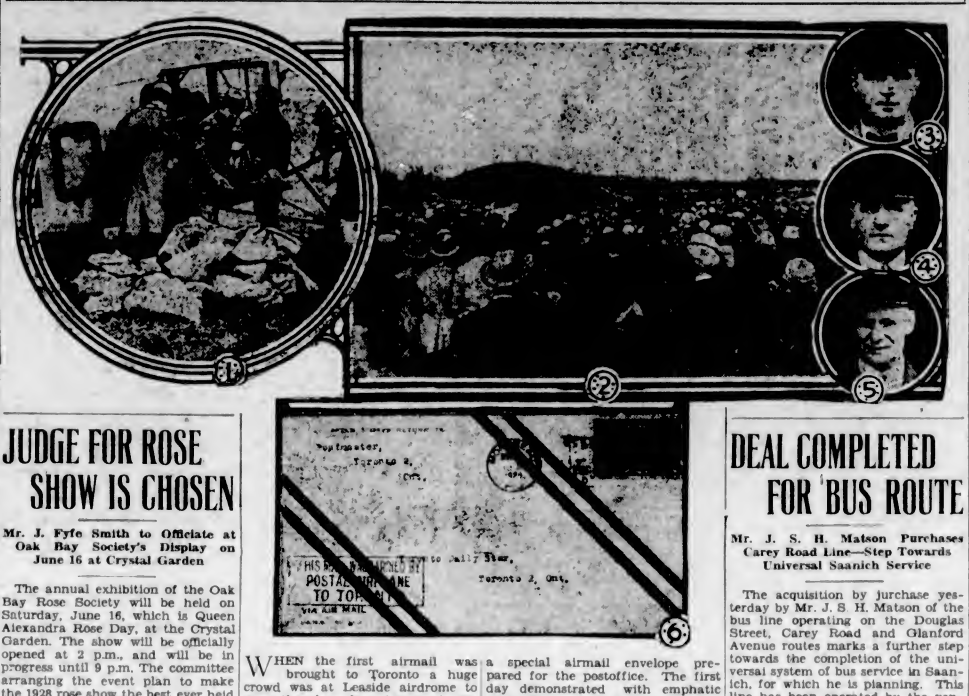

In response to a number of requests, the committee decided to issue special envelopes for the use of any children who wished to bring to the festival a gift towards the building of the children's arch and other portions of the children's corner in the new cathedral.

A resolution was also passed asking the bishop if the new cathedral building might be opened to the public on Whitsunday afternoon, as well as next Saturday, in order that as many as possible might be able to see the progress of construction to date.

Salvation Army Begins Work on Training College

LONDON, May 22.—The foundation stones of the Salvation Army training college, which is to cost $1,625,000 have been laid. The building is being erected at Denmark Hill, in the southeast of London as a memorial to General Sir William Booth.

Arrival of First Mail Plane Stirs Toronto

WHEN the first airmail was brought to Toronto a huge crowd was at Leaside airdrome to greet the plane from Montreal, No. 1 picture here shows the postal men transferring the bags of mail from the plane to the waiting trucks. A few minutes after this, postoffice clerks were busy sorting the mail. No. 2 shows a portion of the huge crowd that milled around the mail plane as it landed. James Telfer (3), Andrew Wright (4) and William Westervelt (5), are the three men who rushed Toronto's first airmail from the flying field to the postoffice. Telfer and Westerfelt drove the mail truck and Wright followed behind so that in case of accident to the mail truck the bags could be transferred and carried in the emergency truck. The envelope is a special airmail envelope prepared for the postoffice. The first day demonstrated with emphatic force the saving of time through the speed of the plane as compared with the railway. The mail that was taken off the Empress of Scotland and put on the planes at Rimouski at 8:30 Sunday morning was at Leaside Field, Toronto, 660 miles away, in exactly eight hours. The plane that took the first outgoing mail out of Toronto to Montreal on Saturday made the 300 miles in 2 hours and 35 minutes, which is a speed of almost two miles to the minute. Both flights were made by Pilot J. H St. Martin. Railway time from Montreal to Toronto means approximately nine hours for the mail, and from Rimouski it would be about twenty-four hours.

JUDGE FOR ROSE SHOW IS CHOSEN

Mr. J. Fyfe Smith to Officiate at Oak Bay Society's Display on June 16 at Crystal Garden

The annual exhibition of the Oak Bay Rose Society will be held on Saturday, June 16, which is Queen Alexandra Rose Day, at the Crystal Garden. The show will be officially opened at 2 p.m., and will be in progress until 9 p.m. The committee arranging the event plan to make the 1928 rose show the best ever held in the community, and one of the features will be several new classes of floral displays.

The date of the exhibition was originally tentatively set for June 23, but the committee has decided to alter this to June 16, on account of the advanced state of the floral season.

The judge for the rose show will be Mr. J. Fyfe Smith, vice-president of the Oak Bay Rose Society, who is one of the best known judges of floral exhibitions on the Pacific Coast.

Canada Asked To Join Pact Against War

OTTAWA, May 22.—Canada today was officially invited to become a party to the proposals of United States Secretary of State Frank B. Kellogg for the outlawing of war.

This afternoon, Hon. William Phillips, United States Minister at Ottawa, waited upon Premier Mackenzie King and presented him with a copy of the message from Washington inviting Canada to join with the other powers.

Premier King told newspapermen that it had been arranged between the two countries that the text of the formal note of invitation would not be made public until next Friday.

As far as the attitude of Canada was concerned, Mr. King held the view that it would be entirely favorable.

China's Problems

"China's Suffering Millions" will be the subject of the lecture to be delivered by the pastor of Victory Temple, 1406 Douglas Street, on Wednesday afternoon at 2:30 o'clock to Women's Home and Foreign Missionary Society. A special offering will be taken for the people of Shantung province. The public is invited.

CIVILIZED FOODS DEATH TO SAVAGES

Cancer, tuberculosis, pneumonia are unknown to real savages who eat natural, alkali-forming foods. Dr. Rob't G. Jackson shows why in his 428-page book, "HOW TO BE ALWAYS WELL." Dr. Jackson wrecked his own body by eating acid-forming foods of civilization, so that nineteen years ago the great Sir Wm. Osler gave him only four months to live. But he did not die. Instead he invented Roman Meal, a highly alkali-forming food and lived entirely upon it for two whole years, at which time he was entirely well. At sixty-eight he is still 100% physically perfect and gets younger each year. The secret? The 25% flaxin in Roman meal, which no other food can ever contain, because it is owned and controlled by the Roman Meal Co., Ltd.

Roman Meal can be eaten uncooked or off the ice, and the alkaline properties keep the blood "cool" in Summer, and constipation cannot obtain where sufficient Roman Meal is eaten.

Write for new uncooked Roman Meal recipe and his free booklet, "HOW TO KEEP WELL," to Dr. Rob't G. Jackson, 315 Vine Avenue, Toronto (9), Ont. (Advt.)

DEAL COMPLETED FOR BUS ROUTE

Mr. J. S. H. Matson Purchases Carey Road Line—Step Towards Universal Saanich Service

The acquisition by purchase yesterday by Mr. J. S. H. Matson of the bus line operating on the Douglas Street, Carey Road and Glanford Avenue routes marks a further step towards the completion of the universal system of bus service in Saanich, for which he is planning. This line has been operated by the vendors, Messrs. Seedhouse, Pearmain, Pendray and Elmsley, from the corner of Government and View Streets.

Yesterday's deal follows the purchase by Mr. Matson of the Gordon Head bus route and the service to Cordova Bay, operated by Williamson Bros. Negotiations are now in progress for the purchase of Mr. E. Hamilton's Gorge Road system, and Mr. George McWilliams' Burnside Road, Marigold and Royal Oak routes.

Col. W. Greeley Seeks Data on Fir Marketing

LONGVIEW, Wash., May 22.—Colonel W. B. Greeley, formerly chief forester of the United States, who recently was chosen secretary-manager of the West Coast Lumbermen's Association, Seattle, with which the West Coast Lumber Bureau, Longview, recently was consolidated, arrived in Longview yesterday. He was accompanied by C. J. Hogue, manager of the bureau's field department, with whom he recently attended a number of meetings in the East in the interest of the association.

During the next few weeks Colonel Greeley will visit various lumber-producing districts in the Douglas fir region of the Pacific Northwest.

Colonel Greeley's wife and their four children will remain in Washington, D.C., where the children are attending school, until some time in June.

Picture of Winner

LONDON, May 22.—The King has commanded Lynwood Palmer, famous painter, to paint a picture of Scuttle, the mare which won the One Thousand Guineas for His Majesty.

POISON GAS DISSIPATED

HAMBURG HOSPITALS HAVE MORE THAN 200 SUFFERING FROM EFFECTS

Leakage of Gas Believed to Be Due to Expansion Caused by Warm Weather

HAMBURG, Germany, May 22.—The cloud of phosgene, one of the deadliest of the war gases, which hung over Hamburg and claimed eleven lives, has been dissipated, but its menace still lingered today.

More than 200 persons were in hospitals suffering from gas poisoning, and efforts were being made to save their lives. The authorities said that many of these might die, since the gas sometimes did not have fatal effects until a week after it was inhaled.

Physicians fear even those discharged as cured may be afflicted with lung trouble for years.

As a precautionary measure, fire brigades were busy today withdrawing all possible remnants of gas with a special ventilating apparatus from houses near the affected area.

All available milk in the city was requisitioned to serve as antidotes at the hospitals for those stricken.

Cattle lay dead in the fields, chickens and ducks in the farmyards and dogs and cats in the city streets—mute evidence of the terrible death which crept through the sleeping city. Trees, grasses and growing crops shriveled as the silent menace spread.

Experts thought that an unduly warm atmosphere caused the deadly gas to burst the container, since phosgene vaporizes at a relatively low temperature.

20,925 People Who Were Too Late

Their applications for $98,895,693, in 1927, were unfortunately declined; and probably 60,000 women and children were deprived of protection which they needed.

No doubt many of these applicants had been insurable but waited too long. Every day some of us, and eventually all of us, will cross the invisible line between insurability and uninsurability.

Let us help you while we can. Send for literature today.

Health and Diet Advice

By DR. FRANK McCOY

GET YOUR IRON FROM FOOD

Chemically, pure mineral iron is a whitish element nearly the color of silver. Centuries ago it was discovered that many of the minerals found in the rocks and soil could also be found in the tissues and blood of the human body. But it was also discovered that these minerals of the body, although called by the same name as the minerals of the rocks, existed in an entirely different form in both animal and vegetable life. In this form they are called organic minerals.

This fact has been known to scientists for centuries, yet even today manufacturing chemists are growing disgustingly rich selling thousands of fake "iron remedies" made from iron combined with other chemicals more or less stimulating.

When beef extract is used, a certain stimulating irritation is produced from the toxic effect of the poisonous urea which has been extracted from the beef. When the wine is added, there is an additional "kick" given to the mixture by the fifteen or twenty per cent of alcohol contained in the wine.

The iron in these medicines is the mineral iron secured by rusting scrap iron, and this finely ground metal is added by the chemist who is not restrained from suggesting on the label of the bottled remedy that this iron is the food-iron for which the blood is starving.

With all of our thoroughly qualified and conscientious chemists working on the problem of converting mineral iron into vegetable iron, there has not been a single case where this has been done. Nature still holds her secret of how a plant can convert the iron of the soil into the organic iron of plants from which source alone man and the other animals can secure it. It may be possible that this wonderful secret of Nature will someday be discovered, but up to this time, such a marvellous chemical discovery has not been made.

The minerals found in minute traces in drinking waters are simply microscopic rocks which only burden the alimentary canal with foreign material which cannot be converted into cell structure. The mineral waters are exploited as cures for everything from falling hair to fallen arches. The only good which can come from their use is the subtle influence of the health suggestions contained in the advertising matter, which is written by clever charlatans who understand psychology better than the thousands of misguided victims who assist these advertisers to fatten their purses.

There is no mystery about the best way to secure this organic iron, as it has been demonstrated and proven over and over again that all the iron needed by the body can be easily secured from certain foods. These foods are found in any grocery store, and you are making a silly mistake if you are trying to get them out of a bottle.

All of the whole grains contain large amounts of food-iron, and the succulent, non-starchy greens are all iron-bearing foods, easily obtainable at a low cost.

You have only to eat plenty of salad vegetables each day, and you need never fear iron starvation.

Correspondents wishing to communicate with Dr. McCoy are advised that his address is Builders Exchange Building, Los Angeles, California, U.S.A.

Fashionable Entertainment

More and more, radio proves its worth to the modern hostess. The latest vogue is to provide a luncheon or dinner programme from one of the fashionable hotels when guests are being entertained.

With a Westinghouse Batteryless Set, fine reproduction is assured even in daytime, from many of the favorite broadcasting stations.

RE-FLOOR WITH SEAMAN-KENT HARDWOOD FLOORING

Permanent Beauty at Trifling Cost!

You'll be delighted at the improvement a hardwood floor will make in the appearance of a room that's begun to look shabby.

And better still . . . . it costs so little!

Let us measure it, show you samples, and give you an estimate.

Vancouver Island Hardwood Floor Co.

THE BEST THAT'S MADE IN EVERY GRADE

Don't let this Smart Fisherman "Catch" You

HE'S an artful angler, is Mr. "Cheap" Paint. "Low price"—"just as good"—"save you money"—that's the kind of bait he offers you when the question of painting or re-painting your house comes up. But—don't be fooled. Don't bite on that kind of "applesauce."

After all, it's *paint* you want, not something that *looks* like paint.

You want *coverage* and SWP House Paint gives you coverage. A gallon of SWP will put two coats on 425 square feet of good surface. A gallon of the "cheap" paint will put two coats on 300 square feet. SWP costs a bit more by the gallon but it costs a lot *less* by the job. And it gives you a job to be proud of. For SWP has color beauty. It has durability. It stands the racket of wear and weather as "cheap" paint never can.

SWP House Paint is perfected by the *Master Touch* — a thing that no cheap paint can ever *attempt* to give you. This Master Touch is possessed only by the world's great scientists. Burbank had it in the field of horticulture. Edison has it in the electrical world. Marconi, discoverer of wireless, has it. And the scientific men at the head of the Sherwin-Williams laboratories possess it and add it to the tested, proved materials used in the making of SWP.

That's the thing about SWP that can't be duplicated. So when you hear or read that some "low priced" paint is just as good as SWP—don't bite. Put it down as "applesauce" to catch the unwary. Take your paint problem to "Paint Headquarters," the store of your local Sherwin-Williams dealer. He sells SWP and will tell you the quantity you need for the job. He has interesting literature to give you, as well as a free copy of the Sherwin-Williams "Household Guide."

LIQUIDATION GENERAL ON STOCK MART

Tight Credit Situation Shows No Sign of Abating —Long List of Declines and Breaks

JAPAN EXCHANGE GAINS 15 POINTS

NEW YORK, May 22.—Further weakness developed in today's stock market. The process of correcting the top heavy speculative position created during the wild speculation of the last few months caused declines of one to five points in a long list of standard rails and industrials, and breaks of six to nearly twenty points in a number of the high priced specialties.

Trading was on a slightly larger scale than yesterday, the day's sales crossing the 3,000,000 share mark.

The tight credit situation, which was the immediate cause of the recent selling movement, showed no signs of abating. Airplane stocks again bore the brunt of the day's selling pressure. Wright fell 19½ points to 167 and rallied one, while Curtiss closed 7½ points lower at 120⅛, after having touched 118⅛.

Among the many issues to decline five points or more were American International Corporation, American Bank Note, Case Threshing, Dupont, Electric Auto Lite, General Motors, General Electric, Interborough Rapid Transit, Manhattan modified guaranteed, Rosia Insurance, Radio and United Cast Iron Pipe.

Liquidation was so general that little effort was made by pools to revive bullish enthusiasm. Among the few issues which showed independent strength were American Home Products, Brunswick Terminal, Louisville Gas & Electric, and Philip Morris.

Foreign exchanges were mixed, with a fifteen-point rally in Japanese yen, to 46.30 cents, as the only feature. Sterling cables were steady, around $4.88 9-32.

The bond market was irregular today, with most issues moving to lower levels, in response to continued firmness of the money market. A firm tone appeared in late trading, but it served chiefly to cause a sudden upturn in some United States Government obligations.

FOREIGN EXCHANGE

NEW YORK, May 22.—Foreign exchanges steady.
France—3.93½; cables 3.93¾.
Italy—5.26¾; cables 5.26⅞.

NEW ISSUE

British Columbia Power Corporation Limited

Preferred as to dividends up to $2.00 per share in any fiscal year over any other shares of the Corporation, such dividends being non-cumulative. Participating equally share for share as to dividends with Class "B" shares, after preferred dividends of $2.00 have been paid or declared and set aside, until, in any fiscal year of the Corporation, $5.00 in dividends have been paid or declared and set aside on the Class "A" shares, after which any further dividends in such year may be declared only on the Class "B" shares. Redeemable at any time, at the option of the Directors, in whole or in part, upon sixty days' notice, at $100.00 per share plus dividends declared but not paid, or by purchase in the open market or by private contract at not exceeding the redemption price. The Charter provides that voluntary liquidation of the Corporation is prohibited unless all the Class "A" shares have previously been called for redemption and payment of the redemption price provided for. In the event of involuntary winding-up, liquidation or dissolution, assets available for distribution to shareholders are to be distributed equally share for share to holders of all outstanding Class "A" and Class "B" shares until payment of $100.00 per share shall have been made on all outstanding Class "A" shares, after which distribution is to be made only on Class "B" shares. Class "A" shares carry no further right of participation in the earnings or assets of the Corporation. Class "A" shares carry no voting rights save and except in respect of any increase in the authorized amount of Class "A" shares, or the creation of any shares ranking in priority to or pari passu with the Class "A" shares, or any modification of the rights, privileges or priorities of Class "A" shares. For any of these corporate acts the approval of holders of Class "A" shares is required, evidenced by the affirmative vote of holders of three-fourths of such shares, represented at a meeting called for the purpose at which holders of a majority of the Class "A" shares then outstanding are present or represented. Class "A" and Class "B" shares of the present issue will be registerable and transferable in Montreal, Toronto, Winnipeg and Vancouver, and, on payment of a reasonable fee, will be transferable from one register to another. Dividends will be payable by cheque in Canadian funds at par at any branch in Canada of the Royal Bank of Canada (except Yukon Territory). Application will be made in due course to list Class "A" and "B" shares of British Columbia Power Corporation Limited on Montreal and Toronto Stock Exchanges.

TRANSFER AGENT: MONTREAL TRUST COMPANY. REGISTRAR: THE ROYAL TRUST COMPANY

These shares will be offered in Canada, Great Britain and Abroad

CAPITALIZATION

Birtish Columbia Power Corporation, Limited

(On acquisition of all outstanding Preferred Ordinary Stock and Deferred Ordinary Stock shares of British Columbia Electric Railway Company, Limited, and including Bonds, Debentures and Shares of subsidiary companies, outstanding in the hands of the public, as at June 30th, 1927, and based on exchange rate of $4.85 to £1.)

	Outstanding
Bonds and Debentures of Subsidiary Companies	$30,497,190
Preferred Shares of Subsidiary Companies	11,984,000
Class "A" Shares (No Par Value)	1,000,000 shares*
Class "B" Shares (No Par Value)	1,000,000 shares*

*Authorized 1,500,000 shares.

THE CORPORATION: British Columbia Power Corporation Limited has been incorporated under the laws of the Dominion of Canada, to acquire the outstanding Preferred Ordinary Stock and Deferred Ordinary Stock and shares of British Columbia Electric Railway Company, Limited, a British Company incorporated under the Companies' Acts (Imperial). The Corporation has already contracted for the purchase of more than 85 per cent. of the combined outstanding amounts of the above-mentioned stocks and shares, and offers are outstanding for the purchase of the remainder. Acquisition of the stocks and shares already contracted for will give the Corporation control of the most extensive system of public services in Western Canada.

BRITISH COLUMBIA ELECTRIC RAILWAY COMPANY, LIMITED: British Columbia Electric Railway Company, Limited has operated successfully for more than thirty years. Directly, or through subsidiary companies, it owns and operates electric railway systems in Vancouver, Victoria, New Westminster, North Vancouver, South Vancouver, Point Grey and Burnaby, in the Province of British Columbia, as well as an extensive chain of Interurban lines, and, in addition, supplies all the electric and gas services in these and a number of other important municipalities in British Columbia.

This undertaking is one of the largest hydro-electric producers in Canada. All the electricity used or sold in the system is developed by the Company or its subsidiary Companies. The aggregate ultimate horse-power available for development amounts to 638,000 h.p. of which 202,300 h.p. is now developed; the entire system serves over 98,000 customers with electric light or power, 18,700 customers with gas, and operates 353 miles of electric railway lines.

EARNINGS: The books and accounts of British Columbia Electric Railway Company, Limited, and subsidiary Companies have been examined by Messrs. Price, Waterhouse & Company, Chartered Accountants, Vancouver, and their report shows that combined earnings, after providing for Bond and Debenture interest and Federal and Provincial taxes, and after providing for dividends on stocks ranking prior to the stocks and shares proposed to be acquired by British Columbia Power Corporation, Limited, but before provision for depreciation, were as follows:

Year ended June 30th, 1925	$2,895,401
Year ended June 30th, 1926	3,104,496
Year ended June 30th, 1927	3,383,808

Based upon earnings for nine months ended March 31st, 1928, reported by Messrs. Price, Waterhouse & Company, it is estimated that combined net earnings for the completed twelve months ended June 30th, 1928, after all prior charges, including depreciation and available for dividends on the stock and shares proposed to be acquired by British Columbia Power Corporation, Limited, will be $2,000,000.

It is confidently expected that the earnings of the Company will continue to show substantial growth, and, based on developments now under way it is conservatively estimated that corresponding combined net earnings for the fiscal year ending June 30th, 1929, will substatially exceed those of the current fiscal year.

TERRITORY SERVED: The territory served embraces an area of over 1,500 square miles with a population of over 375,000. Vancouver is the fourth largest city in Canada, and with adjacent municipalities, has experienced consistent and rapid growth. The city is the financial, commercial and distributing center for the Province of British Columbia, and is one of the most important seaports on the Pacific Coast. As a result, the city and the surrounding area—known as Greater Vancouver—is regarded as one of the most prosperous communities in Canada. The development of Western Canada has an important bearing upon the growth of Vancouver as an ocean port. The city has direct steamship connection with Australia, New Zealand and the Orient, and, since the completion of the Panama Canal, Vancouver has developed communications of growing importance with New York and other Atlantic ports of the Americas as well as with those of Europe and Africa.

WORKING CAPITAL: Through the issue of Class "A" and Class "B" shares the Company provides for the acquisition of the Preferred Ordinary Stock and Deferred Ordinary Stock and shares of British Columbia Electric Railway Company, Limited, and in part for other corporate purposes. After providing funds sufficient to pay for the balance of the above mentioned stocks and shares outstanding, if acquired, there will remain in the treasury of British Columbia Power Corporaton Limited, cash in excess of $2,500,000. In addition, as at March 31st, 1928, working capital of British Columbia Electric Railway Company, Limited, and subsidiary companies was in excess of $4,000,000.

MANAGEMENT AND DIRECTORATE: The Management of the undertaking will remain unchanged and upon completion of organization the Directorate will include George Kidd, President, Vancouver; W. G. Murrin, Vice-President, Vancouver; A. T. Goward, Vice-President, Victoria; Sir Frank S. Barnard, K.C.M.G., Victoria; W. J. Blake Wilson, Vancouver; John Davidson, London, England; Sir Herbert S. Holt, Montreal; Lord Rothermere, London, England; A. J. Nesbitt, Montreal; Andrew P. Holt, Montreal and London, England; J. H. Gundy, Toronto; J. B. Woodyatt, Montreal, and S. Godin, Jr., Montreal.

We offer these shares, subject to prior sale and change in price, for delivery if, as and when issued and accepted by us and subject to the approval of counsel.

Price: $60.00 per share

With bonus of one share of Class "B" stock with each four shares of Class "A" stock. Fractional shares of Class "B" stock will be adjusted at the rate of $20.00 per share.

Dupont pays $3.50 in extras.

Senate passes $205,000,000 Tax Reduction Bill.

Supreme Court refuses to review Bosch Magneto case.

An offering being made today at 94 1-2 and interest, to yield about 6.50 per cent, 10,000,000 Allegmeine Electits Gezellschaft (General Electric, Germany) twenty-year six per cent gold debentures, due May, 1948. Proceeds from the sale of these debentures will be used in part to reimburse the treasury for capital expenditures, provide additional working capital to handle increased business and other corporate purposes.

A five to fifteen per cent reduction in the prices of all sizes of Riverside Balloon and Cord Tires was announced yesterday by Montgomery Ward.

Copper buying for export is in good volume, with morning cables showing good demand.

Domestic buying is somewhat less active. Prices are unchanged at 14½c delivered to end of July.

United States crude oil output for week May 19, was 2,338,241 barrels, off 17,239 barrels from the preceding week, reports Oil and Gas Journal.

Financing for the newly-formed American Gas & Power will be completed today with offering of 40,000 shares of first preferred stock $6 series by a banking group. The shares are priced at 96 and accrued dividends, to yield 6 1-4 per cent.

Southern California Edison April net income was $1,384,259 after fixed charges, but before depreciation, against $1,023,896 in April, 1927, and for four months was $5,180,166 against $4,181,000.

April production of motor cars is 409,384 in the United States.

Cerro de Pasco touched its old high as it held its gains and scored the best advances of the group. Copper prices are now at a level to warrant higher dividends by the leading companies.

Brtish Currency Measure Passed by House of Commons

LONDON, May 22.—The Currency and Bank Note bill was advanced to third reading in the House of Commons tonight by a vote of 219 to 101.

It was afterward given third reading. The bill sanctions the amalgamation of bank notes and currency notes and also a fiduciary issue of £260,000,000.

The contracting of the fiduciary issue is left to the discretion of the Bank of England alone, but any expansion will be subject to the consent of the Treasury, renewable at intervals of six months. If continued more than two years this expansion would require the approval of Parliament. Opposition to the bill centred mainly on complaints against giving such extensive power to the Bank of England.

MONEY MARKETS

LONDON, May 22.—Money, 3 7-8 per cent. Discount rates: Short bills, 3 7-8 to 4 per cent; three months' bills, 4 to 4 11-16.

AT NEW YORK

NEW YORK, May 22. — Call money, firm; call loans, 6; closing bid, 6.

Time loans, firm; mixed collateral, 60-90 days, 5 3-8 to 5 1-2; four to six months, 5 3-8 to 5 1-2; prime mercantile paper, 4 1-2 to 4 3-4.

Winnipeg Grain

(Supplied by Branson, Brown & Co., Ltd.)

WINNIPEG, May 22.—Dry weather in Western Canada with temperatures running as high as ninety-five at several points in Alberta and Saskatchewan, combined with unfavorable European crop news, were the chief features of the wheat market today and resulted in prices advancing over two cents from the early low mark, which was about half a cent under last night's close. Trade volume was not large and was mostly local, but offerings were light, as few cared to sell the market short until the dry spell is broken. Export sales overnight were again reported as very small, but there was some fair buying by one export house during the first part of the day. The strength in Chicago also had its effect. In the cash market there was a good demand for the lower grades from shippers, and mills were after the tough grades, spreads being unchanged to fractionally better. No. 3 Northern continues to be a drug on the market at the full discount of eight cents under May future. The demand for this grade is very poor and it continues to go through the clearing house daily, the total deliveries for the month having now reached 35,049,000 bushels, as against 5,510,000 for the same period a year ago. While there has been very little actual damage to crops so far, many districts have had no precipitation this Spring and in others the showers have only been light. There was no moisture in sight on today's forecast and high temperatures were promised. This is causing nervousness and apprehension. There are still large supplies of old wheat in this country, but Europe is expected to come for large amounts during the next three months. Seaboard estimated export sales at 300,000 to 400,000 bushels, mostly Manitobas. The pool offerings are said to be very small so far this week. Liverpool closed 1-8 to 1-4 lower, about as due. The market is becoming a weather affair, and this should be watched closely. Favor a buying position on the setbacks. Winnipeg futures closed 1 3-4 to 2 1-8 higher, right at the top.

Coarse Grains—Some export business was confined in both oats and barley, and, while the volume was not large, it was insufficient to give prices a good upturn. Oats closed 2 1-8 to 1 cent higher, and barley 7-8 higher to unchanged. Rye was rather quiet, gathering most of its strength from the upturn in wheat, closing figures being 1-2 to 7-8 higher.

Flax—This market was firmer, and, while trade was not large, there was a fair inquiry from American and Canadian purchasers. Closing figures about one cent higher.

VANCOUVER EXCHANGE

(Supplied by B.C. Bond Corpn., Ltd.)

VANCOUVER, May 22. — Prices were on the down grade on the Stock Exchange today, and although a good demand came out for a number of issues, substantial recessions marked the close. The oil issues were under pressure, Home Oil closing with a net loss of 45c to $3.20; Dalhousie lost 30c to $3.20, and A. P. Cons., on a trade of 18,500 shares, was off 6c to 75c.

Big Missouri and Woodbine, with trades of 19,000 shares, went back 2c and 3c, respectively, to close at 67c and 40c. Silver Crest, an obscure issue, was dealt in heavily, 25,200 shares being marked up with the close at 12c, 2c lower.

Grandview, on a trade of 4,500 shares, eased off 4½c to 51½c, and Pend Oreille lost 50c to $17.25. Premier closed 1c stronger at $2.25.

The balance of the list remained fairly steady.

NEW YORK SUGAR

NEW YORK, May 22.—The raw sugar market was unchanged today with no sales reported. Cuban were offered at 4.52, but some nearby duty frees were available at fractionally less, with buyers inclined to hold off.

No changes occurred in refined sugar prices, which are quoted at 5.95 to 6.00. The demand was fair, but limited to nearby requirements.

The Monarch Royalty Corporation

And Its Predecessor, Royalty Companies

DIVIDEND NO. 61

On May 10, 1928, the above company paid to all shareholders of record April 30 its SIXTY-FIRST consecutive cash monthly dividend at the rate of 1¼% per month (15% per annum on the par value).
The Monarch Royalty owns Royalty interests in 248 producing properties under 39,098 acres, with 1,961 producing oil wells thereon.
The business of the company is confined solely to the purchase of oil, gas and casing-head gas Royalties: It drills no wells, owns no land or leases, does not operate any properties or plants and has no funded, bonded or any other indebtedness.
We recommend the purchase of the Preferred Shares at $1.50, to yield 10% per annum, payable monthly.
Full particulars of this sound, seasoned, dividend paying investment will be mailed on request.

NEW ISSUE

1,000,000 Shares Class "A"

NO PAR VALUE

British Columbia Power Corporation

LIMITED

Preferred as to dividends up to $2.00 per share in any fiscal year over any other shares of the Corporation, such dividends being non-cumulative. Participating equally share for share as to dividends with Class "B" shares, after preferred dividends of $2.00 have been paid or declared and set aside, until, in any fiscal year of the Corporation, $5.00 in dividends have been paid or declared and set aside on the Class "A" shares, after which any further dividends in such year may be declared only on the Class "B" shares. Redeemable at any time, at the option of the Directors, in whole or in part, upon sixty days' notice at $100.00 per share plus dividends declared but not paid, or by purchase in the open market or by private contract at not exceeding the redemption price. The Charter provides that voluntary liquidation of the Corporation is prohibited unless all the Class "A" shares have previously been called for redemption and payment of the redemption price provided for. In the event of involuntary winding-up, liquidation or dissolution, assets available for distribution to shareholders are to be distributed equally share for share to holders of all outstanding Class "A" and Class "B" shares until payment of $100.00 per share shall have been made on all outstanding Class "A" shares, after which distribution is to be made only on Class "B" shares. Class "A" shares carry no further right of participation in the earnings or assets of the Corporation. Class "A" shares carry no voting rights save and except in respect of any increase in the authorized amount of Class "A" shares, or the creation of any shares ranking in priority to or pari passu with the Class "A" shares, or any modification of the rights, privileges or priorities of Class "A" shares. For any of these corporate acts the approval of holders of Class "A" shares is required, evidenced by the affirmative vote of holders of three-fourths of such shares, represented at a meeting called for the purpose at which holders of a majority of the Class "A" shares then outstanding are present or represented. Class "A" and Class "B" shares of the present issue will be registerable and transferable in Montreal, Toronto, Winnipeg and Vancouver, and, on payment of a reasonable fee, will be transferable from one register to another. Dividends will be payable by cheque in Canadian funds at par at any branch in Canada of the Royal Bank of Canada (except Yukon Territory). Application will be made in due course to list Class "A" and "B" shares of British Columbia Power Corporation Limited on Montreal and Toronto Stock Exchanges.

TRANSFER AGENT: MONTREAL TRUST COMPANY. REGISTRAR: THE ROYAL TRUST COMPANY

These shares will be offered in Canada, Great Britain and Abroad

CAPITALIZATION

Brirtish Columbia Power Corporation, Limited

(On acquisition of all outstanding Preferred Ordinary Stock and Deferred Ordinary Stock shares of British Columbia Electric Railway Company, Limited, and including Bonds, Debentures and Shares of subsidiary companies, outstanding in the hands of the public, as at June 30th, 1927, and based on exchange rate of $4.85 to £1.)

	Outstanding
Bonds and Debentures of Subsidiary Companies	$30,497,190
Preferred Shares of Subsidiary Companies	11,984,000
Class "A" Shares (No Par Value)	1,000,000 shares*
Class "B" Shares (No Par Value)	1,000,000 shares*

*Authorized 1,500,000 shares.

THE CORPORATION: British Columbia Power Corporation Limited has been incorporated under the laws of the Dominion of Canada, to acquire the outstanding Preferred Ordinary Stock and Deferred Ordinary Stock and shares of British Columbia Electric Railway Company, Limited, a British Company incorporated under the Companies' Acts (Imperial). The Corporation has already contracted for the purchase of more than 85 per cent. of the combined outstanding amounts of the above-mentioned stocks and shares, and offers are outstanding for the purchase of the remainder. Acquisition of the stocks and shares already contracted for will give the Corporation control of the most extensive system of public services in Western Canada.

BRITISH COLUMBIA ELECTRIC RAILWAY COMPANY, LIMITED: British Columbia Electric Railway Company, Limited has operated successfully for more than thirty years. Directly, or through subsidiary companies, it owns and operates electric railway systems in Vancouver, Victoria, New Westminster, North Vancouver, South Vancouver, Point Grey and Burnaby, in the Province of British Columbia, as well as an extensive chain of Interurban lines, and, in addition, supplies all the electric and gas services in these and a number of other important municipalities in British Columbia.

This undertaking is one of the largest hydro-electric producers in Canada. All the electricity used or sold in the system is developed by the Company or its subsidiary Companies. The aggregate ultimate horse-power available for development amounts to 638,000 h.p. of which 202,300 h.p. is now developed: the entire system serves over 98,000 customers with electric light or power, 38,700 customers with gas, and operates 353 miles of electric railway lines.

EARNINGS: The books and accounts of British Columbia Electric Railway Company, Limited, and subsidiary Companies have been examined by Messrs. Price, Waterhouse & Company, Chartered Accountants, Vancouver, and their report shows that combined earnings, after providing for Bond and Debenture interest and Federal and Provincial taxes, and after providing for dividends on stocks ranking prior to the stocks and shares proposed to be acquired by British Columbia Power Corporation, Limited, but before provision for depreciation, were as follows:

Year ended June 30th, 1925	$2,895,401
Year ended June 30th, 1926	3,104,496
Year ended June 30th, 1927	3,383,808

Based upon earnings for nine months ended March 31st, 1928, reported by Messrs. Price, Waterhouse & Company, it is estimated that combined net earnings for the completed twelve months ended June 30th, 1928, after all prior charges, including depreciation and available for dividends on the stock and shares proposed to be acquired by British Columbia Power Corporation, Limited, will be $2,000,000.

It is confidently expected that the earnings of the Company will continue to show substantial growth, and, based on developments now under way it is conservatively estimated that corresponding combined net earnings for the fiscal year ending June 30th, 1929, will substatially exceed those of the current fiscal year.

TERRITORY SERVED: The territory served embraces an area of over 1,500 square miles with a population of over 375,000. Vancouver is the fourth largest city in Canada, and with adjacent municipalities, has experienced consistent and rapid growth. The city is the financial, commercial and distributing center for the Province of British Columbia, and is one of the most important seaports on the Pacific Coast. As a result, the city and the surrounding area—known as Greater Vancouver—is regarded as one of the most prosperous communities in Canada. The development of Western Canada has an important bearing upon the growth of Vancouver as an ocean port. The city has direct steamship connection with Australia, New Zealand and the Orient, and, since the completion of the Panama Canal, Vancouver has developed communications of growing importance with New York and other Atlantic ports of the Americas as well as with those of Europe and Africa.

WORKING CAPITAL: Through the issue of Class "A" and Class "B" shares the Company provides for the acquisition of the Preferred Ordinary Stock and Deferred Ordinary Stock and shares of British Columbia Electric Railway Company, Limited, and in part for other corporate purposes. After providing funds sufficient to pay for the balance of the above mentioned stocks and shares outstanding, if acquired, there will remain in the treasury of British Columbia Power Corporaton Limited, cash in excess of $2,500,000. In addition, as at March 31st, 1928, working capital of British Columbia Electric Railway Company, Limited, and subsidiary companies was in excess of $4,000,000.

MANAGEMENT AND DIRECTORATE: The Management of the undertaking will remain unchanged and upon completion of organization the Directorate will include George Kidd, President, Vancouver; W. G. Murrin, Vice-President, Vancouver; A. T. Goward, Vice-President, Victoria; Sir Frank S. Barnard, K.C.M.G., Victoria; W. J. Blake Wilson, Vancouver; John Davidson, London, England; Sir Herbert S. Holt, Montreal; Lord Rothermere, London, England; A. J. Nesbitt, Montreal; Andrew P. Holt, Montreal and London, England; J. H. Gundy, Toronto; J. B. Woodyatt, Montreal, and S. Godin, Jr., Montreal.

We offer these shares, subject to prior sale and change in price, for delivery if, as and when issued and accepted by us and subject to the approval of counsel.

Price: $60.00 per share

*With bonus of one share of Class "B" stock with each four shares of Class "A" stock. Fractional shares of Class "B" stock will be adjusted at the rate of $20.00 per share.

2 DEATHS

SHOTTON—On May 18, at the Royal Jubilee Hospital, Benjamin Shotton, aged fifty-six years; born in Shropshire, England, and a resident of this city for the past twelve years and six months, late residence, 114 Ontario Street. The late Mr. Shotton is survived by his widow and eight children, at home, also three sisters and four brothers, and he was a member of the Victoria Riggers and Stevedores.

The funeral will take place this afternoon, May 23, at 2:30 o'clock, from the Sands Funeral Chapel. Rev. Thomas Keyworth will officiate and the remains will be laid to rest at the Royal Oak Burial Park.

4 CARD OF THANKS

The family of the late Miss Annie Holyoake, of 536 Niagara Street, wish to express their gratitude to the many friends for the kind words of condolence and for the many beautiful flowers sent during their recent sad bereavement in the loss of a loving daughter and sister.

40H NURSERY STOCK, PLANTS, ETC.

HEADQUARTERS FOR RELIABLE NURSERY STOCK
FRUIT AND ORNAMENTAL

WHILE it is now rather late for planting Fruit Trees and Deciduous Ornamentals, this is the best time for the planting of Conifers, such as Cedrus Deodora and Libeni, English and Irish Yews, Junipers, Cryptomerias, Retinosporas, etc., etc., and all the Broad-leaved Evergreens, such as Rhododendrons and Azaleas, Hollies, Laurels, Veronicas and many others.

These are shipped with a solid ball of soil adhering to the roots, and at this time when they are just starting to grow the root growth is most active, and they take most kindly to new surroundings if looked after when transplanted.

Come out to the Nursery on Winkinson Road and make your own selection from the growing stock. Ask for free catalogue.

20% ALREADY ACTUALLY EARNED BY B.C. AIRWAYS

OUR Alexander Eaglerock, bearing its full share of general expenses and its own particular operation expenses, including depreciation of 100% p.a. on the engine and 50% on the plane, has been flown at a profit of over 20%. Operations were commenced in the Winter and continued under adverse flying conditions. The major expenses that the Stout 14-passenger machine will have to support will be precisely the same as the two-passenger Eaglerock, the only additional cost being that of the gasoline and oil. With its extra accommodation its earning powers are AT LEAST FIVE TIMES AS GREAT. We are assured of the patronage between Victoria, Vancouver and Seattle, or ourselves would not have contemplated the service, and as the demand grows additional machines will be put on, lowering the pro rata cost.

Stock in older companies is practically unobtainable, and opportunities for securing shares at par in the B.C. Airways soon will be past also.

Application for shares may be made through your broker or direct to the Registered Office of the Company.

10,000 Shares (Partly Subscribed)
Par Value $10.00

No Debentures. No Promoters' Shares. No Deferred Stock.

WHY HESITATE!—Again we have some real good values in the Used Car Department. Come in or phone for a demonstration.

THIS WEEK'S BEST BUY

ESSEX SEDAN, 1928—This car is only a little over two months old. Mileage 1,100. Everything is as new, with the usual guarantee. Grasp this opportunity, saving over $200. Price $1095

OVERLAND SEDAN, 1926—We shall paint this little car to suit the buyer. It has four tires practically new, upholstery is in good condition, motor in perfect order. Just having been tuned up. Price $625

PAIGE SEDAN 7-PASS., 1927—This car has been thoroughly gone over, valves reground. A good chance for someone who is looking for a big car. Cost originally $3,365, nine months ago. Price $2150

DODGE SEDAN, 1926—See this one and ride in it. Has been privately owned. An opportunity to pick up one of these good cars. Price $895

DODGE TOURING, 1924—Refinished in dark blue, mechanically perfect, tires in fair shape, ready for many thousands miles' service. Price $475

PAIGE COUPE, 1925—This car has been privately owned, but very little used, only travelled 3,500 miles. One has really got to see and ride in this car, get next to it to appreciate what wonderful value it is. Price $1300

In our Used Car Department we have some real good buys in the cheaper cars, such as Overland Roadster, $75. This car is in fair shape and would suit some for running back and forward to work. Also Fords, Dodges and Studebakers, etc.

EVE BROTHERS, LTD.

GOODLAKE & WEBB

CHEAP ACREAGE

EIGHT-MILE CIRCLE from City Hall, near two lakes, one Pixie Lake, which is let to a fishing club, and one Fork Lake, which has many Summer houses on its shores.

ONE HUNDRED AND SIXTY ACRES

About 7 acres has been cleared and the balance has a large amount of timber suitable for cordwood, etc. Also a two-story house, which a little expense would make into a comfortable home. Very light taxes. Very healthy, high location. The property can be approached by two roads. In a year or two the cordwood should bring in twice as much as the price now asked for the whole. Only $13 per acre.

THE CHEAPEST YET OFFERED

JAMES BAY. Splendid location, one block from park and seafront. A good eight-roomed semi-bungalow, corner location. Garage. Present tenant paying $35 per month. The greatest bargain, only

$2650

WE WRITE ALL CLASSES OF INSURANCE, INCLUDING LIFE

OAK BAY

WE SPECIALIZE IN OAK BAY

A SURVEY OF THIS DESIRABLE DIStrict has given us complete listings, and we are in a position to place before purchasers all Oak Bay houses that are at present on the market. This naturally saves much time to intending purchasers. A VERY CHOICE AND COMPREHENSIVE SELECTION of five and six-room bungalows at prices ranging from $4,500 upwards.

We recommend the following:

SEVEN ROOMS, NEWLY DECORATED, papered, and generally in first-class condition, on one of Oak Bay's most select streets. Lot 55 x 120, with oak trees and shady back garden. House consists of large drawing and dining-rooms, pass pantry and kitchen on the first floor, and there are three large and one small bedroom on the second floor. The built-in features are complete, and include sideboard, dressing tables, and plate glass mirror in the cupboard. All rooms are light and airy, good basement with hot air furnace. Price of $6,000 is most attractive.

FIVE - ROOMED FULLY MODERN stucco bungalow, with hardwood floors and hot air furnace. This house has just been completed, and is especially well built. Drawing-room specially attractive and all the rooms are large. Price $6000

WE ALSO OFFER A WELL BUILT SIX-room bungalow, with hardwood floors and hot air heating $5000

EXPERT SAYS WELL IS SURE

FLATHEAD OIL PROPERTY, IN WHICH THERE IS LOCAL INVESTMENT, IS SUCCESS

About $75,000 Has Been Spent to Date, With Good Equipment Installed

"You have an oil well right now," said Mr. W. M. Cassady, field manager of the British Columbia Oil & Coal Development Company, Limited, in an address on Monday before the shareholders of the company resident here. Mr. Cassady was in Seattle on business, and advantage was taken of his presence there to have him come on to Victoria and tell the shareholders the exact situation.

"If they had the same showing in other places," continued Mr. Cassady, "they would start half a dozen companies."

The field manager, who has come direct from the workings in the Flathead country in the southeastern part of the province, gave the information that the well was now down 1,000 feet. There was oil, gas and water present, and at times the pressure was such that it bubbled over the top of the well.

He told the audience of the opinion of the expert, Mr. Ralph Arnold, who has made an inspection, and who expressed the opinion that there was every assurance that an oil well would result, because from the pressure that was manifest there was no question as to the oil being in place on the higher levels of the formation.

Mr. McKnight, another expert, who visited the ground, had stated that they were absolutely sure of getting an oil well.

Before the gas appeared in the well they were getting from three to six barrels a day of oil.

Mr. Cassady explained that there had been some delay owing to the fact that the roads were in a deplorable condition for a time, and it was impossible to get the casings in for the well. Now everything was going well again.

The delay, however, had made it impossible to expect the striking of oil as soon as was at first expected. Mr. Arnold had expected that oil would be reached in quantity at about 2,000 feet. Mr. Cassady said that his own opinion was that it would not be before perhaps 3,000 feet was reached.

Asked as to what quantity of oil being produced would warrant the placing of the well on a producing basis, Mr. Cassady said that a 100-barrel-a-day production would, in the opinion of Mr. Arnold, warrant the carrying of a pipe line to the railway. This could be reached by a pipe fourteen miles long.

As showing the faith that practical men had in the area, the fact was given that Mr. F. C. Ferdig, a practical operator, had turned down offers in Turner Valley and came in on a forty-acre lease, which was as large a one as the company would give him in their holdings. This was taken on a fifteen per cent basis and he would sink on this area with two wells.

There had been about $75,000 spent on the work so far, but the company had an equipment that was second to none and was the best made. The rig represented about $45,000.

The meeting was presided over by Mr. W. T. Williams, fiscal agent of the company, and was held in the Orange Hall. There was a large attendance of shareholders of the company. Following the explanation of Mr. Cassady, a free discussion took place relative to the situation. It was pointed out that Montana interests were anxious to take up the remaining stock in the company, and the advice was offered that if they hoped to hold the control here in the province the remaining stock offered for sale should be taken here.

Montreal Stock Letter

(Supplied by B.C. Bond Corpn., Ltd.)

MONTREAL, May 22.—The reactionary trend in the stock list made further headway in Tuesday's trading, with some of the more volatile of the newsprint group like Wayagamack, Portaifred and Price Bros., showing the sharpest losses, but Abitibi and Canada Power and Paper had proportionately sharp recoveries. Such power leaders as Shawinigan and Quebec Power, which had been incessantly bulled and tipped for higher prices also paid the penalty for the speculative excesses in that quarter. Some of the bull pools organized by groups of the newly rich crowd of speculators, who have been swarming in the market, were having a hard time of it, but some were able to stand by their guns and rally prices somewhat before the close. The conservative banking element has been seeking to save the market from more serious trouble, and has been putting on the screws by calling loans. It is said to have no desire to bring about a serious disruption in values, but once a move of the kind gets going rapidly, it is not easy to check it without some extremes in the other side. It is not believed, however, that the break will be more than a correctional one, although it will doubtless be more severe in the final analysis than any of its predecessors. The main underlying cause of the present trouble is the inability of the brokers to secure funds for further purchases, which entails selling in one quarter of purchases made in another. This has an undermining effect, which gradually spreads, but the sentimental effect of banking objections to further bullish excesses kills off a large section of the buying power. This has been aggravated by the weakness in the paper group, as the unsatisfactory situation sinks into the mind of those interested in that group. In addition to the existing overproduction are the defections of some companies from the central selling scheme to stabilize prices, thus creating an offer-all in the industry. The fact that some companies are being hit is no barrier to the new financing planned by other companies. The future remains uncertain as to the trend of prices.

Chicago Grain

(Supplied by B.C. Bond Corpn., Ltd.)

CHICAGO, May 22.—Wheat: Yesterday's letter suggested that India's crop was officially reduced to 12,000,000 less than last year. This reduction applies to the Punjab crop only, and not to the entire Indian crop.

Corn—A large proportion of current receipts is again coming from other terminals, probably for mixing purposes, and the cash market is strong. Warehouse interests are losing such color corn as is in circulation on May deliveries and industries are making inroads on the mixed corn. Primary receipts are again below shipments, with Kansas City and Chicago apparently enjoying the best demand. Local traders have taken more corn than anticipated and 112 was paid for feeder corn at Fairfield, Ill. While some local trade continues bearish, the demand for cash corn will, we believe, more than offset selling of this character.

Wheat—With temperatures in Saskatchewan averaging ninety yesterday, and moisture somewhat lacking, the market showed firmness. Some parts of Montana and South Dakota are said to be too dry for best prospects. There is apprehension, but as yet no damage. However, speculation is an attempt to forecast, and not simply a registration of certainties.

Northwest millers say Spring wheat acreage compares favorably with other years. No speculation, but cash demand is responsible for fluctuation in premiums, and, when premiums on soft wheat dropped ten cents recently in one day, the futures markets were certainly not rightly held responsible.

Unseasonable weather throughout Europe is exerting a firmer influence. There is also restricted competition due to the spread of the Argentine port strike, and the principal holder, the Canadian pool, is not offering.

Foreigners very apparently do not like the outlook, and are to be depended upon to use every trick in the bag to get their needed supplies as cheaply as possible.

Whitney Letter

(Supplied by Branson, Brown & Co., Ltd.)

NEW YORK, May 22.—Whitney, of the Wall Street Financial Bureau, says today:

"Having encountered a clearly defined resistance level despite the appearance of the market in the final hour, the prospect for the day is for a fairly substantial rebound which will go far to dissipate the impressions created by yesterday's decline. Do not believe that we are faced with any so-called drastic reaction, although it has become rather apparent that the period of irregularity or even irregular reaction is to consummate more time than originally calculated, even though the extent is no greater than originally indicated.

"Undoubtedly we are entering another period when the amount of general market buoyancy will be decidedly less than it has been for the six months, which means that profits will not be gathered as easily as they have been in that period of time. In the present type of market, during such periods, individual issues stand pretty much on their own merits, and we have one of those periods where in general market action means little or nothing, so far as individual price movement is concerned, which means that any general statements which are made concerning the market must be qualified with so many exceptions as to render the general statement practically worthless. Do not believe that this is the time to indulge in general selling, simply a time when buying commitments should be made only during periods of reaction, and when indulged in, only in issues of demonstrated worth."

STOCK OPINIONS

J. S. Bache—More attractive repurchasing levels are likely to be evident later in the week.

Hornblower & Weeks—We think that further irregularity is not out of the picture. Metal issues should do better, as they follow a better class of speculation in the coppers and oils.

Letters to the Editor

No letter to the Editor will be inserted except over the proper signature and address of the writer. This rule admits of no exceptions.

EMPIRE SHOPPING WEEK

Sir,—From a communication in The Times the British Women's Patriotic League is delighted to hear of the magnificent scale in which Empire Shopping Week has been celebrated in Canada during 1928 under the auspices of the Chambers of Commerce. With the Prince of Wales as patron of this important movement, the scheme, which the league has so deeply at heart, is bound to be a success.

In the Old Country an inaccurate statement has been widely circulated that this was "the first Canadian Shopping Week." As a result members of the league everywhere feel that the origin of Empire Shopping Week in Canada would be of general interest and that it would be a pity if the history of the movement were misunderstood.

The educational scheme for showing Empire goods in the shop windows one week annually was inaugurated by a women's society—the British Women's Patriotic League—as long ago as 1922. In that year a small beginning was made by the initiative of Mrs. Alfred Heather, of Kitchener (a vice-president of the league), who secured excellent displays in all the windows of Timothy Eaton's stores in Toronto and Winnipeg and an illustrated Empire catalogue was distributed all over Canada.

During 1925 Lady Cowan, chairman, and Miss Dorothy Pilley, honorary organizing secretary, made a Canadian tour where they advocated Empire shopping week and learnt that Canadians were sympathetic but rightly desired regional products first, Dominion products second and Empire products third, always remembering to give preference to Empire goods over foreign goods. Encouraged by this result meetings were addressed by Lady Cowan and Miss Pilley throughout the Dominion, urging the formation of committees to carry out the extensive work of Empire shopping week which would secure such a splendid advertisement of Canadian and Empire goods. The Imperial Order of the Daughters of the Empire, the Local Council of Women, the Women's Institutes, the Canadian Women's Club and many other societies showed great interest, some actually running the scheme. The press gave active support and articles were published in most of the leading papers. During 1926 Miss Pilley contributed her propaganda work and in 1927 Lady Cowan returned to Canada to consolidate the movement. As a result Canada has carried out, particularly in the West, two successful Empire shopping weeks. The women who at first were apathetic have gradually had their curiosity roused and their support has been secured so that at the present time a powerful movement has been able to flourish.

Surely these facts substantiate the claim the Empire shopping week is already a well-known and popular movement in Canada, and that the 1928 demonstration is not "the first week of that kind in the Dominion," but a fine development of a vital campaign for the expansion of inter-Empire trade.

WINIFRED COWAN,
D. E. PILLEY.

British Women's Patriotic League, 92 Victoria Street, London S.W.1, May 3, 1928.

BIBLE CRITICISM AND SCIENCE

Sir,—This prolonged discussion has to accentuate the inflexible dogmatism of both the chief contributors. Indeed, if you were to offer a prize for "cocksureness" I think Mr. Sanders would very probably win it. For in the bright light of his scientific knowledge he condemns to intellectual damnation all other creeds—religious, philosophical or metaphysical. This is admirable, as is also the firm, unbending front of his opponent. Is not wholehearted and sincere championship of what we believe to be true to be admired? But other correspondents have lately introduced into the controversy a note of sweet reasonableness, one of them in the form of a parable, conceives of an Infinite Intelligence, unhindered by the partial judgments of human opinion, capable of creating and directing harmoniously an ordered universe. That such a thing may not entirely confirm the dogmas of fundamentalism or modern science is a fair hypothesis. Modern theologians are abandoning the literal interpretation of parts of the Bible which, in the light of some modern conceptions of truth, religious and scientific, seem to be obsolete. Perhaps they think that the story of the Flood is poor material on which to base a religion of Divine love, even if it is written on twenty pyramids. Mr. Sanders, on the other hand, if I do not misunderstand him, repudiates all belief in any kind of supernatural power whatever.

To him science is all and offers all that is available for man's well being; at all events, all he can get in this life, just the "pleasing, anxious being" of a poet's fancy, and an entire freedom from apprehension or hope about the future state, because there isn't one.

Now, sir, I also will venture a dogmatic statement, viz., that material science is essentially nonmoral and does not supply the vital ethical laws that are the basis of social existence. Laws are often imperfect themselves, but are at least pointing the way to progress. At some stage in his history man first became conscious of intellectual curiosity and of the need of social co-operation. These ideas may have originated in the dim ages of a past, beyond even the ken of science, or in the comparatively modern times and environment of Eden. But these ideas exist today and are as vital as material science itself, growing and changing with the ages. Many people, not positively fools, perceive in the slow growth of religious ideas and ethical philosophies clear evidence of an inspiration that will some day reveal man as of divine origins and capacities. The wonders of modern science may be used as agents of good or evil, to succor or destroy. They cannot define right or wrong, which many people hold to be a divine prerogative.

I will now cite what I consider an excellent example of this nonmoral nature of science. The vivisection of animals is permitted by law, on expert scientific advice, as a useful method of medical research, although on the point of its usefulness experts do not entirely agree. The answer of the whole-hearted anti-vivisector is this: That if an act is morally wrong the fact that it is, has been, or may become, useful fails to justify it. Mr. G. B. Shaw, a staunch anti-vivisectionist, has pointed out this obvious moral law which he illustrates as follows: He first states the simple fact that money is a supremely desirable possession, but that it does not justify burglary in order to get it, so also scientific knowledge, however desirable, does not justify a scientist in search of it, in baking his grandmother.

Exactly on this moral principle scientists are by no means justified in baking or otherwise torturing dogs and cats. Scientists have available ample means of legitimate and fruitful research without practising vivisection. To attempt to draw a distinction between the morality of cruelty, whether perpetrated on elderly ladies (in possibly useful experiments) or the same wickedness done to our dumb friends (on probably useless research) reveals a mentality all too common, even among clergymen, a mentality capable of respecting virtue as a convention and convenience, but not as a sacred and permanent principle. Indeed, the Christian churches are singularly indifferent to the moral of this practice of vivisection, being far more concerned to make peace with the modern fashion in the formulas of material science than to uphold or even consider ideals of humanity and justice—mere sacred principles—ideas in advance of their conventional standards.

In his last extremely interesting letter Mr. Sanders sketches the scientific views of the nature of the universe and indicates the latest theories of evolution with remarkable clearness. To accept these theories as the Alpha and Omega of all truth, theories which are obviously liable to modification as science marches on, is too great a strain on my capacity for credulity. But even so, science seems to encourage the hope of establishing the fact of the omnipotence of mind in some form as the full scope of evolutionary ideas come to light, thus helping the theologians or metaphysicians to formulate an intellectually honest creed.

In conclusion, I cannot refrain from remarking on the courageous loyalty to the battered cause of rigid fundamentalism, and each other, of your three military correspondents. I would hardly dare to do this, if I were still in the army, for fear that I committed a breach of discipline, because they are colonels while I was but a humble corporal.

H. EAGER.

R.M.D. No. 1, Rocky Point, B.C., May 19, 1928.

MONTREAL PRODUCE

MONTREAL, May 22.—Cheese, steady; eggs, unchanged, and butter firm.

Cheese—Westerns, 19; easterns, 18 3-4.

Butter—No. 1 Pasteurized, 34 1-4 to 34 1-2.

Eggs—Fresh extras, 38; firsts, 34.

Among the settlers who arrived in the Union of South Africa under auspices of the 1820 Memorial Settlers' Association were five unmarried women, one of whom is to be a doctor and three others are to raise fruit and poultry.

And the pistols' red glare
Bombs bursting in air
Give proof through the night
That Chicago's still there.
—Brooklyn Eagle.

Salient Points of the Play

Trick 2. Declarer plans to play for the establishment of Dummy's Diamonds to obtain the discard of a Spade rather than have Dummy ruff two losing Spades. Should this ruffing be attempted, Declarer would be embarrassed in a later effort to exhaust trumps, especially if those outstanding were found to be unfavorably distributed.

Trick 3. North ducks, finessing against the Jack.

Trick 6. East trumps to prevent a discard by Declarer.

Trick 8. A Diamond trick is established in Dummy, upon which Declarer's losing Spade is subsequently discarded.

DIPLOMAT ON BOARD RUSSIA

GOVERNOR OF HONG KONG IS PASSENGER ON INBOUND C.P.R. LINER

Sir Cecil Clementi on Way to England—Vessel Due Here on Sunday Morning

Sir Cecil Clementi, K.C.M.G., Governor of Hong King, a British diplomat with a long record of service throughout the Empire, will be one of many distinguished travelers to arrive from the Orient on the Canadian Pacific liner Empress of Russia next Sunday.

The Russia will disembark 952 passengers in Victoria and Vancouver, of which 175 are in the first class, ninety-two second, forty-four third and 642 steerage.

The Governor of Hong Kong, who is accompanied by Lady Clementi and their four children, is proceeding to England on leave and will leave Vancouver on Canadian Pacific train No. 2 on Sunday night for the Atlantic seaboard.

Sir Cecil's appointment to the Hong Kong post was preceded by valuable service in other parts of China. He took part in the famine relief work in Kwangsi Province in 1903, attended the International Opium Conference in Shanghai as a delegate, and in 1911-12 was acting Colonial Secretary and member of the executive and legislative councils at Hong Kong.

Apart from his work in China, Sir Cecil also administered the Government of British Guiana in 1916, 1917, 1919 and 1921, and the Government of Ceylon in 1922, 1923 and 1925. Sir Cecil is a Knight Commander of St. Michael and St. George, and a Fellow of the Royal Geographical Society.

Another prominent passenger on the Russia is Lieutenant-Colonel Sir Victor MacKenzie, commanding the Second Battalion, Royal Scots Guards, in Hong Kong, who is going to England on leave. He is proceeding direct to Quebec, where he will board the Melita for the Old Country on June 1.

Other passengers in the first cabin list who are traveling from Hong Kong to Europe, include Colonel D. A. Cameron, son of Sir Hector Clare Cameron, an octogenarian knight of Glasgow, Scotland; W. D. Barron, prominent official of the Federated Malay States, and his wife; T. E. Pearce and George Potts, representatives in China of British business firms.

The Empress of Russia, with Commander A. J. Hosken, R.N.R., on the bridge, is scheduled to dock in here early Sunday morning.

CANADIAN PACIFIC RAILWAY COMPANY

Transcontinental and local trains.

The "Trans-Canada, Limited" (through Vancouver-Montreal) train leaves Vancouver at 6:30 p.m. daily.

The "Imperial" leaves Vancouver at 9 p.m. daily, also carrying through standard sleeper to Chicago via Minneapolis and St. Paul.

The "Toronto Express" leaves Vancouver at 9 a.m. daily.

The "Coast-Kootenay Express" leaves Vancouver at 7:20 p.m. daily.

The time used is Pacific Standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the tables, the tides rise or fall continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, measured from the average level of lower low water.

Esquimalt—To find the depth of water on the sill of the drydock at any time, add thirty feet to the height of high water as given above.

Seven Seas Are Traversed in Cruise

"WE passed in luxurious comfort, free from any care or irritating responsibility and absolutely without one disturbing incident from continent to continent," stated Lady Williams-Taylor, on her return from a world cruise on board the Canadian Pacific liner, the Empress of Australia, during which tour five continents, twenty-one countries and twenty-six ports were visited and seven seas traversed.

"With sheltered ease," continued Lady Taylor, "we had unfolded to us the soul-penetrating magnificence and the somewhat repellant fanatical conditions of India and distraught yet ever thrillingly interesting China. We steamed up and down the dangerous Pearl River, and saw first-hand the devastation of Canton. Mysterious Java and almost untouched Sumatra held us spellbound. Singapore and its ever-growing docks amazed us, and lovely Ceylon enchanted us. But Hawaii wound itself about our hearts and, to its haunting 'Aloha Oe,' we saw it fade away through regretful tears. Not only are the islands fascinating, but the Royal Hawaiian Hotel would tempt any traveler to return.

"After such a wonder tour of 133 days," concluded Lady Taylor, "we 'Lotus-Eating Tourists' have once again to face the realities of ordinary existence without the untiring supervision and perfect organization of the mighty and far-reaching Canadian Pacific Railway and Steamship's protection and care of us. It was, indeed, with hearts full of gratitude and appreciation for our splendid captain, his staff, and for the constant and devoted attention of the cruise directors, that we finally bade farewell to our floating home, the Empress of Australia."

Ocean and Coastwise Movements

VESSEL MOVEMENTS

PORTLAND, May 22.—Arrived: Munaire, Baltimore; Hamlin F. McCormick, Los Angeles via San Francisco; Maine, New York. Sailed: Oneida, New York via Grays Harbor; Admiral Peoples, San Diego, and way points; Munaire, Jacksonville; Silverado, San Francisco; Atlantic City, Ammisham; Phyllis, Los Angeles.

C.P.R. steamer Princess Alice, May 9 from Victoria.

C.N.S. steamer for Anyox and Ketchikan from Vancouver, Mondays, 8 p.m.

Gulf Islands Service
(Effective May 7)

Island Princess leaves Victoria at 7:15 a.m. on Monday, and 8 a.m. on Wednesdays, Thursdays and Saturdays.

EFFORT TO CHECK ROLLING AT SEA

Rio Dismante Is Novelty in Design, and Beats Records for Speed and Fuel Consumption

MONTREAL, May 22. — The steamer Rio Dismante, which is now in port here, is an innovation in steamships. The vessel is a novelty in that she does not have straight sides, but is curved in and out like a sheet of corrugated iron. There are two and a half of the curves, each rising to a height of twenty-one inches, running the whole length of the ship like blisters.

She was designed by Mr. M. Huntley, of West Hartlepool, Eng., and according to the master, Capt. J. Hocking, she beat all records for speed and coal consumption on the voyage across, doing an average of 11.53 knots, and only consuming about 300 tons of coal for the journey. The voyage from West Hartlepool, on the east coast of England, occupied only ten days. It is claimed that there is less rolling and pitching to such a ship than there is to one of ordinary design.

Skipper Burned Following Explosion

PRINCE RUPERT, May 22.—Fire on the Japanese fishing boat T. N. followed an explosion as the boat was taking oil here today. Skipper Tanada was severely burned. He was forced to jump overboard, and is now in hospital. The boat was saved.

Yachts Unreported

NEW YORK, May 22.—Three yachts of a fleet of eight which left Halifax for New York a week ago were unreported today.

Carrying crews of three to five men each, five of the yachts left Halifax a week ago, and the remaining three followed last Wednesday.

SUCCESSFUL YEAR BROUGHT TO CLOSE

Victoria School of Expression Gives Programme—Principal Recites Recent Festival Successes

The Victoria School of Expression gave its last studio recital of the season, when a very appreciative audience of parents and friends of the students evidently enjoyed the entertainment provided.

During the course of the evening Mrs. Wilfrid Ord, L.T.C.L., the principal, gave a resume of the season's work and activities. The successes won were quite a foridable list; at the Victoria Musical Festival two cups, seven medals and twenty-three certificates for second and third place or honorable mention. The other medals were won in other competitions and a certificate at the B.C. Musical Festival. Eight entertainments were given during the year and in addition two plays were produced, "The Christmas Carol" and two performances of "As You Like It." The proceeds of the latter were for the New Cathedral Building Fund, and the sum of $130 had been handed in as the School's contribution towards the Children's Corner.

The programme revealed a noticeable amount of progress all round, particularly among some of the newest students. Recitations were given by Barbara Clowes and Margaret Griffiths, who gave a beautiful rendering of "Mystery." Raymond Rose's offering, "Old Peter," proved so popular that he had to repeat it, as also did Clarence Kirchen his rendering of the song, "Have You Seen a White Lily Grow?" Noel Johnson and Elvira Grey sang a duet, "Good Morning, Brother Sunshine," and Betty Stoddart gave a charming rendering of "Fairies." Mollie Graham's sweet voice was heard to advantage in her song, "Blue Is the Flow'ret," and Lucy Shaw gave a charming rendering of "The Wind Dancer," one of the test pieces in the elocution class, for which she won the second place. Dorothy Bishop sang very pleasingly in "Linden Lea," as also did May Lewis in "The Lass With a Delicate Air," both of these students having won second place in the under nineteen class in the Festival with these songs. Clemency Ord, the winner of the under ten Elocution medal and the Junior Elocution Cup, recited in very winsome fashion, as did Pauline Harvard in her contribution, "The Story of Pippa." Evelyn Valiant and Mollie Graham gave the piece with which they won the under nineteen duet, Rubinstein's "Angel," evincing very careful training. Jack Stokes, Isabelle Thompson, Ruth Hayman and Arabella Hayne also recited, the latter giving an exquisite rendering of "Trees" and a selection from "As You Like It," the test pieces in the under sixteen Elocution class, in which she won the silver medal. A quartette by Elvira Grey, Noel Johnson, Norman Clarke and Clarence Kirchen, in which Norman sang the solo, showed very marked progress in the young singers. Catherine Craig, who won the silver medal in the girls' vocal solo under sixteen, and the Victoria School of Expression Cup, sang the test piece, "Fairy Pipers" delightfully, and also contributed the poem in which she gained second place in Vancouver. The school choir sang two numbers, "Pluck Ye Roses" and "Gypsies." Mr. J. T. Flitchcroft, F.T.C.L., presided at the piano in most efficient manner.

As the result of a fall off a carpet on an amusement device called "Over the Falls," at the Peterboro, England, fair, Mrs. Irene Dixon died recently.

Change of time on E. & N. Ry.—May 23, trains depart 9:15 a.m. and 5 p.m.

Loaned to Canada by British Government

Canada's Navy was reinforced recently by the arrival at Halifax of the destroyer Champlain, formerly the Torbay, which has been loaned to the Dominion by the British Government pending the completion of the two new Canadian destroyers, Patriot and Patrician.

NOME HARBOR IS FREE FROM ICE, PATROL LEARNS

SEATTLE, May 22.—Nome's roadstead is free of ice and ships from Seattle will have no difficulty in landing passengers and freight, according to a message received in Seattle today by the United States Coastguard from the Seward Peninsula mining town. The ice fetters that have locked Nome harbor since last Fall left the Nome beach at 11 o'clock Saturday morning. The floes were five miles off shore and moving rapidly to the westward, the message said. Ice is out along the Alaska Coast from Solomon Bay to Cape Prince of Wales.

The Arctic Transport Company, which operates the motorships Sierra and Donaldson in the Bering Sea trade, received a message from Nome saying that the ice was leaving shore from Cape Nome to Cape Rodney. A message from Egavik, Norton Sound, said the ice was out there and there were long stretches of clear water extending to Golovin Bay.

The first vessel to leave Seattle this year for Nome, the Donaldson, sailed last Wednesday. The Sierr, now loading at the Bell Street Terminal for Nome, will sail late tomorrow. The vessel will have 1,600 tons of freight, including a new dredge for the Osborne Mining Company, which operates in the Nome district.

THREE GUN CREWS ARE TO COMPETE

Vancouver, Mission and Victoria Machine Gunners in Shield Competition on May 24

For the first time since the inception of the competition some three years ago, three teams will be seen in action at the Armories on the afternoon of May 24 in the annual machine gun competition for the Maytime Celebration Shield. In addition to Vancouver and Victoria, Mission will be represented this year.

In previous years the event has been carried out at the Willows, but this year it will be held in the spacious Bay Street Armories at 3 o'clock. The public are invited to attend the event.

Three first class teams, secured through a process of elimination, will be seen in action for the shield, which is at present held by No. 1 Company of Victoria.

The companies participating and their commanding officers are as follows:

No. 1 Company, Victoria, Captain W. A. R. Hadley.

No. 2 Company, Vancouver, Major Francis Layton.

No. 3 Company, Mission, Captain Noble.

U.S. Sends Note To Government of Nationalist China

WASHINGTON, May 22.—The United States has presented a note to the Nationalist Government in China requesting that the slayer of Dr. Walter F. Seymour, American Presbyterian missionary at Tsinan, Shantung, who was killed April 16, be arrested and executed.

In addition to the punishment of the slayer, the American Government requested that the officials who failed to apprehend and punish the man responnsible for the "inhuman and uncivilized act" at Tsinan be arrested and severely punished. The right was reserved to present further requests especially for appropriate indemnities.

Japanese Scientist Becomes Victim of Medical Research

NEW YORK, May 22.—An expedition into Africa in an attempt to discover the relations between South America and African yellow fever, resulted in the death yesterday of Dr. Hydoyoe Noguchi, of the Rockefeller Institute for medical research, the institute was advised.

Dr. Noguchi, discoverer of the source of South American yellow fever in 1916, died at Accra, West Africa. Recently he wrote to New York friends that he had been stricken with African yellow fever and had been in an African hospital from December 28, 1927, to January 9, this year.

He said his own was the first case of the disease to come under his observation and that from his bed he had directed the innoculation of a monkey with some of his own infected blood. The animal died twelve days later, and additional experiments, the letter said, disclosed the micro organism responsible for the disease.

Dr. Noguchi was born in Japan fifty-one years ago. He studied at the Tokio Medical College, and in 1900 came to America and joined the pathological staff of the University of Pennsylvania, under Dr. Simon Flexner.

VEENDAM SETTLES AFTER RAMMING

Holland - Amerika Liner Is Reported in No Danger of Capsizing

HOBOKEN, N.J., May 22.—The Veendam, Holland-Amerika liner, rammed by the Porto Rico on Saturday in a dense fog, settled yesterday into the mud on the bottom of the Hudson River at her pier at Fifth Street.

The Veendam settled slowly and on an even keel, waterfront men declaring there was no danger that the liner would capsize, but that it would be difficult to raise her again.

Fifteen feet of water in the hold was blamed for the settling. The hole in the Veendam's bow made by the collision has been repaired, and pumps are sucking the water out. Tons of cargo are being removed, but much of the load of grain is ruined.

BIBLE STUDIES COURSE BEGINS

Series by Rev. W. Ellis, Principal of Vancouver Bible School, Is Conducted at R. E. Church

The series of Bible studies to be given in the Reformed Episcopal Church during this present week by Rev. W. Ellis, M.A., B.D., principal of the Vancouver Bible School, was commenced yesterday afternoon. Rev. A. deB. Owen, pastor of the church, opened the service with prayer.

Mr. Ellis conducted a similar course of lectures here last year. An appreciative audience gathered to give him a warm welcome.

The lecture for the afternoon, "The Holy Spirit—Perfect God," proved a fitting subject to precede a week's programme of deep spiritual study. In the evening Mr. Ellis spoke upon "Science and Scripture" and delivered a convincing address upon the supremacy and accuracy of the Bible, as the inspired word of God, to show that there was no conflict between true science and the Bible. Regarding evolution, Mr. Ellis quoted Darwin himself as saying in his "Life and Letters": "There are two or three million of species on earth, sufficient field, one might think, for observation. But it must be said today, that in spite of all the efforts of trained observers, not one change of species into another is on record." Huxley, Tyndall, Prof. Winchell, and other evolutionist authorities might be quoted to the same effect, he said. Some evolutionists like A. R. Wallace allow God to step in at various points. Haeckel is consistent in that he says, "If the Creator is admitted at any point, He must be admitted all along the way."

Sir William Dawson, of Montreal, the eminent geologist, said that the evolution doctrine "is one of the strangest phenomena of humanity, a system destitute of any shadow of proof."

Mr. Ellis is speaking every afternoon and evening of this week, and a hearty welcome will be given to all who care to come and join in these services of study and praise.

WEST COAST SERVICE

The Princess Maquinna leaves Victoria at 11 p.m. on the 1st, 11th and 21st of each month to Port Alice and way ports.

Your Baby and Mine

Every mother with a young baby has worrying problems. There is a correct answer for every one. Myrtle Meyer Eldred answers questions about babies and gives advice every day in the Vancouver Sun. The assurance of this valuable advice every day is in itself worth the small monthly subscription price of the Vancouver Sun.

ONTARIO WOMAN BENEFITED

Vegetable Compound Helps Run-Down Condition

Simcoe, Ont.—"For several years I have had a run-down feeling, caused from overwork. One day a neighbor came in. I told her all about what was wrong with me and she told me she had suffered the same as I had. She said the only medicine she tried was Lydia E. Pinkham's Vegetable Compound and she advised it to me. I sent to the drug store and got a bottle and now I am on the fourth one. Where before I was dizzy, tired and 'all in' in every way, now I can eat and enjoy my meals, am gaining in flesh and able to do more work. You may be sure that I will tell others who are suffering like I was."—MRS. GILBERT BALL, Box 103, R. R. No. 1, Simcoe, Ontario.
